Geo. A. and Mrs. Peters and family left Lower Montague on Monday returning to Sydney, their loss will be most severely felt in Lower Montague, particularly in musical circles as Mrs. Peters is a singer of much ability. She was a valued member of the Lower Montague United Choir, where her hearty co-operation and sunny temperament aided to smooth the road from difficulties and perplexities from which no organization is free. During the time of her membership the way of the choir was pleasantness and all her paths was peace.

Dealers in Montague yesterday were paying forty-two cents a bus for oats, twenty-two to twenty-five cents a bus for potatoes, twenty-five cents a dozen for eggs, ten dollars a ton for loose hay, ten and a quarter cents a lb for pork, and twenty-five cents a doz for butter.

The Hunter River Methodist Sunday School will hold their annual entertainment in the Hall, on Tuesday, Feb. 1st, at 7:30 p.m. Admission ten cents. Should weather prove unfavorable entertainment will be held on the first fine night following. By order of Committee. 1-29dr11.

The poor sleighing seriously interferes with the sporting proclivities of the eastern Japas.

All amounts for Guardian advertising and subscriptions in Montague and vicinity should be paid to W. A. Johnstone, agent, and in Souris and vicinity to A. J. McDonald, agent. 12-27dr1.

The grand concert to be held in Georgetown Hall, Feb. 8th., by the Charlottetown Concert Co., will be under the direction of Prof. Earle, assisted by Miss Blanchard, Prof. Vinnicombe, and other artists too numerous to mention. 1-27dr1.

The death of Hester E. Jarvis, East Point, took place on the morning of the 21st inst. The deceased was aged fifty-nine. Her first marriage was to Miss Sarah Nicholson, Antigonish, and left two sons, George, at home, and Lester, in Maine; and after her decease he married Miss Esther Mellett, Elmira, who survives him, with four children to mourn their loss. An aged mother, two brothers and one sister are also left behind.

I have used Neary's Liniment for the past fifteen years, for cuts, bruises and sprains on horses, and have found it to be the best Liniment that I have ever used, and I have used all the different kinds of Horse Liniment to be found in this country, excellent for human flesh also. 1-29dr1.

CARD

To the Electors of the City of Charlottetown.

Ladies and Gentlemen:—Having been requested by a large number of influential citizens to offer again as a candidate for Commissioner of Sewers and Water Supply for the City of Charlottetown, I have consented to do so. For the past two years I have served as a member of this board. During that time I have devoted a considerable portion of my time to the duties developing upon me as Commissioner. The report of the board for the past year shows the largest income since the introduction of the system into Charlottetown. Citizens can also learn from this report how satisfactorily this branch of our civic activities has been conducted of late years.

In soliciting a continuance of your confidence and support, I also wish to take advantage of this opportunity to heartily thank the electors of Charlottetown for the handsome vote accorded me when I was a candidate for this position in 1908. I am ladies and gentlemen, Yours respectfully DONALD NICH OLSON, 1-28dr1.

CARD

To the electors of Ward Two, Ladies and Gentlemen: I beg to solicit your support and influence for re-election to a seat at the City Council Board. The present year will be most important in the matter of Civic Government. The question of the continuance of permanent civic improvements and other important matters will be decided upon. I am prepared to support the policy of permanent work and will do all I can to bring about improvements in our streets, squares and side walks, and will support reasonable suggestions to add to the comfort and convenience of citizens. I promise that if I am re-elected that the interests of the citizens living in Ward Two will not be neglected, and that I will at all times work for due economy in civic affairs.

D. J. RILEY, leading and calculated to injure the Commissioners of the present day. The plans and specifications for a system of sewerage prepared by the late Freeman Coffin, C. E. were as stated by that engineer intended for domestic and factory purposes only and could not be considered capable of receiving surface drainage. That a sewerage plant capable of receiving and discharging the surface drainage would be considered as prohibitory to the citizens of Charlottetown owing to its enormous cost, viz brick sewers. The Commissioners of that day adopted and I might say wisely adopted, the present system as the only one within the limited means of the citizens; that it has been a great benefit to the citizens I am sure has been clearly demonstrated. Getting The Most Out Of Meat

Meat, either cooked or uncooked, in order to be of use in the economy of the human system, needs to be broken up. Tender meat falls apart readily when it comes in contact with the teeth and thus is easily acted upon by the digestive fluids.

UNFAIR TO THE COMMISSIONERS

Sir,—In the daily Patriot of today I read the following: "The reason given by the Commissioners against using the Sewers for surface water is that the pumps would be overflowed, but there are several points in the city we understand where catch basins could be set at a small cost and with practically no disturbance to the system." The above statement is unfair, mis-
