MARKETS and FINANCE

Montreal Stocks

MONTREAL (CP) — The stock market closed on a firm note Monday. Trading was moderate throughout the session. Price movements were confined to fractions in most instances though a few issues managed gains of a point or more.

International Petroleum, up 3¾ and McColl up 1½, carried senior oils to stronger territory. Base metals and beverages showed fractional improvement. Great Lakes and MacMillan B, ahead major fractions, led the pulp and paper group upward irregularly. Utilities displayed a mixed trend, as did the banks. Lower tendencies were noted in the steels.

Campbell Chib and Opemiska Copper were bright standouts in the mining section. A few gains, ranging to 10 cents or more in some cases, were posted in the lower-priced base metals. Western oils were trendless.

Industrial volume was 69,900 shares and mines, 676,100.

N. Y. Stocks

NEW YORK (AP)—The stock market achieved its seventh straight rise Monday in a steady, quiet session.

The market opened slightly higher, then expanded its gains. Prices were generally at their best in key stocks at the close although some of the best gains were shaded slightly.

The best gains in pivotal issues ran to as much as three points.

Steels were the leaders almost from the start. Coppers took their share of the spotlight in late afternoon. Toward the close there was a flurry in low-priced motors and dealings in some aircrafts were noticeably brisk.

The Associated Press average of 60 stocks climbed 80 cents to $170.90. For the first time since Oct. 6 it was above the closing level four weeks ago Monday when the market suffered its first and biggest "blue Monday" following news of president Eisenhower's heart attack.

Activity in steels came at the start of a week when two of the biggest steel producers will announce their third quarter earnings reports—U.S. steel today and Bethlehem on Thursday.

It also came on a day when a weekly record for steel production was announced and the ingot rate continues to push close to 100 per cent of capacity.

Canadian issues were mostly higher. International Nickel and McIntyre both added ¼ and Canadian Pacific and Dome Mines both gained ⅛. Distillers Seagram fell ⅜ and Hiram Walker remained unchanged.

On the American stock exchange Royalite Oil added ⅛. Giant Yellowknife was up 1-16 and Lake Shore remained unchanged.
