TORONTO

TORONTO (CP) — The stock market showed no immediate sign Tuesday of discouragement about Monday's federal election. Prices were generally firmer and a few lower-priced mines bounced ahead particularly in the gold group.

The trading pace was behind that of Monday's for most of the session but in the final 15 minutes sales spurted ahead.

Features among golds was Lake Shore's 85-cent rise to $7.35. Teck Hughes climbed 42 cents to $2.62 and Leitch was up 20 cents to $1.45. Dome Mines gained 1¾ points at a new high of 14 among higher-priced stocks.

International Nickel featured senior base metals with a ¾-point gain to 107½. Stanleigh was up 25 cents to $5.05 among uraniums.

Fargo was the feature in western oils. It climbed $1 to $7.65 in active trading. Pacific Pete was ahead 1¾ points to 32½ and Canadian Export Gas added 40 cents at $8. Security lost 25 cents at $4.90.

Street Paving Program To Be Carried Out By Paving Co.

The street paving program in the City comprising Orlebar Street, Fitzroy Street from Queen to Weymouth and the areas adjacent to the north and south of the Federal Building will be carried out by the Warren Paving Company at a cost of $28,700.

This was announced by Coun. A. Walthen Gaudet, Chairman of the street committee at the regular meeting of the City Council held yesterday morning at 9.15. Coun. Gaudet said the figure submitted by the paving company was quite satisfactory to the Council and was $6,300 below that budgeted for in the estimates.

Councillor Nicholson called attention to the fact that many of the streets have bad holes in them and asked the street Chairman, when something would be done in regard to repairs. Coun. Gaudet said he expected the patching program would be fully competed within the next two weeks. The chip sealing program he said would not be completed until the hot weather.

Mayor Steward presided at the meeting. Councillors Johnstone and McCormac were not present.

CORRESPONDENCE

In the correspondence read at the meeting an application for permission to lay a pipe line for use of a Marine terminal to be erected at the waterfront by British American oil Company was approved by the Council. An application to have the lease of M. A. Peters, egg candling space renewed was referred to the Market Committee.

A letter from the Provincial Health Officer, Dr. Burton Howatt was read in which it was stated that the Department of Health was prepared to carry out inspection of all eating places within the City on condition that the city was prepared to carry out the enforcement of the Act. His Worship said the City was happy to co-operate in this matter and instructed the Chief of Police accordingly.

An application from the owners of the Toombs property development area to have sewage and water installed in the area was read to the Council. Mayor Stewart said this was a matter for the Water and Sewage Commissioners and could not be considered by the Council.

RESOLUTIONS

The rafts used at Victoria Park in conjunction with the Red Cross Water Safety Services are to be repaired and placed in position by the City at a cost not exceeding $150.

Tenders will be called for the supplying the Police Department with 19 pairs of boots was approved by resolution. Tenders will close on June 21.

A resolution that William MacDonald be classified as timekeeper and payroll clerk for all departments of the City and that he be transferred to the Street Department to the administrative staff at City Hall with a salary of $3,000 per annum was approved as was a resolution that the salaries of Carl Bradley and Miss Mary McQuaid be increased to $3,000.

NO INCREASE

Coun. Gaudet said the adjustment in salaries did not represent an increase but rather eliminated an accumulation of overtime which in most instances resulted in higher take home pay for the parties concerned. He said it would enable the finance committee to more accurately make their estimates.

The County Construction Company was awarded the contract of installing a vault at City Hall at a cost of $2,855. It was the only tender submitted.

It was also agreed that the offer of the Royal Bank for interim investment of the proceeds of debenture sales be accepted. The Royal Bank offer was highest submitted to the Council.

PARKING METERS

Councillor Gormley said the Police Committee had been giving consideration to the installation of parking meters on the south side of Richmond adjacent to the Federal Building. He asked for the approval of the Council in this matter. Mayor Stewart referred the meter question back to the Street Committee and agreed to consider it further at the next meeting of the Council or at an emergency meeting, if necessary.

Councillor Gormley said there has been a great deal of dissention with the rate of pay being paid street sweepers. He said $25 a week was not sufficient for a man to keep a home in the City.

Coun. Gaudet agreed that the rate of pay was small but said the majority of those so engaged were pensioners. Coun. O'Neill called attention to the fact that the men got paid their weekly salary rain or shine which perhaps would amount to as much as time lost through bad weather.
