Toronto Stocks

TORONTO (CP) — Losses outnumbered gains four-to-one on the stock market Tuesday as prices fell freely in the market's ninth decline in 10 sessions. It was the sharpest setback in a week and one of the biggest losses of the month.

Junior base metal and western oil losses ranged to 60 cents with many declines of between 25 and 40 cents.

Base metals touched a 1956 low with a loss of almost four points. Western oils dipped 3¼ points on their index. Golds were down more than three-quarters of a point.

Copper and holding companies were the most active mining issues and also took some of the biggest declines. Irish Copper lost 34 cents, Copper Rand 30 cents and Granduc 25 cents in coppers. Eastern Mining was off 60 cents in junior base metals and Mogul and Hoyle 25 cents in holding companies.

International Nickel was a 2¼-point loser among senior base metals. Hudson Bay, Noranda, Opemiska and Geco lost about a point in other senior mines.

The western oil section had a few sizeable gains such as Cree, Scurry, Peave River, all up 20 cents, and Dome Explorations (Western) and Consolidated Mic Mac, up 10 cents. Triad and Canadian Atlantic, however, lost 50 cents while Rocky was off 40 cents.

Index losses: golds 86 to 73.03; base metals 3.94 to 214.20; western oils 3.32 to 146.53.
