REDISTRIBUTION BILL DEBATED IN COMMONS

See P.E.I. Opportunity Of Benefiting Under Wartime Housing Act

OTTAWA, June 6 —(Special)—Of the 26,805 homes built throughout Canada by Wartime Housing at a cost of $112,266,264, not a single dwelling has been erected in Prince Edward Island, it was revealed in a return tabled in the House of Commons yesterday. Wartime Housing built 2,285 houses in Nova Scotia, 451 in New Brunswick and the highest number 11,372 were built in the industrial centres of Ontario. The parliamentary return, tabled in reply to a series of questions on housing asked by D.M. Fleming, Progressive-Conservative member for Toronto-Eglinton, was compiled by the Department of Reconstruction and Supply.

In view of the fact that the Island has in no way benefited from the program of wartime housing, and indeed has through its taxes shared in the cost of the program, it is felt by P. E. I. members here that any request for housing from Charlottetown would meet with a sympathetic reception from Reconstruction Minister Howe. Wartime Housing has at present on hand ample material to build 300 complete houses of the type it has erected in all parts of the Dominion.

Local Opportunity

It is suggested that if a plea were made to Mr. Howe for the building of a colony of houses at Charlottetown, it might be accepted and a good start made while the building season is favorable. Either Charlottetown or the city in conjunction with the Provincial Government would be expected to provide a site for the houses and assume the cost of laying water and excavating for drainage, if the project was ratified.

This is held to be one solution of the Maple Hills dilemma now facing both provincial and municipal authorities. Other solutions are being discussed between responsible officers of both the Provincial and Federal Governments. Although houses built under the Wartime Housing plan are of wood construction and in only a few cases have basements, they have been generally satisfactory owing to their being well-insulated and compactly built.

Sealing Fishery

Fisheries Minister Bridges with the approval of the Dominion cabinet today approved two Norwegian sealing vessels, S.S. Polarbjorn and S.S. Busko be permitted to outfit at a Nova Scotia port and to make one voyage this year in the sealing fishery in the Atlantic. The Norwegian vessels are also authorized to land their cargoes of pelts and seal blubber at a Canadian port, and the regular customs duties and taxes will be remitted. Operations of the Norwegian ships are subject to the proviso that "sealing operations will be carried on in a manner that will not conflict with regulations of the gut of New Foundland for the protection of seal-fishing."

Concert From Church Tower Startles City

RED DEER, Alta., June 6—(CP)— Residents for blocks around were startled shortly after midnight Sunday when a wild call for "Chloe", rang out from the steeple of St. Luke's Anglican Church.

As the sounds died away an orchestra took up the refrain magnified by the full power of an electric chimes and loud speaker system newly-installed in the steeple and designed to play the chimes from records.

The recording, played by Spike Jones and his orchestra, blared out for several minutes before quiet again descended over the city.

Investigation revealed the unscheduled concert was provided by practical jokers who placed the record on the turntable and then vanished.

Believes Sam Carr Has Fled Canada

OTTAWA, June 6 — (CP) — Continued absence of Sam Carr from the scenes of Canada's espionage prosecution has led to speculation in high quarters here that he has fled Canada and that possibly he has headed for Russia.

Again in the current trial of Fred Rose in Montreal, Igor Gouzenko, former Russian Embassy cipher clerk, has identified Carr as a recruiting agent for a network of Russian agents in Canada.

The Crown has admitted in court that the former national organizer of the Labor-Progressive Party has been sought without success as a witness in other spy trials.

"I doubt," said one high official today, "that we ever see him again."

No warrant for Carr's arrest has been issued, but when a witness subpoena for him went unanswered another was handed his wife in Toronto and she was directed to forward it to him. There has been no response to this either.

CANADA MAKES HARMONICAS

OTTAWA, June 6—(CP)— Harmonicas labelled "Made in Canada" soon will be on sale in all parts of the world, the Trade Departments said today.

Before the war, Canadian mouth organ fans were dependent on the Hohner plant at Tressingen, Germany, for their favorite musical instrument, but hostilities ended production. Three Ontario plants, at Gananoque, Port Credit and Toronto seized the opportunity to start a new post-war industry and began to manufacture harmonicas.

Coming Events

**Movies at Borden to-night.

**See "Dora Dean" in Tryon Hall tonight. 6-7-1i.

**Wiltshire Players present "Dora Dean" in Tryon Hall, Friday, June 6th. 6-6-1i.

**Dance in Millvale School, Friday, June 7th, 1946. 6-6-2i.

**Unloading car of Barley, Thursday and Friday. Wiltshire Dairying Co. 6-6-2i.

**Come to the Glasgow Road concert in Harrington Hall tonight. 6-7-1i

**Dance, Orwell Hall, Wednesday night, June 12th. Millview Orchestra. 3-7-2i.

**Dance, New Perth, Monday night, June 10th. Burke's Orchestra. 6-7-1i.

**Dance at St. Teresa's Hall, Monday, June 10th. Webster's Orchestra. 6-7-1i.

**Shingles! Unloading a car of Asphalt Shingles Friday and Saturday at North Wiltshire. Write, Phone or Call. F. J. Trainor, Tyrone. 6-7-2i.

**Wheat for poultry has to be divided up. We can put at least fifty sacks per mixed car, and complete the car with whole or ground oats and barley. Tell us your requirements. The Atlas Grain Company, Montreal, 1, Que. 6-5-30-12-3i.

Yarmouth Seeks To Retain Air Service

YARMOUTH, N. S., June 6—(CP)—Members of the Yarmouth Board of Trade decided last night to ask Town Council to join in sending a delegation to Ottawa to make "strong representations" for the retention of Maritime Central Airways service.

The company, which links, Moncton, Yarmouth, Halifax and Charlottetown, announced recently that discontinuance or curtailment of service was threatened unless Government airmail contracts were forthcoming.

The meeting decided that Ottawa would be asked to investigate possibility of a Boston-Yarmouth service as well as further airmail contracts.

The quiet leader of the Canadian Government is photographed in the grounds of 10 Downing Street, London residence of British Prime Ministers, after his arrival for the meeting of Empire Prime Ministers. Left to right are: Prime Minister Clement Attlee of Great Britain; Rt. Hon. Ernest Bevin, Foreign Minister, Rt. Hon. Vincent Massey, retiring Canatian High Commissioner to Great Britain and Mr. King.

Six Years For Attempted Murder

ST. ANDREWS, N. B., June 6—Convicted in the Charlotte circuit court today of attempting to murder his 61-year-old wife by placing an arsenic compound in milk she drank, George Emery Forsythe, 60, Grand Manan Island fisherman, was sentenced by Mr. Justice A. T. LeBlanc to six years in the Maritime Penitentiary at Dorchester.

The judge said he would have imposed a longer sentence if Forsythe were younger.

Taking the stand in his own defence today, the white-haired defendant denied a prosecution contention that while delivering milk to his wife last October he stopped at his garage and put poison in the bottle. Mrs. Forsythe was a witness Tuesday during the first day of the trial.

Defence counsel P. E. McLaughlin called the accused to give evidence in order to protect him against "an action of pure fabrication" in a "set of circumstances so prepared by the police" that a conviction was sought.

Forsythe said his wife had been ill frequently during their 37 years of marriage and had been treated in several hospitals. He denied ever seeing a white powder in his garage similar to the arsenical powder shown in evidence.

Dr. Arnold, Branch provincial pathologist, confirmed that Mrs. Forsythe had been consuming arsenic but said it was possible death would not result from the amounts taken.

Crown Prosecutor E. J. Henneberry, K.C., said the "spirit of defiance" manifested by the accused made his testimony suspect. He had a sick woman on his hands "and he wanted to get rid of her."

Yank Navy Ships To Visit Halifax

HALIFAX, June 6—The Royal Canadian Navy tonight touched up a gala welcome for United States sailors, scheduled to make their first post-war "courtesy calls" here in four 10,000-ton cruisers June 12.

With some 2,500 newly-commissioned ensigns and 2000 ratings expected, Navy planners put "girls" high on the requirements list. The girls responded, they reported, and three monster dances will feature social activities during the four-day visit.

Premier's Holsteins Sell Well At Sale

Premier J. Walter Jones received $1,425 for a two-months-old bull calf, Abegweit Blue Chip at the National Holstein Sale held at Oakville, Ontario. The buyer was Elwood L. Ericson, Kennedy, N.Y. Mr. Jones also received $1,000 for the two-months-old heifer calf, Abegweit Starlet who was purchased by Hays Limited, Calgary, Alberta.

A new Canadian record price for a bull of $15,200 was paid by W A. Hodge, St. Laurent and H L. Guilbert, Vercheres, Quebec for Raymondale Yalta, consigned by Senator D. Raymond, Vaudreuil, Quebec. R. Ray McLaughlin, Oshawa, paid $14,000 for Glenafor Rag Apple Aladdin, a bull calf offered by J.J.E McCague, Alliston. This bull was sick and could not be shipped to the sale but was sold "sight unseen". Top price for a female was $4,500 paid by C J. Cerswell, Beeton for Rowsdale Dutchland Sovereign, an eleven-months-old heifer calf from the herd of G R. Row, Curries. Twelve head sold for over $2,000. The 72 head realized a total of $109,775 for a general average of $1,524, the highest in the 27 year history of the National Sale. Ten bulls averaged $4,497; 4 cows, $644; 45 bred heifers, $521; 3 open heifers $841; and 10 heifer calves, $1,630.

News Briefs

LONDON, June 6—(CP Cable)—Prime Minister Mackenzie King tonight called on Clement Davies at the British Liberal Party leaders' flat in Westminster. Mr. Davies, in recent days, has been resting from strain and over-work.

OTTAWA, June 6 — (CP) — More than 1,500 have enlisted since the announcement of the terms of service in the peacetime Royal Canadian Air Force last April 15, but vacancies still exist for 10,000 airmen in ground trades, Air Minister Gibson said today in a statement.

OTTAWA, June 6 — (CP) —With favorable business conditions prevailing in Canada, only 54 business failures were reported in the first four months of 1946 compared with 83 in the same period last year, the Dominion Bureau of Statistics said today.

MONTREAL, June 6 — (CP) — Within 12 months of V-E Day more than 340,000 Canadian service personnel and their dependents have been returned to Canada, Col. W J. Fisher, director of movements at National Defence Headquarters, Ottawa, told the Montreal Lions Club in the Mount Royal Hotel today.

VICTORIA, B. C., June 6—(CP)—Provincial Government experts are surveying conditions in the fruit-growing areas and if they find that the 23-day-old umber strike is resulting in foodstuff loss, the Federal Government will be asked to take over interior mills for manufacture of food containers.

LONDON, June 6—(CP) — The King's coachmen, footmen, valets and other retainers today received weekly pay increases averaging 1 pound ($4.45) through the first collective bargaining in history by Royal Household Trade Union members

MONTREAL, June 6 — (CP)—Ralph Helstein of Chicago, newly elected president of the United Packinghouse Workers of America, (C.I.O.), said in a press conference tonight his Union inside of the "next few months" would be negotiating with meat packing firms for new demands." He did not specify what the demands would be.

WOMEN STAGE RIOT

NEW YORK, June 6 — (AP) — A seething mass of screaming, hair-pulling women today sent a squad of police cars speeding into downtown Brooklyn.

Order was restored after a few minutes.

Police reported the women had been waiting in line since 1.30 A.M. in front of a meat market — and latecomers had tried to crowd in up front.

Great Lakes Traffic At New Low Ebb

(By The Canadian Press)

Great Lakes traffic appeared today to have reached a new low as the Canadian Seamen's Union strike went into its 18th day. From an unidentified ship operator in Montreal came a hint that ship movements might be halted entirely to avoid possibility of injuries in clashes between Union and non-union crews.

While Union officials yesterday continued discussions with Labor Department authorities in Ottawa it appeared that there was no chance of a settlement before early next week in the dispute which is estimated to have tied up more than 100 Lake ships.

Yesterday lacked spectacular developments but at several ports along Canada's 1,000-mile inland waterway crews abandoned ships which had continued in operation despite the strike.

The strike spread in another direction when most of the crew of the Imperial Oil tanker Poplar Branch left her at Sarnia, Ont. Previously Imperial Oil ships had not been affected. While the company has no agreement with the C.S.U. it had voluntarily introduced the eight-hour day which the Union is seeking in its strike. Crew members said they were going on strike for recognition of the Union and a Union contract.

Old London Prepares For Victory Parade

By STUART UNDERHILL

LONDON, June 6 — (CP Cable) —Grubby old London tried to offset her war scars today with flags and bunting as workmen created gay routes over which the victory parade will move Saturday.

Despite criticisms of celebrating victory in an unsettled world, some 10,000,000 persons are expected to watch—and applaud—as marching Allied troops and columns of armored equipment pass in review.

Weather forecasters refused to go out on a limb, but they admitted cautiously that the sun might shine for the big day in contrast to the last two weeks of November-like squally, rainy weather.

The king and Queen will drive up the Mall to the reviewing stand in state.

Mr. King and other Dominion leaders will take part in a miniature parade before the big show, driving from 10 Downing Street, Prime Minister Attlee's residence, to the Mall saluting base.

Mr. King will ride in one of the three royal carriages. The first will carry Mr. Attlee and Winston Churchill, leader of the opposition. The second will be occupied by Home Secretary Ede, Sir Edward Bridges, secretary of the treasury who during the war was secretary of the war cabinet; and Gen. Sir Hastings Ismay, chief-of-staff to the Defence Minister.

The first section of the parade starts at 9:16 A.M. with an armored column in the lead. For half an hour before the march past, massed pipers will parade up and down the Mall.

After the march past aircraft of the R.A.F. and the Fleet Air Arm will swoop over the Mall in a low, sensational fly past.

The fun will keep up during the afternoon and evening with dances and shows in the parks and as soon as darkness falls a searchlight and spotlight display on the Thames.

For Better Bread Buns and Pies use BLOSSOM CANADA Flour

$11,100 Subscribed To Red Cross Here

City More Than Doubles Objective In Fast Campaign.

Charlottetown more than doubled its objective of $5,000 in the Provincial Red Cross Campaign it was made known at a supper meeting of city workers held in Trinity United Church Hall last night by Chairman Mr. Roy Cudmore. The amount realized from city subscriptions totalled $11,100. The Provincial objective of the drive is $12,500.

It was announced by Major N. W. Lowther that the division with the best showing throughout the campaign was commanded by Mr. Wm. A. Rix with 200 per cent of its objective. Team captains of the division were Major L. W. Goodwin, Flt.-Lt. Robert Forsythe, P. E Palmer, Ray A. MacDonald, B. F. Tinney. Mr. Rix was recipient of a Reynolds Fountain Pen in recognition of the splendid showing of the 4th Division.

The team prize went to the team captained by Major L. W. Goodwin which had 565 per cent of its objective. Members of the team included, Major G. W. Craig, James Walker, Lloyd Head, Heber Large, Maurice Weeks. In accepting the prizes Major Goodwin gave much credit for the success of his team to Major Craig.

It was noted by Mr. Cudmore in expressing thanks to the workers that all divisions had gone over 100 per cent of their objectives. He realized that, in some cases, teams were working short-handed and that necessarily the work fell to a few, but the over-all ultimate success of the campaign was a credit to their efforts.

Mr. Cudmore stressed the fine work done and splendid support given in the campaign by Mr. Roy Quigley and Major N. W. Lowther and also J. J. Duffy and J. J. Leightizer who were vice-chairmen of the drive.

Thanks of the workers were expressed through Mr. Cudmore to Miss Estelle Haines and the Red

(Continued on Page 5 Col. 3)

Islanders Elected At Synod Meeting

HALIFAX, Jun 6 —(CP)— Prince Edward Islanders elected delegates and committee members during meetings of the Nova Scotia Diocese Synod of the Csurch of England inleuded:

Clerical delegates to general Synod: Canon E.M. Malone, Charlottetown; Ven. Archdeacon G.R. Harrison, Sumemrside. Lay delegate: Judge H.L. Palmer Charlottetown.

Delegates to Provincial Synod: clerical —Ven. Archdeacon G.R. Harrison; Canon E. M. Malone, Rev. J.T. Ibbott, Charlottetown. Lay—Maj. T.E. McNutt, Judge H L. Palmer Charlottetown.

Missionary Society Church in Canada representative: Ven. Archdeacon G.R. Harrison.

D.B.R.E. representative: Judge H.L. Palmer.

Island Nurse Is Graduate At Halifax

HALIFAX, June 6 —(CP)— Mrs Hilda Crosby Henderson, Cornwall, P.E.I., was among 17 nurses receiving diplomas and pins at graduation ceremonies at Aberdeen Hospital here tonight.

LONDON, June 6— (Reuters)— Food Ministry experts believe bread rationing in Britain will be necessary, but the cabinet is not likely to make a final decision for three or four weeks, it was understood today.

P.E.I. Remains Without Cabinet Representation

OTTAWA, Ont., June 6—(Special) —Appointment of additional parliamentary assistants to Cabinet Ministers—Prince Edward Island's sole chance of representation in the outer rim of the cabinet—will be deferred until next session, it was authoritatively learned here today.

These posts, established by Prime Minister King in the war Parliament and now worth $10,000 a year of which $2,000 is tax-exempt, were established to lessen the administrative burden of busy ministers. Several of them have been carried over into the post-war period, notably these for the Minister of Veterans' Affairs, Reconstruction, Finance, and National Defence.

Last session it was anticipated that J. Watson MacNaught, Liberal member for Prince would be offered the post of parliamentary assistant to Fisheries Minister Bridges. Since that time, either Mr. Bridges felt his ministerial duties not sufficiently arduous to necessitate the appointment of an assistant or Prime Minister King decided to confine these appointments to only the busiest of departments.

Since there are no vacancies in the present cabinet, only means of giving Prince Edward Island the cabinet representation to which it has been accustomed for many years would be the appointment of James Lester Douglas, Liberal member for Queen's as minister without portfolio. While this nomination is regarded as possible, it is also pointed out that with the increase in the number of cabinet ministers in recent years, the practice of naming ministers without portfolio has lapsed at Ottawa.

Unenviable Distinction

On Mr. King's return from London, it is expected his attention will again be drawn to the fact

(Continued on Page 5 Col. 3)

Alexander, Crerar In Britain For Big Celebration

LONDON, June 6—(CP Cable)—Viscount Alexander, Governor-General of Canada, and Gen. Crerar, who led the 1st Canadian Army in Europe, landed at Notholt Airport today after a flight of 11 hours and 15 minutes from Goose Bay, Newfoundland.

After a brief greetings by Lt.-Gen. John Murchie, chief-of-staff of Canadian Military Headquarters in London, who now is visiting in Britain, and Air Marshal G. O. Johnson, air officer commanding-in-chief, R.C.A.F. overseas, the Governor-General and Gen. Crerar set off for London where they will participate in the victory parade tomorrow.

Gen. Crerar will remain about three weeks in Britain, receiving an honorary degree from Oxford University before returning to Canada. Viscount Alexander will fly back to Canada June 10 accompanied by Maj.-Gen. Chris Vokes, commander of the Canadian Occupation Force in Germany who is due to arrive back here from the continent today.

C. M. A. Is Urged To Expand Research

(By Jack Williams)

TORONTO, June 6—(CP) —The Canadian Manufacturers' Association, winding up its 75th annual general meeting, today elected Col. H. S. Tobin of Vancouver president and issued a statement of policy on employer-employee relations.

Dr. R. C. Wallace, principal of Queen's University, Kingston, Ont., speaking at the concluding luncheon, urged expansion of research activities to produce new products and develop techniques which would lower production costs.

Labor costs were inevitably rising and unless other costs could be reduced by export trade would be endangered. Dr. Wallace suggested large companies might allocate two per cent of the amount of their sales for research purposes. The provision of research facilities for smaller companies was more difficult.

The Canadian Manufacturers' Association might provide a valuable service by establishing a technical research information branch which would provide information to manufacturers in special fields keeping them abreast of developments. Canada's vast natural resources made it particularly important the research should be actively carried on

The Association said a higher standard of living for Canadians was dependent on the maintenance of a high level of production It was essential there should be "a fair return in the form of gross earnings from which wages and dividends alike may be paid." Industry could only operate successfully with full and harmonious co-operation between employees and employers.

Principles which should govern the relations were divided into three groups—joint responsibilities and those of each of the two groups individually. The joint responsibilities included faithful observance of the provisions of every agreement or undertaking.

Employers should respect the right of workers to associate freely for all lawful purposes and to bargain collectively where bargaining representatives had been freely chosen by a majority of the employees affected. Operations should be organized to promote maximum continuity and regularity of employment.

P-C Party Would Consult The Provinces

By D'ARCY O'DONNELL

OTTAWA, June 6—(CP) — Government plans to proceed with redistribution of representation in the Commons without consulting the Provinces today drew opposition from the Progressive Conservative Party and support from the C.C.F.

Views of the 65-man Progressive Conservative Party were expressed through John Diefenbaker (PC-Lake Centre) who moved a motion which would make it necessary for the Government to consult with the provinces before taking any steps to increase Commons representation from 245 to 255.

M. J. Coldwell, leader of the 28-man C.C.F. Party, argued that Parliament had the right to change its representation without permission from the Provinces and said this view was borne out by events in the history of parliamentary procedure.

The Opposition views were the first to be expressed since Justice Minister St. Laurent moved last week the adoption of a resolution to the British Parliament asking for a constitutional change. The British North America amendment would permit a change in the basis for fixing representation in the Commons.

Also heard in the debate were Frederic Dorion (Ind.-Charlevois-Saguenay) and Roch Pinard (L-Chambly-Rouville).

Mr. Dorion said he favored the principle of the Government's plan but that he felt the Provinces should be consulted. Mr. Pinard said those opposed to the resolution would be preventing the Provinces from obtaining their share of representation in the Commons.

Mr. Diefenbaker dealt mainly with the constitutional aspect of the proposed redistribution plan.

Quebec Would Gain Eight

Under the plan Quebec would gain eight seats, British Columbia two, Ontario and Nova Scotia one each. Manitoba and Saskatchewan
