ENGAGEMENT ANNOUNCED.—Mr. Edward Small announces the engagement of his eldest daughter Gladys Matilda to Louis John Calver, of St. John's, Nfld, marriage to take place the middle of July. 7516

WINS HIGH HONOR — In the recent prize essay contest conducted by the I.O.D.E., one of the winners was Miss Anna K. Bennett of Prince Street School, who obtained second place in the Dominion. Anna is a pupil of Miss Irving, Grade VII Prince Street School, and a daughter of Prof. and Mrs. Bennett, Upper Prince Street.

TEMPERANCE ALLIANCE MEETING—The Temperance Alliance of Prince Edward Island will meet in special session Thursday, July 7th at 2.00 p. m., in the board room of the Y.M.C.A., Charlottetown. All interested are urged to be present. Important business. C. W. Crosby, President, R. H. Staver, Secretary

WARNING TO BICYCLE DRIVERS.—What might have proved a most serious accident occurred about nine o'clock Saturday evening when a lady was knocked down at the corner of Great George and Richmond Street by a young lad driving a bicycle. The lady received some bruises and a severe shaking up. This should be a warning to other boys to carry a bell on their bicycles and thus safeguard citizens at the crossings.

TWO ACCIDENTS—During the fire-works display at Victoria Park last Friday night, in connection with the Confederation celebration, two unfortunate accidents occurred. Mr. Ernest Heartz, fireman, was considerably burned about the hand, when holding an ignition rocket, and Mr. Lyman Jay of Montague, suffered a fractured shoulder when he was struck by it thought, by a flying rocket. Both men were taken to the hospital, Mr. Heartz to the P. E. I. Hospital, Mr. Jay to the City Hospital.

TRAFFIC ADMIRABLY HANDLED—A feature of the Confederation celebration during the last few days, was the admirable manner by which the unusual heavy automobile traffic was handled by the Police Officers under the direction of Acting Marshal Sergt. Allan McInnis. Numerous were the expressions of approval heard from citizens on the way this phase of active supervision. Not one accident, despite the many cars on our streets and the many pedestrians about, has been reported. The Police personnel deserve high commendation on their good work.

FAREWELL MEETING.—Adj. and Mrs. Davis who have been stationed in Charlottetown for the past two years as commanding officers in charge of the Army work in this city, have received orders from headquarters to proceed to Toronto. A farewell meeting was held in the Citadel last night. Many of the soldiers and friends expressed their regret to having to say good bye to the officers, also their deep appreciation of the faithful work rendered by them while in Charlottetown. We wish them success and God's blessing in their new charge. A farewell social will be held tomorrow evening at 8 o'clock.

MARRIAGES LIVINGSTON-TURNER.—At the home of the bride's mother, Upton, P. E. I., on June 29, 1927, by Rev. D. McD. Clark, John D. Livingston and Mary T. Turner.

ing with heart and soul with loyalty to the Crown and patriotism to our country the Diamond Jubilee. KING'S MESSAGE

Copy of Message from His Majesty the King: Today my people of Canada unite to celebrate the Diamond Jubilee of Confederation, and on such a day they may well look with a just pride on the achievements of the past and with a confident hope to the promises of the future.

In sixty years, the boundaries of Confederation have extended tenfold, and its Governments are now responsible for the welfare of nearly ten millions of inhabitants. By labour, peace and sacrifice of war Canada has become a mighty nation. Aims as lofty and labours as strenuous await her in the future. Within her own bounds her people have before them the task of developing the heritage which their fathers have left them. In a yet wider sphere she has to take an ever increasing share in guiding and solving problems of the great Commonwealth of which she is a part, conscious that within it there is perfect freedom and that the unity of the nations of the British Empire is the surest guarantee of peace of the world to-day.

VACATION BIBLE SCHOOL—St. Paul's First Baptist and Trinity Churches are co-operating to conduct a Vacation Bible School for one month, beginning Monday, July 4th. The sessions will be held in the Heartz Memorial and St. Paul's Parish Hall each week day morning except Saturday from 9-10 to 12 o'clock. All the children of these churches and any others who may care to come from 4 to 12 years are urged to attend. As many of the classes as possible will be held out of doors. The course will consist of Worship, Bible Study, Music, handwork, play etc. The Vacation Spirit will be maintained. Every hour will be made bright and attractive. The children are sure to enjoy it. Will parents see that their children are enrolled for at least part of the month?

PERSONALS Mr. Stanley Winchester of Belmont, Lot 16 spent a pleasant weekend in Charlottetown.

Rev. Louis McKory has returned to Libby, Mont., after spending a short vacation in this city.

Mrs. Jas. F. Smith has arrived from Lundbreck, Alta., on a visit to her mother, Mrs. Catherine Griffith, Weymouth Street. She is accompanied by three of her children.

Captain James Roach, Richmond St., left Saturday morning for St. John to rejoin his ship C.G.S. Carlier. He has been recuperating after an operation in Victoria General Hospital, Halifax some time ago.

Miss Ruby MacDougal, Charlottetown spent the holiday in Summerside the guest of Rev. Mr. and Mrs. W. H. Harding and Miss Rosa.

The Rev. J. Bastace Purdie, B. D., Principal of the Central Canadian Bible College, Winnipeg, arrived in Charlottetown, Thursday night to spend the summer with his family. During the college year there were sixty six students taking the full course, which is exactly double the number of the previous year. After the closing of the institution the end of April Mr. Purdie took a Bible Conference and Mission tour speaking for several days in thirteen cities and towns from Winnipeg to Victoria, B.C. Last Sunday he preached in St. James' Church, Saskatoon, (his former parish) and of which the Rev. Canon Haslam, an islander, is now the Rector.

Stars practice this evening Victoria Park at 6 o'clock. All players in uniform.

FUNERAL AT MONTAGUE The funeral of the late A. Morton Lane was held from his late residence at Montague yesterday afternoon to Pownal Cemetery. The services at the house were conducted by Rev. J. Stirling assisted by Rev. H. Pierce. Services in Pownal church were conducted by Rev. H. Littlejohns assisted by Rev. H. Pierce and Rev. J. Stirling. The pallbearers were N. J. Nicholson, Isaac Burden, Ewen Houston, R. W. Stewart, Wm. MacLean, L. B. Melish.

And praise their glorious deed. Let other nations sing the past. Then sons their glance must backward cast. Whilst ours shall look ahead.

Republics rot and kingdoms fall, Time other states devour, But thou shalt spread their funeral pall. Sweet Canada of ours. (Loud Applause)

The addresses were interspersed with patriotic songs of the school children under the direction of Prof. W. E. Fletcher with orchestra accompaniment which included: "O Canada," "The Island Hymn," "O God Our Help in Ages Past," and "God Save the King."

At 8.30 o'clock a large parade of the units in camp and the firemen took place from the City Hall, which was led by the Great War Veterans' Band. The fire equipment included a hand-pump 115 years old, the 50 year old Silsby and the modern engines.

After the parade was over, thousands of people occupied the grandstand to witness the display of fireworks. A band concert took place at the same time in which excellent music was furnished.

PRINCE EDWARD ISLAND SENDS GREETINGS On the occasion of the celebration of the Sixtieth Anniversary of Confederation, the Premier of Prince Edward Island, Hon. James D. Stewart dispatched the following telegrams:

June 30th., 1927 Right Honourable W. L. McKenzie King, C.M.G., L.L.D., D.C.L., Prime Minister of Canada. Ottawa.

The Government and people of Prince Edward Island unite with you in celebrating the Diamond Jubilee of Confederation. Upon the foundation of belief in God and in the spirit of truth and justice may it be ours so to administer the glorious heritage our forefathers have handed on to us as to make it not only a blessing to ourselves but to humanity.

JAMES D. STEWART PRIME MINISTER The following message was sent to the other Provinces of Canada on behalf of the Government and people of this Province.

"Prince Edward Island joins with your Province in joyful Jubilee. We look with pride upon the past, and forward with Faith and Courage."

JAMES D. STEWART PRIME MINISTER His Honour's Address Ladies and Gentlemen: We are assembled here today to do sincere honor to our wonderful and glorious country, by celebrating in a fitting spirit the Diamond Jubilee of Confederation of the Dominion of Canada.

All of you have read recent references in the press, and have also noticed that active preparations for this great and outstanding event have been in evidence for the past two or three months; but in reality, a succession of incidents, under the guidance of Divine Providence, extending over a period of sixty years, silently, with little outward manifestation but nevertheless surely, cementing this marvelous family of magnificent and splendid provinces into one united whole, has made it possible for us in common with every Canadian today to feel that no truer words were ever written than those inscribed on the tablet commemorating the first meeting of the Fathers of Confederation in the Council Chamber of the Parliament Building in this city: "THEY BUILT BETTER THAN THEY KNEW."

On this occasion, when our hearts and minds are filled with the glories of Canadian achievement, as exemplified by the progress of our wonderful country during the past sixty years, we should pause, and not let this deserving exultation carry us away, and cause us to forget that after all, this vast Dominion, our pride and joy, is only a unit of the Greater British Empire.

We must remember that all we have, everything we have to be thankful for, our great progress, our freedom from disastrous wars, and the accompanying trials and troubles, we owe to that great country on whose flag the sun never sets. The proudest boast any true Canadian can make today is, "I am a British subject."

Eminent orators will speak to you here today on the historical and political phases of the situation, therefore it is not my intention to prolong my remarks, only as far as to tell you a few truths, which no doubt you are already acquainted with. I feel that a little honest boasting will not do any harm on this glorious occasion.

Canada alone is nearly as large as all of Europe. It is larger than the United States, with all its possessions. Canada's forest lands of timber would cover five Spain; and it has the greatest pulp wood resources in the world. Its en-

BRITISH FLYER PREPARING FOR OCEAN FLIGHT CALSHOT, England, July 2.—Captain F. P. Courtney, British aviator who is planning a round trip flight from England to New York arrived here last night on a non-stop from Friedrichshafen, Germany. He covered the distance of 800 miles in nine and one half hours and encountered strong head winds and several hail storms enroute.

This aviator accompanied by his wife who thus accomplished the longest non-stop flight by any woman. Captain Courtney went to Friedrichshafen several days ago to take over a Dornier-Wal all-metal plane, which he intends to use for his trans-Atlantic flights.

Each province of the Dominion of Canada has one or more distinctive features. Ontario surpasses every province and state of every country in the Western Hemisphere in the production of precious metal. Quebec the most French country in the world outside of France, produces more asbestos than all the rest of the world. Nova Scotia has the only large tide water coal fields on the Atlantic coast of America; and the largest fishing fleet in North America sails out of Lunenburg; and Cape Breton is the most Scottish country of the world outside of Scotland. New Brunswick, about as large as Scotland, is rich in agricultural, forest and mineral resources. The world's great wheat market is in Winnipeg. The finest big game hunting grounds are to be found in British Columbia. Saskatchewan grows more wheat than any state or province of any country in the world. Alberta has 14 per cent of the world's coal reserves, and the greatest known gas field is within its borders. And, last but by no means least, Prince Edward Island is the most fully cultivated state or province in all America. With such a heritage, I have no hesitation in saying that the Canadian children who are gathered here and elsewhere today are the most fortunate young people that have ever been born in the world. They are subjects of the King of the greatest Empire the world has ever seen—an Empire that is seven times as large as the Roman Empire at the time of its greatest extent. They are citizens of the brightest jewel in the crown of that Empire composed of many empires; and I believe many of them will live to see Canada heralded as one of the greatest and most outstanding nations that the world has ever looked upon—a nation from whose towers, battlements and turrets no other flag will ever wave, save the Union Jack.

I wish on behalf of Dominion Headquarters of the Boy Scouts Association, to thank the car owners and all others who aided the Boy Scouts of Charlottetown in the decoration of the graves of the Fathers of Confederation on Dominion Day.

Memorial Tower will harmonize with the playing of the bands, the singing of the school children, the acclamations of our people, then the parades, the addresses, the pyrotechnic displays, the general illuminations, flags, decorations, and the assembled thousands will all evidence the fervency of the patriotic spirit with which Prince Edward Island's people have entered into the far-flung celebration. The Dominion now appears to be exceptionally ripe for a long upward trend in intensity of development and the fervent hope of our people is that Your Excellency and your amiable Viscountess may dwell for long years amongst us and vastly assist in declaring the splendour of our country and the glory of our heritage.

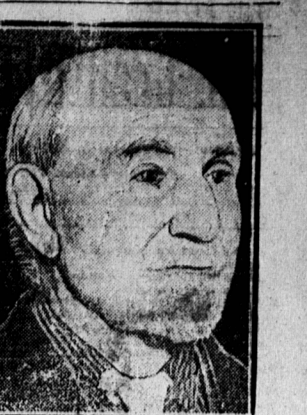

FRANK R. HEARTZ Lieut. Governor His Honour then read the following message from His Majesty the King.

OFFER \$25,000 PRIZE FOR FLIGHT FROM LONDON, ONT., TO LONDON, ENGLAND LONDON, Ont., July 2.—Mayor Moore announced last night that an invitation would immediately be broadcast to aviators to qualify for a non-stop flight from London, Ontario, to London, England, for a prize of \$25,000 to be provided by a local brewery. A machine for the flight will be purchased by the same concern and handed over to the aviator as soon as one fully qualified, preferably a Canadian, has been found to undertake the trip.

"HONORABLE" FOR LIFE FOR FORMER LT.-GOV. OF N. S. HALIFAX, N. S., July 2.—Former Lieutenant-Governor MacCallum Grant received a message from Premier King today advising him that he had been accorded the right to the title of "Honorable" for life.

The demand for improved livestock has been very keen during the present spring and summer, and many farming communities have organized for the purpose of improving their stock within the community breeders. A meeting was held in Canoe Cove Hall for this purpose on Thursday evening last. The meeting was addressed by W. R. Shaw, Livestock Supt., after which a general discussion on means of cattle improvement was indulged in. The meeting culminated in the organization of a Farmers' Institute, for the purpose of securing pure bred bulls for the district. Action of this kind is to be heartily endorsed, as the cattle industry and particularly dairy industry is recognized as the basis of provincial agricultural prosperity. The demand for good grade cows is on the increase, and farmers who use discrimination in breeding and feeding their cattle will find they are indulging in a business that is both profitable and permanent.

Another meeting is to be held at Canoe Cove on Tuesday evening, July 5th at which more members will be signed on the Institute list while the details in connection with the purchase of sires and the working of the Institute will be arranged.
