A shoe drummer for a Toronto house, says an exchange, called on a merchant and handed him a picture of his betrothed instead of his business card, sayirg he represented that establishment. The merchant examined it carefully, remarked that it was a fine establishment, and returned it to the astonished man, with a hope that he would soon be admitted into partnership.

"My father, at about the age of fifty, lost all the hair from the top of his head. After one month's trial of Ayor's Hair Vigor, the hair began coming, and, in three months, he had a fine growth of hair of the natural color."—P. J. CULLEN, Saratoga Springs, N. Y.

It is conjectured that a specific may yet be found for every ill that flesh is heir to. However this may be, certainly the best specific yet found for diseases of the blood is Ayer's Sarsaparilla, and most diseases originate from impure blood.

Ball players and athletes need Johnson s Anodyne Liniment for bruises, lameness and cuts.

What is it that goes up the hill and down the hill and yet never moves? The road.

After all, the best way to know the real merit of Hood's Sarsaparilla, is to try it yourself.

On Sunday morning.—Miss Tavish—"Ah, Johnny, I have caught you with a fishing pole over your shoulder! I shall go and tell your father. Where is he?" Johnny—Down in the garden diggin' bait."

The Purest and Best

Articles known to medical science are used in preparing Hood's Sarsaparilla. Every ingredient is carefully selected, personally examined, and only the best retained. The medicine is prepared under the supervision of thoroughly competent pharmacists, and every step in the process of manufacture is carefully watched with a view to securing in Hood's Sarsaparilla the best result.

It is estimated that 200,000 bushels of cranberries which New Jersey will market, will realize a million dollars.

The advice with each bottle of Johnson's Anodyne Liniment is worth many times the cost.
