WEDDING BELLS.—A pretty wedding was solemnized in St. Joachim's Church, Vernon River, on Wednesday morning, October 18th, when Miss Margaret J. Quinn, Waterfalls, was united in marriage to Mr. James H. Laverty, Auburn. The bride was attended by Miss Annie Dunn, Charlottetown, while the groom was ably supported by his brother, Mr. Joseph Laverty. After the marriage ceremony which was performed by the pastor, Rev. P. D. McGulgan, the wedding party motored to Charlottetown where dinner was served at the bridge party at the Revora Hotel. The afternoon was spent in visiting places of interest in and around the city, afterwards returning to the home of the bride where a sumptuous supper was served to over one hundred and fifty invited guests, relatives and friends of the married couple. The evening was pleasantly spent in music and dancing. The gifts which were numerous testify to the popularity of the young couple. We all join in wishing Mr. and Mrs. Laverty many years of happy wedded life. (Patriot please copy.)

SUTTON - MURPHY—A wedding of much interest to a large number of people of this city took place a few days ago at Glace Bay, N. S. when Miss Maud Murphy daughter of Mr. and Mrs. John D. Murphy Upper Hillsborough Street of this city was united in marriage to Mr. Berkley J. Sutton one of Glace Bay's most popular men, clerk in the General office of the Dominion Coal Company. The marriage ceremony was performed by the Rev. Harry Watson in St. Mary's Church (Anglican) before a large number of friends. The bride was attended by Miss Hilda Jacobs, while Mr. Percy McPherson supported the groom. After the ceremony the couple drove to the home of the groom's sister Mrs. John McPherson where a wedding supper was served. The groom's gift to the bride was the bridegroom a gold wrist watch to the bridegroom a gold stick pin. A large number of valuable and useful wedding presents were received by the young couple which goes to show the popularity of both. The members of Sisters of Clister L. O. B. A. of which the groom is a member turned out in numbers and showered the young couple with valuable and useful articles to start their new life. Also among those who called on the newly wed couple were the fellow workers of the groom who presented them with two handsome chairs and a lamp stand. The following address was read Dear Brother and Mrs. Sutton.— It was with great joy and gladness that we learned that you had entered into a state of wedded bliss. We hasten to offer you our sincere congratulations and best wishes for a long and happy journey down life's road together. In choosing a life partner Mr. Sutton you have showed evidence of good judgment and taste. If our best wishes were the only regulations to ensure your happiness in the married state; you would never have cause to regret the step you have taken. We will say to your winsome and charming bride "you have come amongst us as a stranger, but we cordially welcome you to our midst, not only for the sake of our dear and beloved brother your husband, but for the sake of your own charming ways. Wishing you the very best of Heaven's choicest blessings. Sisters of Clister L. O. B. A.

AMOUNT OF CANNED FRUITS AND VEGETABLES FOR FAMILY OF FIVE.

According to a recent announcement, certain nutrition specialists of Cornell College of Agriculture, are working on a canning budget that will serve as a guide for the amounts of canned fruits and vegetable needed to keep a family of five well nourished for a year.

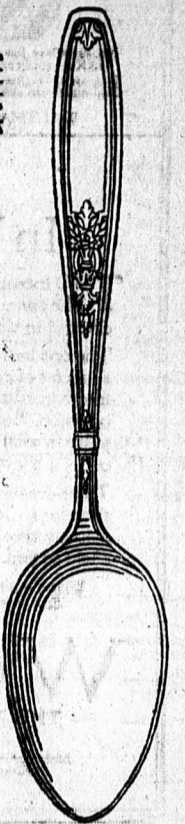

The budget recommends the use of tomatoes for the year, green vegetables six times, starchy vegetables three times, and fruits ten times a week. The quantities of food such a family might well use are about 80 quarts of tomatoes, 120 quarts of green vegetables, 60 quarts of starchy vegetables, 220 quarts of fruits and 40 quarts of conserve, jam and jellies.

Because of the presence of anti-scorbutin and water-soluble vitamins, the budget says, tomatoes are provided in quantity, but the use of oranges at certain seasons of the year may somewhat decrease the amount of tomatoes used. Either oranges or tomatoes are desirable for children throughout the year. The amount of vegetable stored, it continues, such as cabbage or celery, affect the quantity of green vegetables provided by the canning budget, and the amount of fresh or dried fruits such as apples, prunes and oranges used during the year, must also be considered in estimating the amount of fruit to be canned.
