Theatrical Event Of The Season

AT THE PRINCE EDWARD THEATRE WEEK COMMENCING APRIL 29.

Of the opening play "The Girl from Manitoba," which will be presented at the Prince Edward Theatre Tuesday, April 29th, by "The Premier Players," the Halifax Herald has this to say:—"The Girl from Manitoba," originally produced by Oliver Morosco, and the product of that prolific playwright Mark Swan, who has more Broadway successes to his credit than any other dramatist, this happy, breezy, human comedy-drama had a long run in the principal cities of the United States. To sum up, the attractive qualities of "The Girl from Manitoba" are: It is a bright, breezy human comedy of love, seen in its lighter phases. It contains many clever lines, and above all it is well acted. Everybody has a part in which he or she does fetchingly, without effort, and the acting is well balanced.

Please note: This is not an amateur company, but a well balanced company of New York artists.
