Male Help Wanted

Corporation of the City of Ottawa
Planning and Works Department
Personnel Requirements
Municipal Engineers

(1) TRAFFIC ENGINEER:—should be a graduate of a recognized university, with preferably post-graduate or special class qualifications in traffic engineering, and with a minimum of five years experience in traffic study and engineering in a principal city or town.

(2) ENGINEER IN CHARGE OF DESIGN:—this appointee will take charge of the Design Branch of the Department, consisting of all design work embracing bridges, structures, sewers, roads and sidewalks. This position calls for a senior design engineer with municipal experience.

(3) DESIGN ENGINEER:—responsible for the design of bridges, structures, sewers, roads and sidewalks, under the direction of the Branch Engineer.

(4) ENGINEER IN CHARGE OF PLANNING:—responsible for the administration of the Planning Branch of the Department and to advise on matters of planning, including subdivision control, zoning and land politics.
Preference for a graduate engineer with post-graduate or professional qualifications in town planning.

(5) ASSOCIATE ROADWAY ENGINEER:—appointee will be in charge of Roadways Branch of the Department, and should have a wide experience in modern methods of road, street, and sidewalk design, construction and maintenance.

(6) SENIOR ROADWAYS ENGINEER:—responsible for the supervision of large roadway contracts and to be departmental contract administrator. This position requires an engineer with about five years experience in roadway design, construction and maintenance.

(7) MECHANICAL ENGINEER:—To be responsible for Civic Work Shops, garage, plant equipment and transports under direction of the Branch Engineer. Should have wide experience in shop maintenance and repairs, and modern civic engineering and highways construction maintenance and cleansing equipment.

(8) RESIDENT SEWER ENGINEER:—responsible for the laying-out and supervision of storm and sanitary sewer construction, and to be departmental contract administrator. Experience since graduation should include contract control.

(9) SENIOR SEWER ENGINEER:—responsible for the supervision of sewer construction and the preparation of estimates and progress reports.
This position requires an engineer with about five years experience in sewer construction.

Starting salaries for these positions will depend upon qualifications and experience. There are good opportunities for advancement in the Department for proven men. All usual employee benefits are in effect.

All applicants must be, or be qualified to become, Members of the Professional Engineers of Ontario.

Applicants must state clearly the appointment for which they are applying.

Applications are to be mailed to:—Employment and Labour Registry Office, Room 118, Transportation Building, 48 Rideau St., Ottawa, Ontario, on or before MARCH 4, 1955.

N. Y. Stocks

NEW YORK, (AP)— The stock market hit its fourth all time high of the last five sessions Tuesday in spite of a selling flurry near the close.

Cause of the flurry was General Dynamics, a defence industry that among other things makes atomic submarines and is working on an atomic airplane.

Cause of recent strength apparently was a rumor that the company planned a merger. Tuesday the stock roared ahead for a maximum gain of 12⅛ at 131. At that point, the company denied the merger rumors. Down came General Dynamics in a big tumble to close at 119 up ⅛.

Foster-Wheeler, whose name has been linked with General Dynamics in merger rumors, closed Tuesday off 2¼ at 38½.

The appearance of the list at the close was ragged. Higher were rubbers, aircrafts, radio-televisions, electric equipments, railroads, airlines and building materials.

Chemicals and utilities were down. Steels, motors and others were mixed.

The Associated Press average of 60 stocks was up 50 cents at $159.90, an all-time high. Volume came to 3,510,000 shares.

Canadian issues were mostly higher. International Nickel and Distillers Seagram both added ¼. Canadian Pacific gained ⅜ and Dome Mines was up ⅛. McIntyre fell ½ and Hiram Walker slipped ¼.

On the American stock exchange, Royalite Oil slipped ¼, Lake Shore lost ⅛ and Giant Yellowknife advanced ⅛.

Montreal Stocks

MONTREAL, (CP)—Prices were thoroughly mixed at the close of active trading on the stock market Tuesday.

General Dynamics was up 4½ at 120 after having reached a peak of 127 earlier in the day. The issue has more than tripled its value from its 1954 low of 35. Other gains included Rolland up 1⅞ at 55 and Aluminium up 1¾ at 79.

Noranda dropped 1⅝ at 89 while Building Products at 44 and Asbestos at 38 each dipped a point.

Miscellaneous industrials, were mixed. Banks were fractionally lower. There was little change in the remainder of the industrial market.

Mines and western oils were mixed in a 5-10 cents range.

The stock exchange closing averages show banks off 0.05 at 48.85, utilities off 0.1 at 120.8, industrial up 0.7 at 253.0, combined up 0.4 at 208.9, papers off 6.82 at 1197.24 and golds off 0.07 at 70.31.

Toronto Stocks

TORONTO (CP)—Stock market trading Tuesday dwindled to the slowest pace of the year and price movements were irregular.

International Nickel climbed a major fraction to a 1955 high of $62.87½ but Noranda dropped $1.50.

Strong Western oils included Peace River Gas ahead 35 cents to $8.10, General Pete up 30 to $6.35, and Central Explorers, New Superior and Prairie. Easier were Gridoil, Vulcan and Calvan.

Lower - priced mines changes were mostly small. Teck-Hughes dropped 20 cents to $3.50 and Bulolo, Faraday, Croft, and Lorado were also down. Strong were Willroy up 19 to $2.24, Consolidated Denison and Algom up 25 to $16.37½.

Index changes: Golds off .18 to 81.63, base metals off .55 to 169.31 and western oils off .29 to 108.88.
