CANADIAN LEGION—Monthly meeting of the Charlottetown Branch to be held in the Charlottetown Hotel, Thursday evening July 24, at 8.45 p. m. sharp. L-969.

POLICE COURT—In the Police Court yesterday a juvenile appeared in connection with a charge of theft of articles from a local store. He was remanded until Friday.

REPAIRING RIFLE RANGE—Workmen are busy at present repairing the markers and target block on the butts at the Kensington rifle range located in the eastern part of the city. Seven men are employed on the project which is expected to be completed within the next few days. The work is in charge of the Engineers Branch of the Department of Defence.

PAINTERS BUSY IN CITY BUILDING—Painters are engaged at present re-decorating the hallways in the upstairs of the City Building. The walls are being done in buff and the trimmings of the woodwork in dark brown. Recently the City Council Chambers and the Mayor's office was completely re-interior, in its new dress, presents a fine appearance.

REMAINS FORWARDED—The remains of Mrs. Brazil, wife of Conductor William Brazil of the C. N. R., Chapleau, Ont., were transferred from Frank Hennessey's Funeral Home yesterday morning to the C. N. R. depot and forwarded to her late home. The deceased passed away suddenly at the home of her son Vincent in Mermaid Tuesday, where she was visiting. The remains were accompanied by another son, Emmett.

275 MEN NEEDED—The Montreal firm of Reid and Cambridge have recently received the contract to provide a central heating plant for the seven new buildings, in process of construction, at the Charlottetown Airport. The contract totals about \$90,000. Mr. W. A. Cambridge, President of the firm and Mr. David Blais, Engineering Superintendent, were in the city yesterday preparing for an early start on the project. They announced that it is their intention to give local men preference in employment and at present are seeking 275. It is expected the contract will be finished in about four months. This same firm installed the heating system in Prince of Wales College.

SEAMAN HOME ON LEAVE—Harvey MacLean son of Mr. and Mrs. Gordon MacLean of Clyde River is home on leave. He is serving with the Royal Canadian Navy. He brought with him a German incendiary bomb. It landed on a bit of soft ground and failed to ignite. The dangerous material was removed and Seaman MacLean is the remainder as his souvenir of the war, as he saw it overseas. The bomb, which weighed two and a half pounds, was made in 1937, apparently referring to the year of its manufacture. He was in England during a number of air raids, the sailor said. He could not find words to describe the excellent morale of the English people. The more they were bombed the more determined they became, the better became their morale.

LEGION CONVENTION—Delegates from all parts of the Island will gather in Charlottetown today to attend the annual convention of the Canadian Legion which will take place at the Charlottetown Hotel. The morning session will open at 11 o'clock and during it addresses of welcome will be heard from Deputy Mayor J. T. McKee and the President of the Provincial Command. The afternoon session will be a business one and will include a talk by Lt. Col. W. C. Nicholson, D.S.O., M.C., Dominion first vice president of the Canadian Legion, B.E.S.L. In the evening a banquet will be held with Hon. Cyrus Macmillan delivering the main address. At 12.15 p. m. all veterans, both of the Great War and South African War, will parade to the monument to place wreaths.

HAVING SEASON HERE—Farmers throughout Prince Edward Island took advantage of the fine weather of the past few days to get a start with the "haying." Last night hundreds of coils of hay were to be seen in the fields in the various sections of the Island but threatening clouds towards midnight gave farmers cause for anxiety. Although there is more than an average crop this season, the early forecast of an unusually large yield was not materialized. The effects of the cold backward spring are evident in the reduced prospects. There is a lot of good clover but timothy in the meadow is light, work in many and growing fields. In such connection it is noted that he will continue as president of National Railways Munitions, Limited.

PERSONALS—Mrs. Arthur Brown and her three children Earl, Terry and Patricia are spending their vacation at Pownal, the guests of Mrs. Brown's mother Mrs. Pearl Heman.

Mr. and Mrs. John Folland have returned to their home in Marshville after attending the marriage of Mrs. Folland's brother, Mr. Neil Marks.

Cpl. Jack MacPhee of the Scottish Regiment left Friday morning to join his unit in Debert, N. S., after spending his furlough with his parents Mr. and Mrs. Mal A. MacPhee, Heatherdale.

Mrs. J. L. MacAulay and her two sons, Gerald MacAulay and Ekin MacAulay of Upper Hillsboro St. Charlottetown, left yesterday for New Brunswick, where they will visit their parents, Mr. and Mrs. J. L. MacAulay, before returning in about two weeks.

I.

These men were the most advanced in training at the camp and lately have been daily undergoing strenuous rifle drill, physical exercises, bayonet drill, and showed remarkable form considering that they had only two months basic training.

Thirty five of the thirty-eight men in the platoon have already passed first aid tests, according to the St. John Ambulance standards, and will receive certificates. More than 60 per cent of them have passed the difficult map reading exams. 75 per cent have become efficient in using the Lewis machine gun and the anti tank gun. About 70 per cent have passed the test in gas protection.

Lieut. J. W. Bell, West Royal, who served in the last war with the 24th Victoria Rifles of Montreal and received his wings in the Air Force, was in command of this advanced platoon. He is very pleased with the fine showing the boys have made as is also Lt. Col. P. I. Andrew, M. M., Officer Commanding, and the other officers at the camp.

Before leaving the boys were presented with knitted goods by the Red Cross and cigarettes by the Provincial Government through the Carry On Canada Corps. The presentation was looked after by Mr. Andrew, M. M., Officer Commanding, and the other officers at the camp.

The directors of the National System are fortunate in being able to announce the appointment to the Presidency of an officer having the exceptional qualifications for the post possessed by Mr. R. C. Vaughan. Mr. Vaughan's railway career spans over some 42 years. During 38 years of service with the Canadian National Railways and predecessor companies he has occupied a number of important posts and is thoroughly familiar with all phases of the activities of the organization. He has been a vice-president since 1920. In the interim of Mr. Vaughan to the chief executive office the directors look forward with confidence to the continued development and success of the National System.

invoked against other Axis powers. Belief was expressed also that the people of Britain and the Dominions would welcome dramatic British counter-action in the Far East just as in Syria.

Grave concern over the threat to Singapore and the rubber and tin riches of the Netherlands East Indies through any Japanese occupation of southern Indo-China was evident in London.

Eden told Parliament that the Government knew of reports that the Japanese planned such occupation and said Japanese press allegations of British designs on Thailand and Indo-China were false.

The Foreign Secretary pointed out that Britain has a non-aggression treaty with Thailand but said it was aimed against a third power only "in so far as such third power may attempt to interfere with those excellent neighborly relations which have always existed between Great Britain and Thailand."

The defensive situation in the Netherlands East Indies was regarded in London as 100 per cent better than it was in 1940.

Retirement of C. N. R. President S. J. Hungerford

He Is Succeeded By Vice President R. C. Vaughan.

(Special To The Guardian) It was announced today by W. H. Hobbs, secretary of the Canadian National Railways, on behalf of the Board of Directors that Mr. S. J. Hungerford has resigned as President of the Canadian National System, including Canadian National (West Indies) Steamship, Limited, Canadian Government Merchant Marine, Limited and other subsidiary and affiliated companies, but will retain the position of chairman of the Board of the Railway, and that Mr. R. C. Vaughan now Vice-President in charge of purchases, stores, and steamships has been appointed president and chief executive officer of the National Railway Company and its steamship and rail subsidiaries. The appointment takes effect tomorrow.

It was also announced that Mr. Hungerford has resigned as president of the airline Mr. Symington has been a director of T. C. A. since its inception.

Associated with these announcements the following statement was issued on behalf of the Board: "In submitting his resignation to the Board Mr. Hungerford stated: 'The responsibilities and activities of the Canadian National System are continuously expanding, and the war has brought many new problems affecting the whole range of the railway's work. I feel that it is advisable that we take steps at this time designed to ensure continuity of executive judgment and action not only through the present times of stress but also in the years ahead, and this can best be done in my opinion by the appointment of a younger officer to be chief executive of the system.'"

"The Board accepted Mr. Hungerford's resignation with regret but were gratified that the former remained as chairman of the Board and that the Canadian National Railways would therefore continue to have the benefit of his great experience and knowledge of the affairs of the system. The Board recognized that the expanding activities of the railway resulting from the war had added greatly to Mr. Hungerford's already heavy duties, and that, freed of some of these duties, he would be enabled to devote particular attention to the railway's work in many and growing fields. In such connection it is noted that he will continue as president of National Railways Munitions, Limited."

The Board record their appreciation of the debt of gratitude which Canada and the National System owe to Mr. Hungerford for his outstanding constructive and operating abilities have played so important a part in the development of the

Princesses' Dolls to Aid Refugees Living Here

Two little visitors from Buckingham Palace whom Princesses Elizabeth and Margaret Rose have proudly played with and family classed, arrived in Charlottetown yesterday. Their names are France and Marianne. They were born in France and all about them is the tradition of love of beauty and charm of the French people. The Queen herself sent them to Canada to go on tour in the interests of the work of the Canadian National Committee on Refugees. They have come complete with wardrobe and accessories, all designed by the most famous of the French couturiers and wrought by the most celebrated textile manufacturers. France and Marianne were the gift of the French children to the English Princesses. When the King and Queen visited Paris in 1938, the French children cried: "Please, can't Elizabeth and Margaret Rose come too?" But there is a clause in the English constitution which prevents the Monarch and the Heir Apparent being out of the country at the same time.

Garbed by Fashion Leaders So the French children, anxious to send their love to the little Princesses in Canada, and their mothers, the Queen and Queen Elizabeth, who were the fashion leaders for the creation of two beautiful dolls, which were fashioned by Duneau, the world's greatest doll-maker, for the King and Queen to take home to their little daughters. The great moulders of the world's fashions, Worth and Lelong, Paou and Piquet, Bruyere and Massey Reid, Agnes and Yvonne and others, donated their talent toward the fashioning of the most exquisite and handsome of garments—two for the King and Queen and two for the little Princesses. Margaret Rose, who cherished them deeply but who has been glad to let them come on tour so that others, too, may see what a lovely gift the children of the world have sent them. Not only for that reason but to help in good causes.

Now they have come to spend the next few months in Canada, and they may be seen beginning tomorrow and until July 31st at the R. T. Holman's company store in the Hillsboro Chapter of the I. O. O. F. are taking care of all the expenses involved in their appearance here. So that every little boy every visitor contributes will go to the Canadian National Committee on Refugees for its work.

To Help Englishwomen The money will be devoted chiefly toward helping Englishwomen who brought infants in arms and little ones under five to this country—women for the most part whose husbands are missing or killed in action. They are women who are stranded here without money and for whom no Government provision has been made. To a lesser extent the money will be devoted to caring for refugees.

Island Nurse at Clearing station MONTREAL, July 23—(CP)—The commanding officer of the 8th Casualty Clearing Station of the Royal Canadian Army Medical Corps, recently mobilized here for active service, is a Nova Scotian and six of the eight nursing sisters attached to the unit are from the Maritime.

The commanding officer is Lt. Col. Clifford S. Thompson, who was born at North Sydney, N. S., attended Sydney academy and Mount Allison University, graduated in 1925 and has been on the staff of Royal Victoria Hospital since his graduation.

The nurses are headed by Margaret Amelia Smith, whose home is Campbellton. B. Other Maritime nurses in the unit are Margaret B. Hawkesworth, Digby, N.S.; Emma Jean Blankhorn, Canning,

PETALLED REFUGEES Several shipments of rare and costly orchid plants have been brought from bomb-torn Britain to the United States.

SLEEPING SEEDS Weed seeds buried deeply, will remain dormant many years and germinate readily if brought close to the surface by cultivation.

N.S. Kathleen Isabell MacLeod, Kinross, P.E.I.; Jean Irvine Raywood, Upper Cape, N. B.; and Erna Margaret Murray, Stellarton, N. S. All were trained in Montreal hospitals. They will spend five to six weeks at Kingston, Ont., and then will be allotted to various military hospitals in Canada until the unit is ready to go overseas.

NOW THAT GIVES ME AN APPETITE! Breakfast time, and do you say... if not, you won't get the "head start" you need! Tomorrow morning, start the day better with a bowlful of crisp, delicious Kellogg's Corn Flakes. The first tasty spoonful will tell you why 4 out of 5 Canadian women voted Kellogg's tops for flavour. And why trained taste experts unhesitatingly agree. Kellogg's appetizing flavour is actually a help to digestion. They're sustaining, too; Kellogg's Corn Flakes, with milk and sugar, help give you the food energy busy people need. No wonder more people eat Kellogg's Corn Flakes than any other ready-to-eat cereal in the world! Get several packages tomorrow. Made by Kellogg's in London, Canada.

Kellogg's CORN FLAKES THE ORIGINAL KALAGOG'S Economical! Just a few pennies for the whole family! Serve the '30-second breakfast tomorrow! In two convenient sizes at your grocer's. "Kellogg's First" say 4 out of 5. Yes, during the last three years, 5000 women have been asked "What is your family's favourite cereal?" Year after year, Kellogg's Corn Flakes have won by overwhelming majority. Last year when asked specifically "Which brand do you think tastes best?" 4 out of 5 said "Kellogg's!" Your family, too, will enjoy Kellogg's Corn Flakes. In restaurants, ask for Kellogg's in the individual package, now triple-wrapped for extra freshness.
