The Great Blood Maker "IRON"

Iron is the element that gives richness to the blood, the substance that brings back the color to faded cheeks and strengthens and invigorates the whole body. Iron to give these results must be given in the proper form for assimilation.

Hughes' IRON BLOOD PILLS

contains iron in such a combination that it is readily absorbed. If you are pale, run-down or anemic you can count on results by taking these Pills.

The KARN Piano is a Favorite With Prince Edward Island People

The Karn Piano has been used continually—for years—by nearly four hundred different families in Prince Edward Island. It has not always received the care and attention it should, yet every instrument, without an exception, has retained its beautiful tone, shown its superior strength and proven its real worth.

On the basis of quality and at our price, there is no better piano value in Canada today than the Karn.

FLOWER AND CANDY SALE.—The pupils of Prince St. School will hold a flower and candy sale in the Reception Hall, Monday afternoon, Feb. 27th at 4 p. m., then in the evening they will give an entertainment. Admission 10 cents, proceeds in aid of patriotic purposes. 7494-M41.

CONGREGATIONAL MEETINGS.—Rev. J. M. McLeod as representative of Presbytery will preside at a meeting of the congregation in Dundas Presbyterian Church at 4 o'clock p. m. Saturday 26th. A good attendance of session, managers and others is very desirable.

ST. PATRICKS CELEBRATION.—The annual celebration of St. Patrick's Day at Emerald will take place this year as usual in the B. I. S. Hall on Friday evening the 17th of March. A good musical program is being prepared and a number of Charlottetown's noted musicians will be there to enliven the evening with singing and dancing. A special train will run from Cape Traverse on that evening for the convenience of those who wish to attend. 7491.

KILLED IN BATTLE.—Word was received yesterday of the death of Mr. Leo Wannacot, son of Mr. Silas Wannacot, Hunter River. The deceased enlisted at Calgary and went to the front with one of the first Canadian contingents. He was about 20 years of age and leaves to mourn his father and mother and a family of brothers and sisters, who in their sorrow have the deepest sympathy of a large circle of friends.

RETURNING TO AFRICA.—Mr. Hugh Warburton left yesterday morning for London via New York en route to Northern Nigeria, West Africa, to resume his work in the Civil Service there. Mr. Warburton has been home for six weeks and returns fully restored to health after his strenuous experience in fighting the Germans on the Benue River between Nigeria and the Kameruns. No further trouble with the enemy is anticipated there as the Germans have been completely defeated in West Africa.

TO TRAIN AS SIGNALLERS AND WIRELESS OPERATORS.—Signalling is one of the most attractive branches of the military service and it appeals particularly to bright young men, for in the signalling branch they are not only doing their bit for the sake of their friends and the country but they have also the opportunity of learning the rudiments of the profession of electricity mastering the business of wireless and telegraph operating which to a careful and capable operator ensures continuous employment at remunerative wages throughout the rest of one's life. The Signalling branch of the 105th Overseas Battalion is now being organized and presents an opportunity to twenty-five bright young Prince Edward Islanders. Application should be made at once to Lieutenant Crockett, Signalling officer or to the Adjutant of the 105th or any of the Recruiting Officers.

CHURCH SERVICES.—Rev. J. S. MacKay will conduct services next Sabbath, the 27th: Tryon, at 11; Hampton at 3, and Bonshaw at 7.

ST. PAUL'S TEA.—The admission to St. Paul's tea this afternoon is only five cents, tea tickets 25 cents. Sale begins at 4; tea served from five until seven. 7477.

SUCCESSFUL SOCIAL.—A very enjoyable social was held in North River Hall on Monday evening, the 21st inst. Regardless of zero weather, the building was comfortably filled and the best of order prevailed. A varied program consisting of lecture, music, monologues and step dancing was presented by a number of Charlottetown's popular talent and each performer was heartily applauded. The proceeds from the sale of pies and baskets netted the snug sum of \$101.50. Conspicuous among the audience was a number of the 105th, who added much to the success of the evening.

AN EXPLANATION.—In the Guardian's report yesterday morning of the fox meeting, held the previous night, Mr. J. W. Callbeck was quoted as saying in answer to an enquiry that "they had got better prices for fairly dark furs than for the lighter kind." In justice to Mr. Callbeck it should have been stated that he also said that the dark furs which brought the highest prices were superior in quality to the lighter ones. He also mentioned that of two other lots he knew of the medium silvers brought more money than the darker ones because of the reason, that they were more heavily and beautifully furred. The point that Mr. Callbeck wanted to emphasize was that quality is the first consideration.

GREAT OPPORTUNITY FOR YOUNG MEN.—An opportunity which will particularly appeal to bright young men of Charlottetown and throughout the Island is that which is offered in the call for recruits for the Signalling Section of the 105th Battalion. The young man who gets into his section will be taught all about wireless, telephony and other electrical work and if he had sufficient capability will be turned out an efficient operator which will ensure him a good position with more than the ordinary earning power throughout the rest of his life. The Prince Edward Island boys who have been at this work and right at the front since the early days of the war have suffered no fatalities and have brought honor to themselves and to the province in the valuable work which they have been doing for the Empire's sake. Twenty-five bright young men are now wanted in a hurry for the Signalling Section of the 105th Overseas Battalion. Application should be made at once to Lieutenant Crockett, Signalling Officer, or to the Adjutant or to the Recruiting Officers.

TWILIGHT RECITAL.—The New Glasgow Enterprise pays the following glowing tribute to the recital given by Professor Wright certainly struck a responsive chord in the community when he initiated his series of twilight organ recitals, the first of which was given in St. Andrew's Church on Thursday afternoon. The Professor presided at the organ, and played in the wonderfully realistic way of a master, selections from Wagner, Silver, Sheldon, Gillette, Cadman and Ryder. "The piece de resistance was 'The Storm.' Nothing finer or grander or more sublime was ever heard in town than his interpretation

and playing of this magnificent composition—the patter of the rain, the howling of the wind, the wild and majestic grandeur of the elements at work, with the crashing peals of thunder were all brought out by the Professor from the instrument as realistic almost as nature itself, while the playing on the organ of the warlike bagpipes were grand, inspiring, electrifying the local Scots and making the old blood bound fervor in the veins, as if told the story of the hills, and men and history and traditions of the land of our sires."

AN ISLAND MINISTER.—The Syracuse, N. Y. Post-Standard has the following interesting reference to Rev. J. M. MacInnis, D.D., who spent his boyhood days in Valleyfield and whose wife is a Charlottetown lady and whose sister is Mrs. Ernest Coffin. "With more than 1,000 persons partaking of communion and a class of 342 received into membership, the South Presbyterian Church, Rev. Dr. John MacInnis, pastor, made history for the parish yesterday. The service lasted two and a half hours and 100 persons received the rites of baptism. Out of the 342 members, 262 were received on confession of faith, and the majority were men. The children will be received at Easter time. Men of the South Side who are well known in business and professional circles are among the new communicants of the church. The following telegram signed by Dr. MacInnis was sent to Mr. Sunday at the close of the service: 'Greetings from South Presbyterian Church and session. Great service this morning. More than 1,000 partook of communion. Three hundred and forty-two united with the church. We thank you for your part in it. Your consecrated services have made the day possible. We bear you in our hearts and in prayer. Yesterday's ac-

cession, said to be the largest single reception of new members in the history of the Presbyterian church on this continent, gives the South Church 1,400 members. Many persons were unable to gain admission for the service, which opened at 10.30 o'clock. Because of the length of the communion and baptismal service Dr. MacInnis had time for a short address. He called attention to the record of communion and accessions, declaring that the new membership class exceeded the total membership of many churches in the Presbytery."

A PLEASANT AFFAIR.—On Monday evening last when the Branch of the Red Cross Society met at the home of Mrs. Clark and Hillman, quite a lot of sewing and knitting was done for the boys at the front. After the meeting closed Mrs. Hillman who leaves shortly for her new home was presented with a nice fruit dish and spoon and the following address: Dear Mrs. Hillman,—Hearing that you are about to leave this part to reside elsewhere, we cannot let you go without saying a few words showing the esteem and respect in which you are held among us. Although but a short time with us you have endeared yourself to us all, you have been a faithful worker in this society since you joined it. As a token of good will towards you, we wish you to accept this small gift. In conclusion we wish you and Mr. Hillman many years of health and prosperity in your new home. Mrs. B. C. Hardy, Mrs. Joseph Bryenton, Mrs. Cephas Mallett. Signed on behalf of the members of the Branch of the Red Cross Society, Union Road.

JAPAN'S FUNNY BONE

Japan was the first foreign country where I saw moving pictures shown. The pictures, which carry one to the theatre, have real Japanese lanterns—they drift along in the darkness like glow-worms. At the theatre they will wait for you till the performance is over and speed you back on tires of American rubber.

In Yokohama one whole street is given up to moving pictures—Theatre street. Great banners hung clear across it, with the picturesque Japanese alphabet racing up and down them, advertising the respective performances.

On the floor the audience sits, with their feet squarely turned under them absorbed in the shifting shadows. The substitutes are in English; but so common is English coming to be in Japan that the meaning doesn't go over their heads. It is now being taught in the public schools so that there is always some one to whisper the title's meaning.

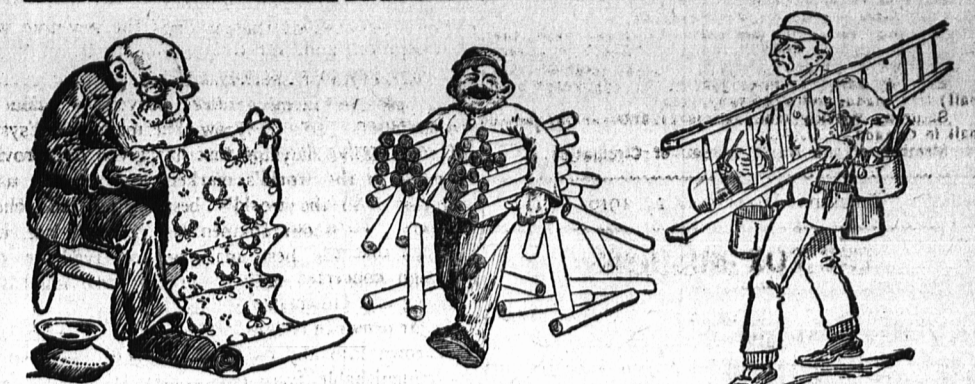

American manufacturers have labored long and hard to find films that will amuse the Japanese, but their success has not been very marked. No white mind can fathom a Japanese's sense of humor. Our funniest films over there go flat. Charlie Chaplin bores them. But in the midst of a lath scene in some dramatic film they will suddenly begin to rock with merriment. There is a fortune in it for anyone who will locate the Japan-

SYMPATHETIC BUSINESS
"Sonny," said a small boy's father, "how are you getting on at your new school?"

"Very well, dad," said the boy. "Well, I shall come down and see you in your new home one day," remarked the father.

"Well, if you do," said the boy, "you must remember we have numbers at this school instead of names; I'm thirty-one."

The next morning the father went down and knocked at the school-house door, and when the schoolmaster opened it he said: "I've come to have a look at my boy; I'm the father of thirty-one."

"Come inside," said the schoolmaster, sympathetically. "I've got fourteen myself. I'd like you to have a few more prospectuses of my establishment. We take 'em in at all ages." —Weekly Scotsman.

esse bump of humor and manufacture picture plays that will hit it.

The Japanese are now manufacturing their own films, but they are not of much interest to white people, as nothing ever happens in them. There is no action. Half a reel may be given up to drinking a cup of tea. But this may be exceedingly funny to the Japanese, for there has been more going on than shows on the surface. By the way they swing their fan they are passing a message. Two Japanese can talk to each other with their fans, while the white man standing alongside understands nothing of what they are saying.—The World Outlook.
