N. Y. STOCKS

NEW YORK (AP)—A late rally by steels and motors kicked the stock market out of fluggish irregularity Tuesday and sent it ahead for a smart advance.

Pivotal issues advanced about three points or more. Leading stocks which persisted on the downside kept their losses within a point or so.

The market was higher at the opening but the pace soon slowed and within the first hour prices turned irregular.

Aircrafts, however, retained thoroughout the session the leadership they showed at the start.

The friendliness of the Suez talks lent early encouragement to international oil but their gains wilted greatly as reports of a "spy plot" from Cairo and of a military build-up counter-balanced the smiles of diplomats."

The day's turnover was 1,790,000 shares.

The Associated Press average of 60 stocks advanced $1.40 to $184.70.

International Nickel was ahead 2 to lead upside Canadian issues on the New York stock exchange. Aluminium Ltd. gained 1¾ and Canadian Pacific was ahead ¼. On the downside, Walker-Gooderham slipped ¾, Granby Mining was off ⅜, and Hudson Bay Mining and McIntyre were both off ⅛.

On the American exchange, Shawinigan lost 1¼ among Canadian issues. Preston East Dome was 3-16 and Molybdenite of Canada was down ⅛. Scurry Rainbow Oil was up ⅛. Wilrich Petroleums showed a gain of 1-16. Other Canadian oil issues lost minor fractions.

So many pleasant surprises...including the price tag

Quite frankly, you're going to find that the actual cost of a beautiful, expensive-looking Chrysler is far, far lower than you ever imagined.

Low enough, as a matter of fact, to change your mind rather quickly, if you have been thinking of buying any other car.

For among the pleasant surprises the Chrysler has for you are many built-in conveniences which are classified as "extra equipment" on most cars. For example, padded instrument panel, back-up lights and Chrysler's push-button PowerFlite automatic transmission are just a few of the additional conveniences which are standard equipment and, of course, *cost* you nothing extra when you purchase this superb motorcar.

Your Chrysler dealer is in an excellent position to put you into this great car. And you'll find it advantageous to see him *now*.
