RECRUITING.—A Halifax exchange notes.—Recruiting figures for last week show that Nova Scotia led New Brunswick by sixty-eight men, and Prince Edward Island by 264. The totals were: Nova Scotia 345, New Brunswick 277, and Prince Edward Island 81. The response of Pictou, Cape Breton, Cumberland and Colchester Counties was magnificent.

JOINS 105TH.—Among the recent recruits to the 105 Highland Brigade is Private Mack Ferguson, of Hampton, the first young man to volunteer from this prosperous district. Private Ferguson is a member of the club in coming forward to serve King and country at a great sacrifice to himself has set a splendid example to the young men who are seriously thinking of joining the colors.

OF LOCAL INTEREST.—Mr. R. DesBrisay, travelling passenger agent C. P. R., who has been appointed assistant to P. R. Perry, general passenger agent C. P. R., New York, was in Halifax last week and left Monday to take up his duties. GOOD SHOWING.—Figures just compiled show that 1,100 of the last and undergraduates of the University of Toronto have enlisted for overseas service. It is not too much to say that this very creditable showing is due very largely to the personality and well known patriotic views of the president of the University, Dr. R. E. Falconer. President Falconer is one of the outstanding men of the Dominion, not only as a scholar and educationalist, but through his comprehensive grasp of matters affecting the public well being. Like so many prominent educationalists, he comes from the Maritime provinces, having been born in Charlottetown, P. E. I., in 1867. He was educated in Trinidad, and at the university of Edinburgh, Leipzig, Berlin and Marburg. Before his appointment to the presidency of the University of Toronto, which took place in 1907, he was principal of Pine Hill College, Halifax. Through his knowledge of Germany and the German character, Dr. Falconer is particularly well fitted to treat this subject as observed in his quarterly reviews of the situation.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Drug Lists, 75c. F. J. CHENEY & CO., Toledo, O.

The Dyspeptic Says,

"You musn't drink coffee. You musn't take tea. And milk is a substance Where microbes make free. You musn't over-sleep. You must take plenty of rest. You may not eat meat. Nor the things you like best. There's danger in bread On account of the yeast, And fruit makes a most undesirable feast. How can you keep up With life's dreary grind, With naught in your stomach, And much on your mind?"
