CURRENCIES

MONTREAL (CP) — The U.S. dollar Tuesday closed at a discount of 2 3-16 per cent in terms of Canadian funds, up 3-16. Pound sterling $2.75⅜, down ⅜.

TORONTO

TORONTO (CP) — The stock market, for the second straight session, Tuesday pushed aside profit-taking and rambled to a moderate gain amid average trading.

Base metals were up 1¼ points and western oils nearly a point on index. Golds, however, failed to attract the buying and suffered a loss of three-quarters of a point.

The selling for profits gained in last week's rise started at the opening but was non - existant among most issues by noon. Key issues in major sections were boosted in the final half of the session and gains among industrials ranged to more than a point.

Senior base metals were led by Noranda's one-point rise to 40. Other seniors gained fractional ground. Quemont, Waite Amulet, Opemiska, Geco and Mining Corp. were ahead 20-35 cents among medium-priced mines.

Central Del Rio was the leading winner in the oil list, jumping 45 cents to a 1958 high of $7.50. A few other issues gained 15-20 cents but most advances were less than that. Losses were still smaller.

Index changes: golds off .79 to 78.80; base metals up 1.30 to 152.91; western oils up .91 to 101.30.
