ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

OUT OF SIGHT ... OUT OF MIND

Homeowners by the hundreds have found that once J-M Transite House Connection Pipe is laid, their household sewage disposal problems are over.

This modern asbestos pipe meets every requirement for efficiency, durability and economy in the disposal of sewage. J-M Transite House Connection Pipe is tough and strong — yet light and easy to handle. It comes in long 10 foot lengths which permits digging of short sections of trench —allows tunneling and minimizes disturbances to lawns. Easy to assemble, its factory-made Taper-Tite couplings assure tight, flexible joints that practically eliminate clogged pipes due to root growth.

If you are planning to install pipe for conveying sewage to street sewers and septic tanks, get the facts on Transite House Connection Pipe. Write, Johns-Manville, Sun Life Bldg., Montreal.

Share Equally In $400 Scholarship

Mr. T. Drummond Cobb, son of Mr. and Mrs. Philip Cobb, Charlottetown, and Mr. Orville Phillips, son of Mr. and Mrs. J. S. Phillips, Mount Royal, have received equal shares of a Kellogg scholarship of $400.

The information was received yesterday by Dr. G.D. Steel, Principal of Prince of Wales College, from Dr. J. Stanley Bagnall, Dean of the Faculty, Dalhousie University.

Dr. Bagnall said the work of the two young men at Dalhousie was so equal in merit that it was decided to divide the $400 scholarship between them.

Both young men are last-year graduates of Fourth Year work at Prince of Wales College and both are veterans of World War II.

Photography Exhibit Closes On Saturday

The very fine collection of photographs now on view at the Art Centre in the Market Building will close this Saturday afternoon at five o'clock.

There is no charge for admission and anyone interested in photography who has not yet seen them is missing an opportunity to see some really beautiful pictures.

They are scheduled for showing in Woodstock, Ontario, next week, and cannot be held over in Charlottetown after this Saturday.

400,000 ARABS

(Continued from page 1)

Trans-Jordan, where there are about 50,000 refugees. Just outside the city gates, in the stately amphitheatre built by the Romans, a ragged horde shivers in tunnels and entrance passages.

Conditions in Jericho, slightly warmer because it is below sea level in the Jordan Valley, are hardly any better.

In Southern Palestine 100,000 refugees are waiting helplessly for help which never comes.

Annual Columbus Day Banquet

Dr. Gerald J. Lunz who, as Supreme Physician of the Knights of Columbus, is the first Canadian to occupy one of the highest positions in the order, was guest speaker at the annual Columbus Day banquet in The Charlottetown last evening.

Before a group of some 125 Knights representing all parts of the Island, Dr. Lunz stated that he represented Canada and, although stationed in New Haven, was proud to remain a Canadian. Outlining the responsibilities of his high office he pointed out that medical and insurance departments came under this jurisdiction. "Seventy million dollars had been paid to widows, children and dependents to date, while three millions had been distributed to relieve those needy in their old age," he stated. "Increasing membership now totalled 273,394 with a capital of $325,000,000," he continued, "and our fraternity ranks fourth in the national fraternal organizations with a seat on the executive."

Dr. Lunz pointed out that the Knights of Columbus had pioneered the blood donor programme which looked after members and their families, and stated that this programme does not conflict with any other similar service.

Introduced Speaker

Hon. Dr. W. J. P. MacMillan, O.B.E., Master of the Fourth Degree for Nova Scotia and Prince Edward Island, in introducing the guest speaker, mentioned that he came from Hamilton which had given several illustrious sons to this Order. He welcomed Dr. Lunz stating that though widely travelled, his education would now be complete, as "no man's education has been complete unless he has been to the Island."

The toastmaster, Lt.-Col. L. F. Macdonald, E.D., Grand Knight of the Charlottetown Council, first proposed the toast to Our Church, and Rev. R. G. Ellsworth, M.Sc., D.D. responded by giving a short history of the Church and exhorting his hearers to ask themselves if they possess the three necessities—life, truth and love.

Capt. Vernon L. MacDonald, M. C., in responding to the toast Our Country, stressed the part Canada is playing in world affairs, and Mr. Clarence H. McGuigan, Hunter River, called for acts of goodwill and brotherly love to members and non-members alike, thereby bringing honour and glory to God, Church and state.

A motion of thanks to the guest speaker was made by Mr. George Cheverie and seconded by Mr. Eugene Cullen, M.L.A., Speaker of the Legislature.

Bishop Boyle

Quoting His Holiness the Pope as saying recently that "We are in a greater crisis today than was the Roman Empire at the time of its fall," His Excellency, Most Rev. James Boyle, Bishop of Charlottetown said he was sure that they had all been inspired by the speakers, with a new zeal and fervor, to go out and further the Kingdom of Christ. He referred to a prominent French businessman who recently visited New York and stated that he was a failure as a citizen because he, in common with other businessmen, thought only of business, home and weekends. He discovered too late that his neglect of government, education and labour had given those interested in wrecking our way of life, a priceless opportunity through our default.

The Grand Knight also thanked Councillor Peter Holland and his committee for the arrangements and Messrs. Albert Blanchard and Alfred McKearney for their pleasant music.

ISLAND PRODUCE

(Continued from page 1)

planes, Capt. Burke said, are busily engaged in carrying passengers between communities now isolated by the shutdown of railway communication. The strike has had no noticeable effect on the Company's business from Charlottetown and none of his planes has been chartered to fly freight to Newfoundland, Capt. Burke said.

Trans-Canada Airways has had an acceleration of business with Newfoundland since the 12-day-old strike but the report that the United States Government might use an "air lift" to supply its bases in Newfoundland and Greenland with food and other commodities has been declared erroneous. The American Government has several Army transports supplying those bases with their needs. Several of those ships have been carrying produce from Charlottetown and Summerside within recent weeks. They have their own facilities for discharging and delivering their cargoes.

NFLD. LONGSHOREMEN

(Continued from Page 1)

the northwest and northern coasts. Though strikers permitted the steamer Kyle to make the last trip of the season to Labrador, they did not allow the ship to carry freight for Northern Newfoundland.

All freight sheds were filled and heavy cargoes brought by the last cross-country trains still were locked up in the freight cars.

United States military authorities used C-54 aircraft to drop supplies to their outposts.

Aircraft fuel was running short at Gander Airport, and Imperial and Shell Oil Companies were reported pooling their stocks. Supplies for Gander which arrived at Lewis also were held up by the rail strike.

Trucks and cars supplied the Avalon Peninsula, the only area getting its supplies.

Farmers on the west coast of the Island complained that the strike imperilled their harvest. They were unable to store vegetables, usually sent all over the Island, in their limited storage space.

It was rumored here that $6,000,000 strike pay had arrived from Union headquarters in the United States and that the strikers had received their first strike pay this week.

CENTRAL GUARDIAN

This column is reserved for news of local interest, but advertising of a newsy nature may be inserted at five cents a word, strictly payable in advance.

LIGHT FALL OF SNOW — Early city risers who happened to glance out of the window yesterday morning were reminded of the approaching winter season by the light fall of snow encrusting the ground. The morning temperature was hovering about the freezing point but rose slightly during the day. There were light flurries of snow again last night.

CALEDONIAN CLUB — Last night at the City Hall the Caledonian Club of Prince Edward Island held its 124th annual meeting. Officers elected are: Chief, W. H. Beaton; president, J. Wm. MacKinnon; 1st vice-president, John P. Nicholson; 2nd vice-president, Bruce MacPherson; treasurer and financial secretary, W. Blair MacDonald; recording secretary, Norman S. MacLeod; corresponding secretary, J. E. Burnett. The executive, together with Malcolm MacKinnon were appointed a committee to make arrangements for St. Andrew's Day dinner the 30th November.

1200 POTATO PICKERS HERE — Since the beginning of the potato-digging season about 1,200 workers have been placed with Island farmers by the Charlottetown and Summerside National Employment offices, Mr. J.B. Murley, manager of the Charlottetown office said yesterday. 105 men, most of them from Saint John, Moncton and Shediac, arrived in the Province Wednesday evening to assist with the work. 68 went to Prince County farmers and the remaining 37 were distributed in Queen's and King's Counties. No more workers will be brought from the mainland as the demand for farm labour is no longer insistent.

CONVICTED UNDER GAME ACT—Two Grand Tracadie trappers got an unpleasant surprise at daybreak yesterday morning when they rowed ashore and were met by the game officer of the R.C.M. Police. Two shotguns, six dead muskrats and six steel traps found in the boat were seized. Later in the morning both defendants appeared before Stipendiary Magistrate Gilbert A. Gaudet at Charlottetown and pleaded guilty. Fines and costs totalling $66.00 were imposed and paid. The muskrats and traps were ordered confiscated. As there was no evidence that the shotguns had been used to shoot muskrats, the Court instructed that they be returned. The cases were investigated and prosecuted by the Royal Canadian Mounted Police.

WINS TOP AWARD — An Ayrshire cow bred and raised by Windsor Bell of South Melville, P.E. Island, has won first in her class and the Grand Championship at the Western Ontario Ayrshire Breeders' big fair at Rockton, Ontario. She is Belle Fontaine Dimple 268058. She was sired by Bonnydale Cherry Reliance whose dam was sold and is now in the herd of Fowler MacCormack in the United States. The dam of the Grand Champion cow, Oyster Bed Rose 206723, was bred by Mr. Doucette of Oyster Bed Bridge. Bonnydale Cherry Reliance is now owned by the Federal Department of Agriculture and is stationed at present with the Newton West Farmers' Ayrshire Club in this Province. Belle Fontaine Dimple was purchased from Mr. Bell by R. O. Biggs of Dundas, Ontario, and later transferred to her present owners, the Hamilton Health Association. She is only one of the very fine animals which the Hamilton Health Association purchased from Mr. Bell. A few years ago this Association purchased upwards of fifty Ayrshires in this Province on two separate occasions to build up their splendid herd.

Official Visitation At Pythian Temple

A large number of members attended the regular meeting of Montgomery Temple, No. 32 on Monday evening to greet the Grand Chief of the Grand Jurisdiction of the Maritime Provinces of Pythian Sisters, Miss Marion Crockett of Truro, N.S., who came to visit the Temple officially, and also to be present at the celebration of the second anniversary of Temple which took place that evening. Also present were P.G.C. Mrs. M. Jean Scott, P.G.C. Mrs Maud Cameron, and Past Grand Chancellor Mr. George Cameron, all of Amherst, N. S., and Past Grand Chancellor Mr. Harold E. MacLean and Grand Protector Mr. C.W.S. Bentley of the local Lodge.

M. E. C. Mrs. Margaret Brady capably presided over the meeting. During the evening an address was read to the Grand Chief by P.C. Mrs. Addie Affleck and a gift presented. Mrs. Helen MacEachern was also the recipient of an address and gift, presented on behalf of the "Staff of Seating of Officers" in appreciation of her assistance given to Grand Temple Session.

At the close of the meeting the Knights of Empire Lodge joined in entertainment. A beautiful birthday cake adorned the centre of table, and after a delicious lunch, served by a committee, the remainder of the evening was spent in dancing and social intercourse. Messrs. Robinson, Birt and Acorn provided the music for the evening.

Will Hold Trafalgar Day Ball Tonight

It was learned last night that a "Trafalgar Day" Ball will be held at H.M.C.S. Queen Charlotte tonight for retired R.C.N.V.R. and Active Reserve Officers, sponsored by the Naval Officers Association of Canada, P. E. I. Branch, to commemorate the famous British naval victory, the anniversary of which was observed throughout the British Commonwealth of Nations yesterday.

The "Open House", however, which had been planned at H.M.C.S. Queen Charlotte for Saturday to celebrate the end of Navy Week in Canada, has been postponed until Saturday, October 30.

The postponement has been decided on because it is believed that the week's delay will give the officers and staff of the naval training centre here a better chance to make preparations for a real show for the large number of visitors expected.

The fact that the "Magnificent" and "Haida" were here last week, and other things which have developed in the past few days, have taken the time and attention of the staff to such an extent, that they feel that they could not do justice to "Open House" this weekend.

Weekly Meeting Of Y's Men's Club

The regular weekly meeting of the Charlottetown Y's Men's Club was held in the recreation room of the Masonic Temple under the chairmanship of past president Ralph McLean and Charlie Wilkins.

The guest speaker of the evening was Constable Green of the Charlottetown Detachment of the R.C.M.P. who showed the splendid picture "Scarlet And Gold", outlining the work and the studies involved in the life of a rookie constable of the R.C.M.P.

Prior to the showing of the picture Constable Green gave a short and very instructive talk on juvenile delinquency, which was well received.

Mr. Wilkins extended to Constable Green the thanks of the Club, and in his remarks stated Constable Green had given a "message which should cause us to stop and think, take stock of ourselves, go over our own shortcomings and help make sure that our own boys and girls are brought up properly."

The evening sing song was carried out with full gusto under the able supervision of Y's Frank Johnstone and O.K. Presby.

Chairmen for next week's meeting will be Milton Barkhouse and Hiram Atkinson when the club will be hosts to Roger Rand of Yarmouth, N.S., new regional director of the Maritimes who will be visiting here for the first time in his official capacity.

(In Montreal friends said his widow and a young daughter live somewhere in Eire.)

Gen. Jacobus M.A. Guspertus Sas, officer commanding the Royal Netherlands army contingent which trained in Stratford, Ont., during the Second World War.

Prince Alfred Hohenlohe of Vienna, who was en route to Toledo, O., to attend the wedding of his step-daughter.

Chief pilot of the K.L.M. Royal Dutch Airlines, Capt. Koene D. Parmentier, veteran flier who was best known for taking second place in the London-to Melbourne 1934 air race.

Henrik Veenedaal, managing director of K.L.M. who was en route to San Diego, Calif., in connection with the purchase of 12 planes.

Rupert Wedermeyer, 56, geologist for the Standard Oil Company of California, and his wife, Emma, 54, who were returning to San Francisco from field work in the Netherlands East Indies.

The aircraft was en route from Amsterdam to New York, with stops scheduled at Prestwick and Newfoundland.

An official of the Ministry of Civil Aviation, which operates the big Scottish airfield, said the plane was not under control of radar when it crashed.

OTTAWA MOVES

(Continued from page 1)

Other sources estimated it may take two or three years to build new furnaces to boost the country's production above its current rate of 3,100,000 tons.

The reduction is made necessary by a growing shortage of steel in the U. S. This scarcity, in turn, results directly from U. S. Government defence orders being placed with the American steel industry.

The agreement between the two countries calls upon Canada, if necessary, to apply whatever controls may be needed to put the reduction into effect.

These are the reduced amounts to be imported during the next three months:

Structural steel — 35000 tons, a reduction of 34 per cent of the 1947 quarterly rate and 38 per cent of the 1948 rate.

Iron and steel plates — 17,000 tons, 26 per cent below the 1947 rate and one per cent below the 1948 rate.

Galvanized sheets—2,500 tons, 24 per cent below 1947 and 34 per cent below 1948.

Pipe, tubes and skelp — 30,000 tons, 11 per cent below 1947 and 10 per cent below 1946.

Wire—8,000 tons, three per cent below 1947 and 23 per cent below 1948.

PLANS FOR ...

(Continued from page 1)

000,000; Cuban sugar, $25,000,000; Canadian meat and bacon, $73,000,00; United States and Canadian cheese, $26,000,000; other United States foods, $10,000,000; United States tobacco, $24,000,000; United States steel, $16,000,000; non-ferrous metals from dollar sources, $168,000,000; Canadian and United States timber, $200,000; United States cotton, $81,000,000; Cuban molasses, $20,000,000; other dollar raw materials, $41,000,000; United States oil equipment, $84,000,000; other United States capital equipment, oil and products from United States companies, $181,000,000; United States oil freights and tanker hire, $52,000,000; other United States shipping services, $75,000,000.

This program totals $1,300,000,000, but adjustments of capital equipment will make the effective E.R.P. payment $1,263,000,000.

The program said Britain's two governing principles in the E.R.P. period will be to maintain gold and dollar reserves and to "concentrate upon the achievement of viability."

Imports from the dollar area will be limited to what can be financed from current dollar earnings plus external aid, including the $1,263,000,000 of E.R.P. aid and an allowance for possible unfreezing of the Canadian loan.

Exports to the dollar area are expected to be $722,000,000 during the year ending next June, against $492,000,000, in the preceding year, while invisible payments to the dollar area are expected to be $185,000,000 against $560,000.

SHIP FOR FRANCE

COLLINGWOOD, Ont., Oct. 21 (CP)—Manned by an all-Collingwood crew, the trim motor vessel Collingwood, first of three barges built by Collingwood Shipyards Ltd., for the French Supply Council, today slipped out into Georgian Bay. The Collingwood crew will take the ship as far as Sydney, N.S., where a British crew will take over and sail the ship across the Atlantic. She will go into service along the coast of France and the west coast of Africa.

Youth Sunday Observed By St. Paul's A.Y.P.A.

Youth Sunday, October 17th, was observed by the A.Y.P.A., by attendance at Corporate Communion Service at 8:30 a.m., in the Church, followed by breakfast at the Charlottetown Hotel.

At the evening service the installation of Officers of the Executive for the coming year was performed at a Candle Light Service, by Rev. J.T. Ibbott, with the assistance of three A.Y.P.A. members, George Anderson, Jimmie Ibbott, and Graham Jenkins.

The four-fold principles of the A.Y.P.A., Work, Worship, Fellowship and Edification are being carried out in the theme of the regular meetings held in the Parish Hall each week at 8 p.m.

On October 20th, the meeting was opened with the hymn, "Soldiers of Christ, Arise", followed by prayers, and reading of the lesson by Carol Marie Coles.

After the business period, the members enjoyed a short sing song.

A program of Films was then shown by Mr. Jack Martin of the National Film Board. The selection was a most enjoyable one, consisting of three movies, the first being, "The Royal Wedding", followed by an interesting and educational film dealing with the manufacture of Plastics and related products. The final film showed in beautiful color, the many types of wild life in America's National Parks.

The meeting was brought to a close in the usual manner, with the serving of refreshments, singing of Auld Lang Syne, and the Benediction.

Pianists for the evening were Ann Worthy and Roy Mugford.

National Inferiority Canada's Ailment

HALIFAX, Oct. 21 — (CP) — A Scottish-born university professor, Dr. John B. Hardie, has diagnosed Canada's chief ailment as a "national inferiority," he told Nova Scotia and Prince Edward Island delegates to the annual reunion of the Ancient and Accepted Scottish Rites here today.

"You Canadians all seem to feel intellectually inferior to the people of other countries because of your Canadian background. That is absolutely incorrect .... just a lack of effort makes you feel that way."

LITTLE THEATRE TRYOUTS

All persons wishing to try out for acting parts in forthcoming Little Theatre productions please be on hand at the Art Centre Rooms, Market Building, Sunday, October 24th, at 2:30 p.m.
