NEW YORK

NEW YORK (AP) — Airlines rallied while steels and motors fell in a mixed stock market Wednesday. Trading was active.
Profit-taking was in the air after two straight days of advance and the prices of many recent gainers were clipped.
Aside from airlines, selective strength in oils, building materials and a variety of other issues kept the list on a pretty even keel.
The industrial section of the market was down, as reflected by a drop in the Dow Jones industrial average of .52 to 871.95.
The Associated Press average of 60 stocks rose .2 to a record high of 325.7.
All the big three motors took fractional losses. The big news was that General Motors has decided to "hold the line" on prices of its 1965 models and this served to counteract some of the inflationary psychology building up on Wall Street. GM stock dipped ⅜ to 99⅞. The biggest automaker faces a strike deadline Friday in its current wage talks.
Steels, which have been favored lately, also took moderate losses.
Airlines were responding to a sizable increase in August traffic over year-ago figures, brokers said.
Meanwhile, volume rolled along at a lively autumn rate, with 5,950,000 shares changing hands, compared with 5,260,000 Tuesday.

MOST ACTIVE

The newly awakened interest in Texas Gulf Sulphur gathered further power Wednesday, based on talks that the company's ore body near Timmins, Ont., is even richer than previously estimated. Texas Gulf was the most active stock, up 3¼ at 88⅝ on 199,200 shares.
Among Canadian issues, McIntyre Porcupine's rise of 1¼ was the feature.
Aluminium Ltd. was up ¼, Canadian Pacific ¼, Hudson Bay Mining ½ and International Nickel ¼.
Dome Mines lost a point after a strong showing Tuesday. Distillers Seagrams lost ⅜.
On the American Stock Exchange declines outnumbered gains.
Canadian Marconi and Canadian Javelin were down ¼, Molybdenite and Fargo Oil 1-16.
Brazilian Traction rose ⅛, Preston ¼ and Scurry Rainbow Oil ¼.

TORONTO

TORONTO (CP) — Industrials scored minor gains and golds dropped on index in profit-taking during moderate trading on the stock market Wednesday. Speculative action improved toward the close but nevertheless remained dull.
The Dow gold index fell .65 to 146.07 in profit-taking after Tuesday's record-breaking rise to 146.72. Many major producers had issued new lists.
Industrials — particularly financial issues — were ahead. Banks were the strongest group.
Bank of Montreal advanced 1¾ to 69½ and Nova Scotia 1½ to 78¾ to lead the pack. Canadian Imperial Bank of Commerce was ahead a point to 68¾. Royal dropped ½ to 76¾. The banks' strength was attributed by observers to the news that Canadian ownership of banks and financial institutions is to be encouraged by government.
Utilities were also strong. CPR stood out with a ¼ gain to 54¼ after touching a new high of 54¾.
Bell Telephone apparently did not react strongly to Tuesday's news that the board of transport commissioners is to establish a special committee to examine the permissive level of the firm's profit. The stock fell to to 57¾, but was down as much as a point during the session.
The speculative list was dull amid generally sagging prices. Canada Southern Petroleum dropped 20 cents to $3.25, New Calumet five cents to 96 cents.
The senior base metals list was strong and established new index highs throughout the day. Falconbridge paced the list with a ¾ gain to 77¼.
On index, industrials rose .23 to 164.03 and the TSE index .20 to 153.15. Base metals rose .08 to 70.42 and western oils .18 to 94.03. Volume was 3,208,000 shares compared with 3,388,000 shares traded Tuesday.
