MORE COMPLICATIONS IN GREEK SITUATION

Ministers of Central Powers who have been Ordered Out Ask for More Time and May Refuse to Leave in which Case They Would be Forcibly Removed, thus Involving the Government.

ATHENS, November 21, via London, November 22— The diplomatic representatives of the Central Empires who were ordered by the Entente authorities to leave Greece, have asked that they be allowed until Saturday to take their departure. This morning the secretary of the American Legation, Sledon Whitehouse, had a conference with the Turkish, Bulgarian and Austrian Ministers, with reference to the United States taking over the interests of their nations. The Dutch Minister will be charged with the care of German interests.

The Greek Government is greatly preoccupied as to what course it should follow in the event that the Central Ministers demand its protection. Up to the present the government is not involved in the question of the expulsion of the diplomatic representatives of these Powers, as the order for the departure was delivered direct to the Legations by Vice-Admiral Du Fournet's aide, the Greek Government merely being advised as to what had been done.

The Austrian and German Ministers refused to accept the Admiral's communication, returning it to him. The King fears that they may refuse to leave Athens, requiring Admiral Du Fournet to take them from the Legations by force, which would complicate the position of Greece.

According to information from the highest source, furnished to the Associated Press, King Constantine does not object to the departure of the Ministers, but he does not desire to be put in the position of refusing to afford them protection, if they demand it. From the same source it is pointed out that the Ministers of the Central Powers, not being in communication with their Governments, can hardly be said to represent anything diplomatically, but have been a cause of embarrassment to the sovereign.

MINISTERS REFUSE TO LEAVE.

LONDON, November 22— Reuter's Athens correspondent, telegraphing under yesterday's date, says:—

"The main discussion at this morning's session of the Crown Council was regarding the refusal of the Austrian and German Ministers to accept Vice-Admiral Du Fournet's notice to leave Greece, and the attitude to be taken by King Constantine in the event of their demanding his protection.

"It is learned that Premier Briand, of France, in a telegram to the King, suggested that in order to emerge from his present difficulties he seek a reconciliation with former Premier Venizelos and declare war on Bulgaria."

A news agency despatch from Athens yesterday said the German, Austro-Hungarian, Bulgarian, and Turkish Ministers to Greece had been informed by the commander of the Allied fleet that they must leave Greece by Wednesday.

REPORTED THAT THEY WILL GO.

LONDON, Nov. 22— A despatch to Reuter's Telegram Company from Athens says the delay demanded by the Austro-German diplomats in their deportation from Athens has been refused, and that all of them will leave Athens on Wednesday morning.

MAY DECLARE WAR ON BULGARIA.

ATHENS, Nov. 22— It is learned that while the suggestion of Aristide Briand, the French Premier, that King Constantine recall former Premier Venizelos is meeting with opposition in Athens, sentiment in favor of the King accepting the other principal suggestion, namely, that he declare war on Bulgaria, is growing.

As the Lambros Cabinet is a purely service one, it is understood to be the opinion of the King that it should be replaced by a Cabinet representing at least the present Boule (Legislative Assembly); therefore the resignation of the Ministry is under consideration, to be followed by a reorganized Kalogeropoulos Cabinet along lines informally suggested by the King to the Entente Powers on September 21. It is further understood that the King proposes to consult with the Entente Powers with a view to avoiding such a failure as occurred in the case of the Ministry under Premier Kalogoropoulos.

ROUMANIANS RETIRING

(Special to the Guardian)

PETROGRAD, Nov. 22— Roumanian forces in Jiul Valley are retiring under hotsile pressure towards Carlova, the Russian War Office announced today in a report of the campaign on the Roumanian front. Craiova, according to an official announcement from Berlin, was captured yesterday by the Teutonic troops.

LATER.

(Canadian Press Despatch.)

LONDON, Nov. 22—The departure of the German Consul General and Professor Karow, director of the Austrian Archeaological school, and several other Austrians and Germans, has been demanded, says the Daily Mails Athens correspondent.

ATHENS, Nov. 21.—(Via London, Nov. 22.)—All of the diplomatic representatives of the Central Powers and Turkey, will leave Athens quietly to-morrow morning in accordance with the demand made by Admiral Du Fournet, commander of the Allied fleet.

Admiral Du Fournet today refused to extend the time limit for the departure of the diplomats. The Turkish minister is having his legation dismantled and the furniture packed.

THE WEATHER, TEMPERATURE, TIDE, MOON, ETC.

THE WAR SITUATION EAST AND WEST FRONTS

Roumanian Situation Continues Unsatisfactory. The Serbians are Pushing Their Successes and have Captured More Villages. Comparative Quiet on Western Front.

(Special to the Guardian)

LONDON, Nov. 23— Apart from western Roumania few changes of great importance have taken place on any battle front.

In the Somme region the armies on both sides are almost inactive except for artillery wings which are bombing intermittently on the various sectors. Skirimishes and artillery duels continue on both the Austro-Italian fronts. In the Wallachian region of Roumania the Austrians and Germans everywhere are keeping up their pressure against the Roumanians. There have been forthcoming no despatches either official or unofficial which would indicate that the perilous position of the Roumanians has been ameliorated.

Petrograd reports that in Jiul Valley the Roumanians are still in retreat towards Craiova but this report probably antedates the announcements of the Germans and Austrians of the capture of this railroad junction by the forces of the Central Powers. A retreat upon Craiova would surely throw the Roumanians into the hands of their antagonists.

To the northeast, in the Alt Valley on both sides of the river in the Rothenthurm Pass sector, more ground has been taken from the Roumanians by the Teutonic Allies while in the region around Campulung the Roumanians in a strong offensive have been held in their tracks by the stiffness of front of the invaders.

On extreme western flank of the Macedonia theatre, between Lakes Presba and Ochride the forces have come into contact.

Paris records the capture by Entente troops of the town of Leskovets on the west bank of Lape Presba.

The Turks launched a heavy attack against Sultanabad, Persi, but were repulsed with hevy losses by the Russians, according to Petrograd.

The British hospital ship Brittanic the largest steamship in the service has been sunk in the Agean Sea. Whether the vessel was sent to the bottom by a torpedo or a mine has not been known. Of more than 1,010 persons aboard among the sick and wounded soldiers all except about fifty were saved.

By order of the commander of the Entente forces the ministers of the Central Powers and their staffs have left Greece.

Later.—Reports from Berlin concerning the fighting near Monastir are to the effect that north east of the town attacks by the Entente troops against the Germans and Bulgarians were offering strong resistance along their new line running from Snegoxva some miles north of Monastir to Hill 1050, 13 miles north east of the town while a Serbian communication credits the Serbs and their Allies with the capture of the villages of Paralovo and Dobromir east of Monastir.

GERMANS INSULT U.S. REPRESENTATIVE

(Canadian Press Despatch.)

AMSTERDAM, Nov. 22—Dominic I. Murphy, American Consul General at Sofia, Bulgaria, arrived here to-day, through Germany from Stockholm, where he went recently with his wife to visit their daughter. Despite the fact that Mr. Murphy had a special pass from the German legation at the Hague, it is stated that the German auhorities at Warnemuende treated the couple with incivility on their way to Stockholm and again on their return, notwithstanding the intervention of Dr. Maurice F. Eand, the American Minister to Denmark, and also the German Minister, who had assured Mr. Murphy that the treatment accorded him and his wife would not occur again.

JACK LONDON THE WRITER IS DEAD

GLENN ELLEN, CALIF., Nov. 23.—Jack London, the writer, died at 7.45 tonight.

LAST EVENING IN BAPTIST CHURCH

At a deeply interesting service last evening, Rev. C. R. Freeman spoke on the destructive power of sin on the Soul.

He based his remarks on Rom. 7, 21: "I find then this law, that when I would do good evil is present with me" and Rom 7, 24: "Wretched man that I am, who shall deliver me out of the body of this death."

The God who made man knew the principles on which his life should run. God in his eternal laws has made those principles plain. No man need go wrong through ignorance of these great laws.

To be at our best, we must be clean physically. If we neglect or transgress the principles of God we cannot reach the highest from a physical point of view.

To be at our best, we must be pure intellectually. Transgression of God's laws of intellect means weakened mind dencient thought, lessened power. God's laws guide us to the ideal of life morally—wretched indeed is the life of those who violate the enternal standars of God in this regard.

And yet knowing the highest we descend to the worst. While fully aware of the wrong we fatally often fall into it.

Knowledge of the best is not in itself a dynamic to produce righteousness. "Who shall deliver me."

No surgeon can remove the awful poison of sin. No one but Jesus Christ can give us control of our passions—no one but Jesus Christ can remove our evill appetites—no one but Jesus Christ can save and preserve.

To the very uttermost Jesus Christ provides deliverance from the poison, the guilt and stain of sin.

An earnest appeal to his hearers to find in Christ their deliverer and Saviour closed a most impressive address.

There will be a service to-night commencing at 7.30. All are cordially invited to be present.

Minard's Liniment Cures Diphtheria.

BRITISH HOSPITAL SHIP HAS BEEN LOST

The Britannic Sunk by Mine or Torpedo in Aegean Sea.

About Fifty Persons Reported to Have Perished.

(Canadian Press Despatch)

LONDON, Nov. 22—The British hospital ship Britannic has been sunk with a loss of about fifty lives, says a British official announcement today.

It was reported in a special despatch from London, Dec. 6, last, that the 27,500 tons White Star Liner Britannic then recently completed, would be used as a hospital ship by the British government, making her the greatest hospital ship in commission with an equipment of six thousand beds. Last June, however, it was reported that in a news despatch from Liverpool the Britannic had been returned to the White Star Line for restoration into a passenger steamer.

The Britannic was sunk by a mine or a torpedo yesterday morning, in the Aegean Sea, according to the official statement. There were 1,106 survivors, of whom about 28 were injured.

CANADIAN TROOPS ARRIVE SAFELY IN ENGLAND

(Canadian Press Despatch.)

OTTAWA, November 21.—It is officially announced, through the Chief Press Censors Office, that the following troops have arrived safely in England:

The 147th and 180th Ontario battalions; the 173rd Highlanders, Hamilton; the 194th Alberta Highlanders; the 222nd Manitoba battalion; the 159th British Columbia battalion; drafts, signal corps, candidates for Royal Flying Corps, naval detachment.

(Lieutenant Philip Palmer, son of Mr. H. J. Palmer, K. C., of this City, who recently visited his home here is one of the officers in the 194th Alberta Highlanders. His many friends here will be pleased to learn of his safe arrival which he himself had communicated to his people by cable before the official announcement was received.)

TAKING CENSUS OF 1918 CONSCRIPTS.

(Canadian Press Despatch)

PARIS, Nov. 22—The Chamber of Deputies last night adopted a bill providing for the taking of a census of the 1918 conscripts. The debate was marked by the obstructive tactics of the Socialists, the intervention of Premier Briand, and finally by a demand for a secret session. The chamber sat in secret for a short time and then resumed the public sittings during which the debate became tumultuous at times. Deputy Pierre Brizon, a Socialist, was finally deprived of the use of the floor for intemperate language. The Chamber's strong confidence in the government was shown by a vote of 450 to 38.

INTENSE COLD ON ITALIAN FRONT

(Special to the Guardian)

ROME, Nov. 22— Following is today's announcement from army headquarters: On the Trentino front the enemy made feeble attacks in Astico Valley which were repulsed. On the Julian front activity of the enemy has increased. The enemy dropped bombs on Gorizio and Monfracone. Bad weather continues in all theatres of operation. At some of the higher points temperature 24 below zero is being registered.

WEST KENT CADETS WIN FIRST PLACE

The Organizer and Inspector of Cadets Corps has been on a brief visit to the Island in connection with the re-organization of the Cadet Corps in the different schools and colleges of the Province for the coming year. The greatest enthusiasm prevailed last year and the result of the annual Imperial awards by Inspector Robinson Black are most gratifying, and served to arouse a still greater interest in the carrying on of the coming season's work. The West Kent School had the premier Corps in the Province. It was under the efficient supervision of Principal Johnston and Instructor H. Yeo, the latter being specially complimented on his splendid tuiton in Drill to the Corps. The Prince of Wales College, Queen Square School and the Corps at Souris and Georgetown all followed closely running together. Handsome cash prizes were awarded from the Strathcona Trust to each of the Corps besides the military bonus paid to the respective Instructors of each Corps. Mention might be made here also of the success and high place attained by the Corps at St. Dunstan's College which although not eligible to participate in the Strathcona Trust Prize won a very creditable and honorable place among the Corps.

Arrangements have been now made for the continuance of this splendid work all over the Province and no doubt keen competition will prevail between each Cadet Corps to obtain the first prize at the Annual Inspection of 1917.

At Summerside and Alberton, also the work is being re-organized, and all over the province can be noticed the increase of interest taken by all associated with the work. Perhaps no more opportune time could argue the chivalry of the youth of the Dominion to be fully equipped and physically developed to meet coming events than the present crisis, and it is a good sign of the times to see that the Educational authorities are alive to the necessity of encouraging and providing as far as possible in all the schools for the carrying on of the Cadet Corps work. The noble aim as Inspector Black contends is to physically and mentally develop the boy to become better fitted for citizenship so that when the time comes to raise his hand and voice for the betterment of humanity and the protection of the weak against the strong, he may be prepared for the responsibility without having at a later stage in life to sacrifice his time in learning what now is inculcated into the minds of our boys at school, viz., a true sense of honourable patriotism discipline, self-respect and self-control, while at the same time carrying on their ordinary school curriculum work.

LOSS OF CRAIOVA BAD FOR ROUMANIANS

Its Possession by Central Powers Cuts Railway Communication of Roumanians Holding Orsova Region and They May be Compelled to Evacuate That Section.

(Canadian Press Despatch.)

LONDON, Nov. 21.—The occupation of the Roumanian town of Craiova, reported by German official headquarters tonight, has not yet been confirmed from the Entente side, but the fact that no Roumanian official report has been issued since Sunday leaves little reason to doubt its correctness.

The official reports from both German and Russian headquarters the last two days had prepared the public for this news of the success of the Central Powers thrust at Roumania, but it had hoped that Russia, which was known to be sending reinforcements into Roumania as fast as possible might be in time to avert the blow.

Craiova is an important town in the centre of a great grain district on the edge of the Wallachian plain, and is an important railway junction, its possession by the Central Powers cuts the railway communication of the Roumanian armies holding the Orsova region to the west. As the lines from Turgu-Jiu, south of Valcan Pass, and from the Danube frontier opposite Vidin Pass through Craiova, the position of the Roumanian forces in Orsova are now extremely critical, and they may be compelled to evacuate the Orsova region, the holding of which has up to the present barred the Teutonic Allies from the use of the Danube.

REMOVED HUGE STORES OF GRAIN.

According to information in Roumanian quarters in London the Entente Allies had already made provisions that the huge stores of grain in Craiova should not fall into enemy hands. The swiftness with which Von Falkenhayn struck his blow has caused surprise here, as Russian official communication reported the Roumanian retreat as having only reached Filasch, about twenty miles northwest of Craiova.

Some anxiety is felt that nothing has been heard of the German Field Marshal Von Mackensen's operations in Dobrudja for some time, and it is suggested that his recent retreat may have been a deliberate move to conceal the assemblage of big forces for a possible crossing of the Danube opposite to where General Von Falkenhayn is fighting, in which case he might be expected to be heard from at Nikopoli, or further northwest.

1,000 PERSONS WERE KILLED OR WOUNDED

By Explosion in Russia. 341 Killed, 49 Officers, 437 Soldiers, 131 Civilians and 25 Men Injured.

PETROGRAD, November 22— via London— It is announced officially that 341 persons have been killed and 667 wounded by an explosion at Bakaritza.

The statement follows:—

"According to supplementary information, the number of persons killed by the explosion at Bakaritza was found, after clearing the debris of masonry, to be 341, while the number of persons injured, according to reports from hospitals, amounts to 49 officers and officials, 437 soldiers, 131 civilians and 25 women. Of the crews of British merchant ships 27 were killed and 25 injured.

"The large number of victims is explained by the fact that the explosion occurred during the dinner hour when the men were resting in huts wrecked by the explosion."

BRITISH DEFEAT AFGHAN TRIBESMEN.

LONDON, Nov. 21.—A battle has occurred on the frontier of India, in which a British force was engaged with 6,000 tribesmen, the War Office announced. The tribesmen were defeated and withdrew, with a loss of 100 dead.

The engagement occurred near the boundary between India and Afghanistan. The English took the offensive. The force attacked was made up of Mohmand tribesmen.

The British employed aeroplanes which had never before been used in military operations on the Indian frontier. Only one man was killed on the British side the statement says.
