Windsor Player On Injured List

OTTAWA (CP)—Yves Cosette is not expected to play for Windsor Maple Leafs when the Maritime senior champions meet Ottawa Montagnards tonight in the opening game of the Eastern Canada Allan Cup semi-finals.

All games in the best-of-five series will be played at the Ottawa auditorium.

Cosette, a defenceman wrenched his knee when the Maple Leafs held a practice at the auditorium Sunday evening.

George Roy, Windsor's playing coach, said he will use Rolly Roy in place of Cosette. Roy played for Halifax during the regular schedule and was picked up by Windsor for the playoffs.

The Leafs' coach would make no prediction on the eve of the series. He said he didn't care whether it went the full five games so long as his team won.

Ross Tyrell, manager of the Ottawa district champions, remained confident that Montagnards could take the measure of the highly-touted Nova Scotia team.

Monties got good news over the weekend when they learned that veteran forward Billy Watson will be able to play in the opening game. Watson injured his back during the final game of the Ottawa district series but recovered sufficiently to practise with the club both Saturday and Sunday.

Rousseau Describes Game-Winning Goal

MONTREAL (CP) — Bobby Rousseau thinks not just positively but quickly as well.

The lithe, 165-pound right winger potted the winning goal Saturday night for Montreal Canadiens' 4-2 victory over Toronto Maple Leafs.

Young Jim Roberts, the Habs' rookie defenceman, put Rousseau in the clear while the Leafs' power play team was storming the Montreal citadel.

"It was a perfect pass," Rousseau said, drying himself after a shower in the Canadiens' noisy dressing room.

Leafs goalie Johnny Bower moved to his right side, "where is where I usually shoot," Rousseau said.

"But he left about one foot for me on the other side. Somebody tried to poke check me — I don't know who it was—but he didn't hit my stick hard enough. I just let the puck go in that little bit of space."

PEALE DISCIPLE

Rousseau scored 25 goals during the National Hockey League season, and credits much of his success to reading Norman Vincent Peale's The Power of Positive Thinking.

Claude Larose, a 22-year-old Hearst, Ont., winger playing his first Stanley Cup game, fired one of the Habs' four goals, the one that put them ahead briefly 2-1 in the second period.

His ankle — high shot, from about 10 feet out, bent Bower on the short right side. "He didn't get a part of it," said Larose, who has the build of a Mr. America while weighting only 170 pounds.

Dave Balon, digging all night like a fanatical coal - miner, picked up a loose puck outside the Toronto blue line and zigzagged his way around a confused Leaf defence to score the first Montreal goal.

"I shot from my wrong side," Dave said. "Bower didn't even see it." Someone suggested it was a soft shot that Bower cooked weak on.

"It was like heck," Balon replied. "It was a hard shot. I think it was Brewer (defenceman Carl Brewer) who tried to steer me away. But he wasn't in front of it. Bower just didn't see it at all."

One hundred resting on a run down table, Coach Toe Blake allowed that the game was the finest effort by his team in the series so far.

"Everybody worked tonight That was the difference."

SENTENCE SPY

Tokyo (AP) — Seven South Vietnamese have been convicted of espionage by a North Vietnamese court, Radio Hanoi said Saturday. One was sentenced to death, one to life imprisonment and the other five to prison terms ranging from four to 20 years, the broadcast said.

NOT FISH EATERS

Although Mexico has almost 6,000 miles of coastline, Mexicans seldom eat fish.

Combines Feeling Confident

SUMMERSIDE — Combines' playing coach Vance Harris last night expressed confidence in his team's chances of defeating Fredericton Capitals at Civic Stadium tonight despite a pair of defeats in the New Brunswick Capital.

The Combines lost out 15-8 in the best of five series opener Thursday night and Saturday afternoon lost 5-3.

"We have no excuse for Saturday's game", Harris said, "but in the first game we went on the ice tired. It took us six hours to get to Fredericton due to the stormy weather." He added "we were going good in the first period and part of the second but then we ran out of gas. Even then we outshot them.

Giving most of the credit to goalie Dave Inch for the Caps' second victory, Harris commented "We have no excuse for the Saturday loss. We outshot them 43-18 but Inch was fantastic. The Caps, on the other hand, failed to get a shot on our net until the 15-minute mark".

Junior League Executive Upholds Saints Protest

By JIM CULLEN

St. Dunstan's Junior Varsity hockey team defeated the Charlottetown Legionaires 4-3 in the first game of their best of three series in the final round of the Charlottetown and district Junior Hockey League.

The teams each fired two goals in the opening period, but the Saints outscored the Legion squad 2-1 in the sandwich session. There was no scoring in the penalty ridden third period which saw SDU coach, Bill MacMillan given a game misconduct for continuous talking to the referees from the bench.

The second game which was played yesterday afternoon saw the Legion down the Malpeque Road Collegians 6-3, but the game was protested by the St. Dunstan's management and the protest was upheld by a meeting of the league executive held at the Charlottetown Forum last night.

Yesterday afternoon's game was held up for approximately a half hour while team representatives and the league executive discussed the eligibility of three of the members of the Legion squad.

The players were ruled ineligible on the grounds of league rule which states: "That all teams must play only those players who have appeared in the line-up for their respective teams for a minimum of (2) Charlottetown and District Junior league games.

The protest launched by the Saints management with regards to yesterday's game was that Kevin Smith was not eligible for today's game because of fighting in previous action.

PROTEST UPHELD

The teams agreed at the beginning of the year to a fighting rule which said that "a player entering a fight in the first, or second periods would be out for the remainder of the game and a player entering a fight in the third stanza would not be allowed to play in the next game.

So with this rule brought to the forefront of the meeting held under the guidance of league president, Brig. A.W. Rogers, the executive was unanimous in its decision to throw the game out and have it replayed at the Charlottetown Forum tonight.

These two top-notch junior teams are going all out to capture the league championship and local hockey fans are really doing themselves an injustice if they fail to witness the excellent series being staged by these two rival clubs.

Rousseau Scores Winner; Canadiens Down Leafs 4-2

By BILL MacDOUGALL

MONTREAL (CP)— "Outhustled." Punch Imlach put it glumly

And that was the only way to describe how Toronto Maple Leafs lost to Montreal Canadiens 4-2 Saturday night, a defeat that drastically jeopardized the Leafs' aspirations to win the Stanley Cup for the third consecutive year.

Canadiens effectively stifled the Toronto power play that drew so many oohs and ahs in the fourth game of the best-of-seven cup semi - final, then skated and checked with a vigor that made the breaks go their way.

As usual, goaltender Charlie Hodge made more than the required contribution as the Canadiens took a 3-2 series lead. Hodge was especially outstanding in the third period when the big-gun Frank Mahovlich line started to boom for Toronto with an authority it had been lacking in the first two periods.

Leftwinger Bob Rousseau, whose play in some recent games has been somewhat less than authoritative, was the Canadiens' big hustler. He was a standout as a penalty-killer and his aggressive skating produced a goal—the winning one—and an assist. Leftwinger Dave Balon, emergency replacement Claude Larose and Claude Provost scored the other Montreal goals.

McKENNEY GETS PAIR

Leftwinger Don McKenney displayed an unusual talent for skating across the goalmouth at the opportune moment as he tipped in two blueline shots for Toronto's two goals.

The game attended by Prime Minister Pearson, was not unduly rough. But the clubs continued to end their way into playoff penalty records. Referee Vern Buffey called 15 penalties to boost the clubs' total to 100 for the series, breaking the record of 98 for the most penalties ever in a Stanley Cup series.

The Canadiens also set a new mark for the most penalty minutes by one team in a playoff series. The 26 minutes they got Saturday night boosted their total to 148, well ahead of the old record of 128. The Leafs' 12 minutes increased their series' total to 190.

McKenney opened the scoring at 5:37 of the first period. With play in the Montreal zone, Andy Bathgate toyed with the puck along the blue line without going offside and McKenney tipped his shot past Hodge as he skated in front of the net.

Balon tied the game at 2:35 of the second period after the Leafs courteously allowed him to meander unmolested into the Toronto zone and within easy shooting distance. Toronto goaltender Johnny Bower, who looked jittery on all three Montreal goals scored with him in the nets, partially blocked the 25-foot shot.

Larose, who had a goal and an assist in 21 games with Canadiens before he was sent down to Omaha Knights of the Central Professional Hockey League, beat Bower at 12:00 of the second.

McKenney scored his second goal at 17:20 of the second period to tie the score 2-2. This time he tipped a blue-line shot by George Armstrong under Hodge.

SCORES WINNER

Rousseau's game - winning goal at 19:35 of the second was scored with Balon in the penalty box for elbowing Red Kelly and with the Toronto power play that played a big role in the Leafs' 5-3 win Thursday night supposedly putting on the pressure.

Hodge was equal to all the Leafs could throw at him in the third period and when Bower was pulled for a sixth attacker Provost raced up the boards and shot into the open net at 19:30.

The Montreal goaltender made 28 saves, some of them eye-catching, to Bower's 24.

Beliveau, who suffered an injured knee Thursday night on a check by Eddie Shack, was limping Saturday night but is expected to start practising again today. However, it was not known whether he'll be ready for the sixth game Tuesday night or the seventh, which will be played here Thursday night if necessary.

Mikita Gets Winning Goal As Hawks Shade Detroit

By JACK SULLIVAN
Canadian Press Sports Editor

CHICAGO (CP) — Chicago Black Hawks scored two third period goals, one hotly disputed by Detroit, to defeat the Red Wings 3-2 and go into a 3-2 lead in their best-of-seven Stanley Cup semi-final.

With the Red Wings ahead 2-1 on Andre Pronovost's third goal of the playoffs at 5:12 of the final period, the Hawks tied it 2-2 on a counter that sent the Red Wings yelling and screaming after referee Frank Udvari and goal judge Grant Wasson of Toronto.

It was a confusing few minutes as first, Udvari signalled no goal as the Hawks skated after him and then, after a consultation with the goal judge, Udvari ruled it was a goal.

The fun started all over again.

PINNED ON BOARDS

Udvari was pinned against the boards by a horde of Detroit players and Larry Jeffrey, who apparently had some sazling things to say to Udvari, was given a 10-minute misconduct.

Kenny Wharram, Hawk rigat winger, shot from the boards and the puck hit the side of the net. He was given credit for the goal.

Rookie goalkeeper Roger Crozier, substituting for ailing Terry Sawchuk, finished it against the mesh with his glove.

In the milling and scrambling around the goal, he was shoved and ended sitting down in goal. The red light flashed on and the Wings protested. Udvari had a huddle with Easson, signalled no goal, and it was the Hawks' turn to squawk.

Another huddle and the goal was allowed.

CAMPBELL WATCHED

President Clarence Campbell of the National Hockey League, who watched the proceedings from the press box, said it appeared to him the Crozier was the only man to handle the puck and he probably put the puck in the net himself.

Stan Mikita banged home the winner with just three minutes and 52 seconds remaining in the game when his 25-footer blazed past Crozier's outstretched left arm.

That was it for the Red Wings, who now play the Hawks at home in the sixth game Tuesday.

They sent up five forwards and made things a little hot for Chicago goal-keeper Glenn Hall during the late stages of the game and pulled Crozier from the nets with about 30 seconds remaining.

Bobby Hull scored the game's first goal at 2:52 on a power play with Jeffrey off for hooking. It was his first goal of the playoffs. Gordie Howe, the old pro, tied it at 5:48 of the second period with Chicago's Reggie Fleming cooking out for a hooking penalty.

That was it until Pronovost's goal put the Red Wings in front 2-1 in the third period. Then the big fuss started 13 seconds later on Wharram's goal.

BLEW WHISTLE

Udvari told reporters after the game: "I blew the whistle when I saw the puck either lying on the mesh on the outside of the net or inside the goal.

"I wasn't exactly sure where the puck was at the time because of a play earlier in the game when the puck rested on the outside of the mesh.

"But I knew the puck was dead and so I blew the whistle. As I skated toward the net, I noticed the puck was inside.

"Actually, the Detroit players didn't argue that the puck was in the goal but that the whistle had blown before the puck entered. But that wasn't so.

RULES FOLLOWED

"We have automatic rules and procedures we must follow in the NHL on plays such as this. I followed them—first by talking to the goal judge. He said the puck was in.

"Then I asked the linesmen (Matt Pavelich and Ron Wicks) but neither was in a position to see the puck. So, to double check, I went back to the goal judge to confirm his earlier decision.

"Jeffrey received the 10-minute misconduct for pushing me in a rage after the goal was scored."

Easson said he put the light on when the puck went into the net.

"The puck slid under the goaltender's leg pad and I saw it about a foot inside the right post. There was no doubt that the puck was in the net."

Habs Owner Is Satisfied

MONTREAL (CP) — Senator Hartland M. Molson, president of the Montreal Canadiens, said Sunday National Hockey League referees are doing the best job possible under the present circumstances.

But, the National Hockey League club owner said: "If the referee keeps his eyes on the puck at all times, as he is supposed to do, he can't possibly see the rest of the ice surface. After all, he only has one pair of eyes."

Asked if he thought the two-referees system should be revived or powers of linesmen expanded, Senator Molson said he didn't want to elaborate. However, he added: "I've taken this up with the league governors and will again".

"A great many people have been writing to me about the way hockey is being played. The complaint is that there are too many brawls and sneaky tactics. But I don't blame the referees. They are doing the best job possible under the present circumstances."

Julius Boros Wins Tourney

GREENSBORO, N.C. (AP) — U.S. open champion Julius Boros parred the first hole of a sudden-death playoff Sunday to edge defending champion Doug Sanders for top money of $6,600 in the $45,000 Greater Greensboro Open.

The two had tied over the 72-hole distance with seven-under-par 277s when Sanders went one over par on the final hole.

Sam Snead, who had through the first two rounds, finished third one stroke behind. He failed to get a birdie on the final hole that would have made it a three-way playoff.

Jack Nicklaus, who began the round with a three-stroke lead, faded to 73 to finish fourth at 281.

Boros, 44, long regarded as a warm-weather player, never before had achieved a victory in Florida in more than 15 years as a golf professional.

Saints Defeat Welshmen To Capture School Title

St. Dunstan's High School hockey team defeated PWC Welshmen 2-1 in a sudden death game played at the St. Dunstan's rink Saturday afternoon.

The teams battled to a stalemate in the opening stanza as both missed some excellent scoring opportunities.

In the second stanza the teams continued to play the fast skating close checking style of play they had displayed in the first period. The game was becoming more and more a goaltenders' duel as the game progressed.

Joe Brown, who was a thorn in the side of the St. Dunstan's aggregation all afternoon, drew first blood in the contest, as he broke in on Saints goaler, Carl MacQuaid on a clean cut breakaway, to beat goaler MacQuaid and give the Welshmen a 1-0 edge in this extremely close contest. Brown's tally stood up for the remainder of the second frame and this lone marker proved mighty big in such a tight game.

The Saints, defending champions, continued to do everything in their power to get the equalizer, but their efforts seemed to be to no avail as the Bill Mullligan coached crew played a tremendously close-checking type of game.

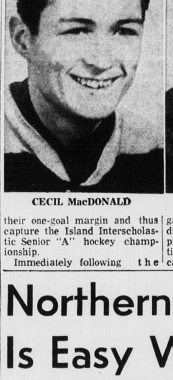
SAINTS SCORE

The Saints' smooth-skating centre, Cecil MacDonald, finally hit paydirt for the St. Dunstan's squad as he blasted one from about 15 feet in front of the Welshmen's cage which found its way into the mesh.

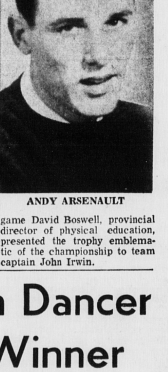
This marker was the signal for the St. Dunstan's lads to spring to the attack and they began to really pour the rubber at Barry Ellis in the Welshmen's net; but time and time again the PWC goaler came up with a big save and kept the Saints at bay.

Andrew Arsenault finally busted the game wide open for the Malpeque road students when he tipped one into the twines. Ellis didn't have a chance on the shot as he was at the other side of the net when Arsenault scored what proved to be the winning marker.

The Welshmen tried desperately to get the tying goal in the dying minutes of the game but the Saints, backed up by the excellent netminding of Carl MacQuaid, were able to hold onto their one-goal margin and thus capture the Island Interscholastic Senior "A" hockey championship.



CECIL MacDONALD



ANDY ARSENAULT

Immediately following the game David Boswell, provincial director of physical education, presented the trophy emblematic of the championship to team captain John Irwin.

Gordie Howe Is High Man

CHICAGO (CP) — Gordie Howe, Detroit's great right winger, became the all-time-high point scorer in Stanley Cup play Sunday night when he scored for the Red Wings in the second period to tie Chicago Black Hawks 1-1 in the fifth game of their best-of-seven cup semi-final.

The point gave the 36-year-old Howe 127, breaking the record of 126 he held with Maurice Richard of the Montreal Canadiens.

Howe now has played 122 cup games and has scored 51 goals and a cup record 76 assists. Richard scored his 126 points in 17 games on 82 goals and 44 assists.

Northern Dancer Is Easy Winner

MIAMI, Fla. (CP-AP)—Northern Dancer, a compact three-year-old colt owned by E. P. Taylor of Toronto, won the Florida Derby with ease Saturday and stamped himself as the horse to beat in the Kentucky Derby May 2.

The Dancer, stepping off his 10th victory in 13 starts, won $76,500 to send his earnings to $261,365 and make him the top all-time Canadian-owned money winner. The record previously was held by another Taylor colt, Victoria Park, winner of $250,076.

The handsome bay colt that nobody wanted for $25,000 in 1962, was a 1-to-5 favorite of the crowd of 30,212 at Gulfstream Park. He ran the 1⅛ miles in 1:50 4-5 and paid $2.60, $2.40 and $2.20.

The Scoundrel finished a strong second and Dandy K. was third in this 13th running of the $116,500 derby. They were followed by Roman Brother, Greek Episode, Ky. Pioneer, Ishkoodah and Saltville.

Passed up at the $25,000 price in Taylor's yearling sale in 1962, Northern Dancer in 1963 won $90,635, biggest earnings ever recorded by a two-year-old running in Canada.

NEVER OUT

Northern Dancer, foaled at Taylor's Windfields Farm near Toronto, has never been out of the money. The speedy son of Nearaarctic's out of Natalma by Native Dancer.

In recent years the Florida Derby has proved an important test for horses pointing toward the triple crown of North American racing — the Kentucky Derby, the Preakness and the Belmont. Since 1954, racers finishing in the money in the Florida Derby have won 14 of the triple crown races.

If Taylor goes for the triple crown with Northern Dancer, it will be his second bid in four years. He tried in 1960 with Victoria Park, which finished third in the Derby and second in the Preakness and did not run in the Belmont.

No Canadian - owned horse has won the triple crown since Sir Barton accomplished it in 1919 for Commander J. K. L. Ross of Montreal.

NEW YORK (AP) — Mr. Moonlight, lightly regarded in a field of 10 three-year-olds pointing for the Kentucky Derby, got up in the final stride Saturday for a narrow decision over Traffic in the $58,300 Gotham Stakes at Aqueduct.

Under a slashing ride by Jimmy Combs, Mr. Moonlight came from far off the pace for his first major victory in 11 career starts. Traffic, the apparent winner with only yards to go, saved second money by three-quarters of a length over Mr. Brick.

Mr. Moonlight ran the mile in 1:37 1-5 and paid $35.80, $13.60 and $6.20.
