N. Y. STOCKS

NEW YORK (AP) — Tobacco shares were staggered by another scientific report linking cigaret smoking to lung cancer but the rest of the stock market continued in a dull and irregular pattern.

The tobacco issues took losses running to around 3 points at worst.

Key stocks in general, however, moved to the upside or downside in a range of around a point or so. Some selected issues fluctuated more widely.

The market was mixed at the start, developed a higher tendency, then tripped as the report on cigaret smoking became known. A rallying tendency developed, cutting some of the losses in tobacco shares and moving the general list out of its downside position.

The Associated Press average of 60 stocks closed unchanged at $173.90.

Rising Canadian stocks included Canadian Pacific, up ⅛ on sales of 1,700 shares and Aluminium Ltd., ahead 1⅜. Off were International Nickel, down ⅛ on 4,000 shares, Distillers-Seagrams ¼, Dome Mines ⅛ and Granby Mining ⅛.

Higher Canadian issues included Eureke a up ¼ on 44,000 shares Preston East Dome and Molybdenite of Canada went ahead 1-16 each. Lower were Brazilian Traction, off ¼ on sales of 1,500 shares and Richwell Petroleum, down 1-16.
