Loss of Appetite in the Spring

Loss of appetite is accompanied by loss of vitality, vigor, and energy, which is a more serious loss. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what they need for the proper performance of their functions. Ask your druggist for Hood's Sarsaparilla. It makes the rich, red blood your whole system demands. It is not simply a spring medicine—but it is the best spring medicine.

Better than a Lump of Gold

Such is an investment in the Sovereign Silver Fox Co., of St. Louis. Because such an investment will procure you a life annuity by giving you an immense dividend every year beginning with 1915.

Write for our prospectus and see what the Hon. Chas. Dalton says about our foxes. Twenty-two P. E. I. Cos., paid in 1913 cash dividends averaging 170 p. c. and, in addition several of these Companies paid large stock bonuses. The dividends of 1914 should be fully 20 p. c. higher. Note carefully the following features which distinguish our Company from other Companies organized in 1914.

In October 1914 we pay a dividend of at least 10 p. c. but expect it to be considerably larger, from 4 pairs of registered foxes now in our ranch. To these we will add 11 pairs of this spring's pups making in all 30 foxes of the highest grade.

We will ranch foxes at actual cost. Compare this feature to Companies which are capitalized on low grade stock at what they claim is a low capitalization when the first call on the profits for ranching is from 15 p. c. to 30 p. c. The sweetnip of low price, wont equal the bitterness of poor quality.

The Presidents of the two largest Incorporated Fox Cos., in the world have invested with us and their reason for so doing as one of them stated is the quality of our foxes which, considered together with the fact that our shareholders get all the profits, our capitalization is very moderate.

Are you satisfied with 3 p. c. a p. c. or 5 p. c. interest when your neighbors who are in the business are becoming richer day by day.

Here is your opportunity to get into this larger Co., with all pure bred foxes and a guaranteed dividend next October, and ranching and all expenses to that date free of cost, and after that date at mere cost. Do not hesitate when fortune knocks at your door. Our stock is selling fast. Fill in your application today and mail to any of the directors, or any branch of the Royal Bank or to the Secretary.
