NEW YORK

NEW YORK (AP)—The stock market received its worst pounding Thursday since President Kennedy was assassinated Nov. 22, 1963.

The Dow Jones industrial average plunged 15.09 to 899.77, its sharpest loss since the day of Kennedy's death, when it fell 21.16.

This brought the Dow industrials to their lowest point since Sept. 1 when they closed at 893.60.

The list was advancing cautiously and moderately at the end of the first hour Thursday when news came that General Motors was cutting back production at four of its car assembly plants because of lower sales and high inventories.

The stock rise immediately halted and the list began to turn down. By noon the ticker tape was running 11 minutes late as stocks were dumped.

PRICES RECOVER

Prices recovered a bit above their lows in early afternoon, but the rally lacked enthusiasm and soon stalled. A second wave of selling got under way and prices were pared to their worst of the day with the ticker running seven minutes late at the close.

Lows for the year totalled 190, highs four.

Volume was 10,090,000 shares compared with 9,740,000 Wednesday. The Associated Press average of 60 stocks fell 4.4 to 332.1.

Market analysts said although the GM cutbacks triggered the decline, there was no special surprise because GM's decline in sales and other bearish news have been driving the stock down to a series of lows. Its stock lost a point at 88; another low.

This was moderate compared with losses of 13¾ for Chicago North Wester, 16¼ Admiral, 20½ Motorola, 8⅛ Magnavox, 7½ Texas Instruments, 7¾ Braniff, 13⅛ Delta Airlines, 11⅛ Teledyne and 10½ IBM.

Among Canadian stocks, International Nickel fell 2 points, Alcan 1¾ and Canadian Pacific 1. Dome Mines advanced ½ and Granby Mining ⅜. Hudson Bay Mining was down ½.

Prices also fell on the American Stock Exchange.

Scurry Rainbow Oil tumbled 3 points and Preston Mines ½. Canadian Marconi was off ⅜ and Brazilian Traction ¼.

MONTREAL

MONTREAL (CP)—B.C. Telephone dropped 5¼ points to a 1966 low of 66 as stocks gave ground on the Montreal and Canadian stock exchanges. Bell was down ¾ to 53⅛.

Seven issues were off a point or more as the composite index suffered its worst decline in 1966 dropping 2.04 at 156.27. The 1966 low is 154.67. Declines outnumbered advances 113 to 53. The industrial index dropped 2.29 at 164.40.

Papers were off 1.05 at a 1966 low of 118.53. MacMillan Bloedel and Powell River slid ½ to 26½. Great Lakes and Domtar fell ¼ to 27¼ and 18⅝.
