Currencies

MONTREAL (CP) — The U. S. dollar Wednesday closed at a discount of 1 31-32 per cent in terms of Canadian funds, up 1-32. Pound sterling $2.72⅞ down 1-16.

Toronto Stocks

TORONTO (CP)—A wave of profit - taking swept across the stock market during the last few minutes of trading Wednesday to reverse the trend and give the market its second straight decline.

The lower tone, however, was moderate compared to Tuesday's drop when the market suffered its worst setback since June 8, the day President Eisenhower was taken to hospital with his abdominal illness.

Observers said the irregularity of the market was due to foreign situations such as the Suez Canal dispute and a "tight money situation both in the United States and Canada as evidenced by the raise in bank interest rates recently."

International Nickel held senior base metals back with a two-point loss but fractional gains by Falconbridge, Hudson Bay, Labrador, Noranda and Steep Rock lifted the index almost a point.

Prospectors Airways gained 20 cents in juniors while Little Long Lac and Cassiar added 10 cents. Granduc lost 20 cents and Willroy 15 cents.

Uraniums were slightly lower with Pronto off 15 cents and Gunnar down ⅜. Algom gained ½. McIntyre lost ¾ among golds.

Cree Oil featured a weaker western oil section, gaining 30 cents, Calgary and Edmonton and Crest Plains lost fractionally. Canada Oil Lands, Banff and National Pete gained 15-20 cents.

Index changes: golds off .91 to 85.18; base metals up .90 to 253.30 western oils off .08 at 171.18.
