It will be good news to our citizens generally to learn that a grant of \$20,000 from the Federal Government has been obtained for the purpose of removing the clay from the centre field of the Provincial Exhibition race tracks, Charlottetown, to fill in the low parts in front of the Railway "Y" and between it and the main railway line from the 600 yards to 900 yards butts.

This will involve the removal of upwards of 70,000 cartloads of clay, which it is estimated will take 60 horses and carters and from 200 to 300 shovellers upwards of six weeks to accomplish. The centre ground

will be cut down to within one foot of the level of the race track. In order to facilitate the egress and ingress, fences will be removed at two points so that the carts can pass through easily from the Exhibition grounds. The workmen will also have use of the stables for tools and other purposes.

The Congregation of Valleyfield lost its oldest member in the passing of Roderick Matheson, Grand View on Saturday, October 21st in the 94th year of his age. The pall bearers were as follows: Robert Silliphant, Donald Andrews, James Waye, John Spence, Daniel MacDonald and Hammond Bertram.

A letter from Miss Nicholson, lady Superintendent of Falconwood Hospital, was read, asking the I. O. O. E. to sponsor a tea.

The Regent expressed regret on the illness of Mrs. J. A. MacMillan in Montreal.

In order to raise money for immediate needs it was decided that a dollar be paid by each member.

The Immigration Committee was asked for clothing for some English settlers who were in need. A number of parcels were ready.

An appreciative letter written by one of the English school boys who visited the Province, and who was the guest of Mrs. Matheson was read.

Mrs. R. H. Rogers reported for the League of Nations Committee, and asked that the usual money be voted for prizes on League work in the City Schools.

Last Fall the campaign to raise funds for the new King's County Hospital resulted in pledges for a good deal less than half the amount required for even a moderately equipped building. In view of the present financial conditions, the trustees deemed it unwise to proceed with the original plan. The urgent need for hospital accommodations still remained and acting on the suggestion of many of the subscribers, the trustees carefully considered the purchase of a suitable private residence. Several available properties were examined, and that of Mrs. Ada Green, Montague, formerly the Royal Hotel, was finally purchased, along with all the land and buildings in connection therewith, for a very reasonable sum. This building is sufficiently large for the work, having twenty-two rooms, with capacity for ten hospital beds, up-to-date heating, plumbing and lighting. In comparison with the larger proposition, this building can be operated at the minimum cost and give excellent service. Slight changes will have to be made in the interior, and considerable equipment procured (some of which is already on hand). It is hoped the Hospital will be opened this Fall.—H.

Of this union four sons and three daughters were born. After the marriage the young couple resided at Long Creek, West River, P.E.I., but shortly after moved to Murray River.
