MOTEL'S FIRST GUESTS

The first guests of the new Westerner Motel in Alberton are shown receiving the keys to their room on Tuesday evening. Providing accommodation at its best the new 12-unit motel will be officially opened in two weeks time. Six of the units are ready for occupancy and the restaurant is expected to be completed in about 10 days. Pictured above are Mr. and Mrs. Charles Gordon, joint managers (left) and the guests Mr. and Mrs. Richard Mullally of Sherwood trailer park, Charlottetown.

Amateur Sports Grant Suggestions Compiled

Eleven suggestions in connection with federal assistance to the province for developing physical fitness and amateur sports have been sent to Prime Minister John Diefenbaker by Hon. George Dewar, minister of education.

SURVEY MADE

The suggestions were drawn up as a result of a survey of physical fitness and amateur sports programs, made by David Boswell, provincial director of physical fitness.

Recently, the federal government set aside $5,000,000 for promotion of physical fitness, and asked the provinces to submit their views as to how the money should be allotted.

The first suggestion contained in the survey was that there be an annual federal grant to the provinces. This grant should not be based on population, but on existing programs and proposed programs, which should take into consideration the needs of all citizens.

Called for was a federal-provincial - municipal agreement for the construction of any facilities which would further promote the effectiveness of physical fitness plans. Suggested was that in the smaller provinces with a low economy, the percentage agreement of facility costs should be: federal, 50 per cent; provincial, 25 per cent; municipal, 25 per cent.

SPECIAL CONSIDERATION

It was asked that special consideration be given to physical education in schools, community recreation programs, and facilities for these.

It was requested that all non-supporting amateur sports should be assisted and promoted as much as possible, and suggested that all track and field athletes should be financed to national and international competitions. That is, provincial representatives to these competitions.

Other suggestions were that: provincial department physical fitness staffs be further strengthened, so that their duties become as specialized as possible; that facilities and leadership be provided in communities where there is no current program of physical fitness because of cost; that research be done to provide norms and standards for physical condition, and that some seasonal or annual system of testing the school and adult population be devised; that budgets be increased for those provincial organizations conducting programs to encourage physical fitness and amateur sports; and that federal and provincial authorities meet to discuss in detail the future program, and to establish mutual co-operation on federal-provincial views.

Paris has a total of about 360 art galleries, compared with 350 movie theatres.

WESTERN BRIEFS

TO TORONTO

Miss Sarah Murray has returned to Toronto after spending a few days with her grandparents, Mr. and Mrs. Daniel Buchanan, O'Leary.

RECENT GUESTS

Mr. and Mrs. William Jay, Charlottetown, were recent guests at the home of the latter's mother, Mrs. Ella Jelley and daughter Mrs. Jean Collicutt, O'Leary.

AT BREADALBANE

Mr. and Mrs. George L. Bernard and family, O'Leary were recent guests at the home of the latter's parents, Mr. and Mrs. Willard Inman, Breadalbane.

WERE GUESTS

Mr. and Mrs. Charles F. Willis of O'Leary were guests at the home of the former's parents, Mr. and Mrs. Bertram Willis, Charlottetown.

VISITED O'LEARY

Mrs. William Ford and daughter Darla, returned to their home in Charlottetown on Monday after spending two weeks with her parents and brother, Mr. and Mrs. Elvin Boulter and Everett, of O'Leary.

VISITED CITY

Mr. and Mrs. Orville Willis and son Brian, of O'Leary were visiting recently in Charlottetown.

HEART ATTACK

Sgt. Milton Doyle of the Summerside police force is still confined to Prince County Hospital where he has been a patient for the past two weeks as the result of a heart attack.

Too Late To Classify

RE-OPENING dance Saturday night at the Allendale Dance Hall, York. Music by the Three Mac's. Canteen service. Ample parking space.

POSTPONED annual meeting of Hartsville congregation will be held Tuesday Jan. 9 at 2 p.m.

Upsurge In Beef Cattle Is Planned

BY NEIL A. MATHESON
Provincial and Farm Editor

One thousand head of beef breeding stock will be brought to the province this year, if present objectives are realized, it was learned yesterday from Livestock Director L.W. Roper.

Mr. Roper suggests the Island can handle 250,000 cattle. That compares with the 118,000 cattle population estimate in June, 1961.

The livestock director was clearing his desk yesterday after returning from a trip to the United States, where he spent his annual vacation. And an enlargement of the program, that brought some 440 head of beef breeding cattle to the Island in 1961, stands high on the list of objectives.

Approximately 120 head of angus cattle came in last year, and there are now approximately 36 angus breeders in the province. There were only about six as recently as three years ago, Mr. Roper stated. The blacks were distributed over an area "from Alberton to Annandale." Some 250 shorthorn cattle were brought in by breeders.

There were 30 hereford cattle, and a mixed lot of all three beef breeds numbered 39, he said.

"If all Island farmers brought their pasture carrying potential up to the standard of men like Wilfred Furness and Son, and Vernon and Keith Barrett, Belmont Lot 16, who carry 1.2 cows per acre, the cattle patential of the province could be upped tremendously.

NEW TREND STRESSED

"Add to that something more than an acre of grain, and a farmer could carry one cow for every three acres, he suggested. The department policy is stressing a trend away from potatoes to more livestock, and the livestock director suggested that the fertilizer used on an acre of spuds would give excellent stimulus for three acres of grain, with a production of approximately 150 bushels.

"A man with 100 acres of clear land should be able to carry 30 head of cattle and feed them from his own production," it was suggested.

And more grain production is being urged by the department for 1962, because of the fear that Western grain production may be down sharply. The same advice is being given to Ontario farmers where agricultural leaders are striving to make their livestock men less dependent on Western feed grain.

There are thousands of acres of cleared land that could be brought into production of grass and grain. With lime and fertilizer application, it would increase the livestock feed production potential tremendously, he said.

There were 203,000 acres of hay and 153,000 acres of grain, including oats and mixed grain, produced in 1961, it was learned from S.C. Wright, deputy minister of agriculture.

Fisheries Dept. Making Water Pollution Study

CAPITAL BUREAU
OF THE GUARDIAN

OTTAWA — Studies designed to make the best possible use of the annual fish catch are an important factor in the world's food supply gap, Hon. J. Angus MacLean, federal fisheries minister toldthe Fisheries Research Board of Canada.

The board, which is composed of 16 members plus a full-time chairman Dr. J.L. Kask of Ottawa, opened its annual meeting here Thursday.

Mr. MacLean said the board's scientists had contributed substantially in improving methods of fish handling, preservation and processing, as well as in developing by-products.

STUDIES IMPORTANT

"The proposed studies leading toward increasing our fishing efficiency in international waters, so that Canadian fishermen can continue to reap their fair share of the international catch in the face of growing competition are, in my view, very important," Mr. MacLean said.

He said it was commendable that a concerted effort toward achieving this is being planned by the board, the department of fisheries and other government agencies.

Mr. MacLean also referred to the dangers of water pollution, pointing out that increasing industrialization and urbanization was often matched by increasing pollution of waters.

He said as new chemicals and pollutants were added to the waters daily, it was vital to be able to recognize and neutralize these in order to minimize the effects on aquatic life.

The fisheries minister also commented favorably on the closer association between board scientists and the Canadian universities.

"This close association ensures that the best brains in Canada in our field are working in the interest of our primary responsibility, Mr. MacLean stated.

FIRST BABY IN PRINCE COUNTY

The first baby to be born in Prince County in 1962 is the daughter of Mr. and Mrs. Harold Arsenault of Duvar. The baby was born at 10.50 a.m. on New Years Day, at the Community Hospital, O'Leary. Dr. C.W. Bugden was the attending physician. The baby's name has not yet been decided. Shown above are Mrs. Arsenault, and baby also nurse Miss S. Hazel Smallman, RN.

HALIFAX (CP)—The weather office says skies should remain clear but the air will remain extremely cold. A few snowflurries are expected to spread into the southern half of the district this evening.

Regional forecasts:

Halifax and vicinity, South Shore, Annapolis Valley: Clear becoming cloudy with a few snowflurries in the evening; extremely cold; northwest winds 20 with gusts to 35 becoming northwest 15 during the morning. Low-high at Halifax 2 below and 15 above, Yarmouth 5 and 10, Kentville 2 below and 10 above.

Northern Nova Scotia, Eastern Shore, Cape Breton, Prince Edward Island: Cloudy; extremely cold; northwest winds 20 with gusts to 35, diminishing during morning to northwest 15. Low-high at New Glasgow and Goshen 5 below and 10 above, Sydney 3 and 10, Charlottetown 5 below and 5 above.

High tide today at Charlottetown at 10:14 a.m. and 9:24 p.m. at Rustico at 6:28 a.m. and 4:45 p.m. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 7:22 and sets at 4:48.

CN Offers Tourist Trip

MONCTON — Last year Canadian National Railways offered the Canadian and American travelling public its first combined Gaspe-Maritimes tour. The trip proved so popular with the tourists that the railway is renewing it for the new year.

The Gaspe tour itself was established in 1937. It operates daily during July and August from Mont Joli on a four-day schedule through Cap-Chat, Riviere-aux-Renard and Perce.

The Maritimes extension is offered those who would enjoy a longer trip. The 12-day tour carries visitors through such Maritime centres as Charlottetown, Saint John, Moncton, Bathurst, Chatham, Sydney, Kentville, Digby and Halifax.

Mboya Discloses He's To Become Roman Catholic

NAIROBI (AP) — Kenya nationalist leader Tom Mboya disclosed Thursday he has been taking instruction in the Roman Catholic faith preparatory to his marriage Jan. 20 to Pamela Odede — daughter of former Mau Mau detainee Walter Odede.

The bride is a 22-year-old social welfare worker who recently returned to Kenya from higher education in the United States. She also has been taking Catholic instruction. She will be given away by her manded 16 cows as ad-ed father, who said he had demanded 16 cows as a dowry from Mboya.

"This price would have been 12 if I had been kind or 24 if I had been harsh," said Odede. "That is what a daughter is worth according to custom. The cows will be paid in instalments."

HEADS U.S. NAVY

WASHINGTON (AP) — Fred Korth, 52, a former assistant secretary of the United States Army, became the navy's new civilian boss Thursday. He was sworn in as secretary of the navy by Defence Secretary Robert McNamara in a ceremony here.

DAILY MARKET QUOTATIONS

SUMMARY

By THE CANADIAN PRESS

Toronto — Market higher; heavy trading.

New York — Market lower; early gain fades.

Montreal — Market higher; heavy to active trading.

CURRENCIES

MONTREAL (CP)—The U.S. dollar closed at a premium of 4 15-32 per cent in terms of Canadian funds, up 1-32 from Wednesday's close. Pound sterling closed at $2.93⅝, up ⅛.

NEW YORK

NEW YORK (AP)—Big investors took some long - term profits Thursday and the stock market erased an early gain, closing with a sharp loss. Trading was heavy.

An estimated $2,200,000,000 was clipped from the quoted value of stocks listed on the New York Stock Exchange, based on the fall in The Associated Press average.

The most active stock, Brunswick, fell 4⅛ to 46⅝ on huge turnover of 230,400 shares.

Nine of the 15 most active stocks declined and six advanced. Among the gainers was Chrysler, up ⅝.

The Dow Jones industrial average fell 3.48 to 722.53.

The Associated Press 60-stock average dropped 1.50 to 260.70.

The market was higher at the start. Rails followed through in early trading on their vigorous rally of the previous session. Steels, chemicals, utilities and a wide range of selected issues followed suit.

McIntyre Porcupine gained ¼ among Canadian issues while Aluminium Ltd. was up ⅛. Dome Mines lost ½ and Canadian Pacific and Hudson Bay Mining were down ¼ apiece.

Prices were mixed on the American Exchange. Canadian Marconi, Scurry Rainbow Oil and Shawinigan each dropped ⅛.
