NOTES AND COMMENTS.

—According to an Ottawa despatch the Opposition have unearthed a very grave scandal in connection with the deep water terminus at St. John. The tenders laid before Parliament show that Connolly Bros., the successful tenderers, were $108-009 higher than the lowest bidder, G. S. Mayes, St. John. Mr. Blair endeavored to put a bold face upon the matter, but his explanations were far from satisfactory.

—A man with an extensive knowledge of the Boers, having served many years under the Boer Government, said a few days ago, that he regarded war with the Transvaal as most probable, not through Kruger's means, but owing to the Hollander ring that practically controls Kruger's actions.

A Sailor's Sword.

LONDON, July 15.—The magnificent sword, enamelled and set with brilliants, with the inscription, "England expects every man to do his duty," and on the reverse "Trafalgar," which was presented by the city of London to Admiral Lord Collingwood, who was second in command at the Battle of Trafalgar, was sold at auction a day or two ago for £240. The sword presented to Lord Collingwood by the city of Liverpool was also sold for £160.

Khedive in Quarantine.

ALEXANDRIA, Egypt, July 15.—The yacht Mahrousss, with the Khedive and the Khedivah on board, has proceeded to Clazomene, in order to perform twelve days' quarantine before disembarking the Khedivah at the Island of Rhodes, and taking the Khedive to Trieste.

Reports were received at Duluth, Thursday by the grain men that vast clouds of grasshoppers had alighted in the fields in the vicinity of Rolla, N. D.

Germany's exports to the United States for the quarter ended with June last were $21,000,000, as compared with $24,500,000 for the corresponding period last year.

When you are nervous and sleepless, take Hood's Sarsaparilla. It makes the nerves strong and gives refreshing sleep.

The doctor may be a good old man, but even so, medicial examinations and the "local application" treatment are abhorent to every modest woman. They are embarrassing—often unless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo. N. Y. Dr. Pierce's Favorite Prescription, a remedy "for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of female weakness."

The French Shore Question.

ST JOHN'S, Nfld., July 15—Another evidence of the determination of the British to force a settlement of the French Shore question was afforded by the action of the Colonial Legislature in passing a bill granting mining leases along the shore. Mr Morine, Minister of Finance, in moving the passage of the bill, said he expected that within a few months all restrictions upon mining operation along the coast would be removed by the action of the British Government.
