New York — Market lower; trading light.
Montreal — Market mainly lower; trading moderately light.

CURRENCY

MONTREAL (CP)—The U.S. dollar closed at a premium of 11-16 cents in terms of Canadian funds, unchanged from Tuesday's close. Pound sterling closed at $3.01⅝, unchanged.

NEW YORK

NEW YORK (AP)—The stock market wobbled indecisively Wednesday, then closed with a moderate loss.

Investors appeared unable to make up their minds over whether to buy, sell or sit on the sidelines, one analyst said.

The chief result of the session was the slide of the Dow Jones industrial average below the much-discussed 600 level. The last time it finished below 600 was Aug. 13.

Of a long list of business developments, a majority appeared favorable. However, international tensions over the latest U-2 incident, Algeria, Cuba and Berlin continued to be a major unsettling influence, analysts maintained.

The Dow Jones industrial average closed at 599.14, off 3.31.

Volume rose to 3,050,000 shares from 2,970,000 Tuesday, and was the highest in over a week. Even so, this was far below the daily average for the first eight months of the year.

AP AVERAGE DOWN

The Associated Press average of 60 stocks dipped 1.2 at 222.

Standard and Poor's 500 stock index finished at the day's low point of 58.12 off .44.

Motors were about the only section to buck the downtrend. Chrysler gained 1¼, the fourth most active stock.

Among the favorable news was the motor industry's sharp increase in planned September production.

International Nickel closed ⅜ higher among Canadian stocks. Down ⅞ was Walker-Gooderham, while Granby Mining was off ⅝. Hudson Bay Mining closed ½ lower. Off ⅝ with Aluminium Ltd., Distillers Seagrams and McIntyre Porcupine.

American Stock Exchange prices declined on volume of 860,000 shares. Shawinigan was off ⅝, and Scurry Rainbow Oil ¼. Jupiter Corp. and Brazilian Traction were down ⅛.

TORONTO

TORONTO (CP) — Canadian Oil regained prominence in a slipping stock market Wednesday, reflecting rumors of imminent takeover.

The stock jumped to 40¾—highest since 1943 — in early trading, but by the close had dipped to 40, a gain of ½ on the day. Power Corporation, a major Canadian Oil shareholder rose 1¼ to 58¾.

Canadian Oil officials are understood to be reviewing several definite offers from U.S. companies, although no names have been disclosed. Speculation, however, showed up in the stock's trading as it again topped the list of active industrials, showing a volume of more than 13,000 shares.

Banks snapped a string of recent losses, as Montreal, Nova Scotia and Canadian Imperial Bank of Commerce all gained ½, while Royal rose ¾.

LIST WEAK

Weakness, however, was predominant in the main list, as Moore Corporation fell 1¾ to 43¾, Aluminium dropped one point to 24, Distillers Seagrams and Calgary Power each decline ½, and Gatineau Power slipped ¾.

On the exchange index, industrials fell 1.80 to 552.10, golds off at 94.17, base metals 1.16 at 185.15 and western oils .66 at 106.24. Closing volume was 3,684,000 shares compared with 6,015,000 Tuesday.

Base metals were weakened by Falconbridge's drop of 2½ to 49½. International Nickel dropped ¾, Labrador ½ and Hudson Bay Mining ¾, while Noranda rose ⅛. Speculative activity slackened substantially.

Among western oil, Calgary and Edmonton and Home both slipped ¼, Home B ⅜ and Home A ⅛. Great Plains Development advanced ⅛.
