Toronto Stocks

TORONTO (CP) — The stock market Monday made its strongest advance in nearly a month amid moderate trading, featured by uranium issues.

All sections recorded solid index gains but a mild selling wave in the closing minutes took the tops off some base metals. Western oils rallied in the last half hour.

Brokers said the strong showing in western oils near the close could possibly be attributed to the uneasiness caused in the Middle East when Israeli troops were reported to be advancing into Egypt. Such a move would endanger the oil supply in the Middle East and revive interest in Canadian oil, they said.

Pronto was a uranium feature, climbing 70 cents. Consolidated Denison gained 55 cents and Rayrock and Milliken 21 cents. Can-Met added 17 cents while Northspan was up 15 cents. Gunnar advanced ⅜.

Coppers were firm for most of the session but near the end of trading some of them slipped back. Granduc won 45 cents, Bethlehem 22 cents and Kilembe 15 cents.

Hudson Bay was a three-point winner among senior base metals International Nickel added two points. Other seniors showed fractional changes. East Sullivan gain 55 cents in juniors.

Calgary and Edmonton advanced a point among western oils. Security, Central Leduc and Banf gained 15 cents. Great Sweet Grass underwent another sell-off, losing 25 cents.

Index gains: golds .29 to 79.98; base metals 3.59 to 231.45; western oils 1.61 to 152.04.

U.S. Steel, which had been ahead around a point on the eve of its third quarter report, lost ⅜.

Bethlehem dropped ⅝, Youngstown ⅛ and Lukens one. All these had been
