GERMANY'S REPLY TO PRESIDENT WILSON

Claims German Government as Reconstituted is a People's Government, That the Military is Responsible to it and it now Awaits President's Proposal for Armistice.

(Special to the Guardian) COPENHAGEN, Oct. 28.—Germany's answer to President Wilson's latest communication says: The German Government has taken cognizance of the answer of the President of the United States. The President is aware of the far reaching changes which have been carried out and are being carried out in the German constitutional structure and that peace negotiations are being conducted by a people's government in whose hands rests both actually and constitutionally the power to make the deciding conclusions. The military powers are subject to it. The German government now awaits proposals for an armistice which shall be the first step toward a just peace as the President has described it in his proclamation. (Signed Self.)

BRITISH OCCUPY CITY OF ALEPPO

Junction with Constantinople to Bagdad Railway, Near Aleppo, Also Probably Taken, Cutting Off all Turks to the East.

(Special to the Guardian) LONDON, Oct. 28.—The important city of Aleppo was occupied by British cavalry and armored cars Saturday morning, says a British official statement issued today in regard to operations in Syria. The text reads "Our troops entered Aleppo on the morning of October 26 after overcoming slight opposition. A few miles north of Aleppo is an important junction with the Constantinople to Bagdad railway. This may have been occupied by now. In that event the Turks to the east will be cut off from all communication and the task of the British army advancing in Mesopotamia will be lightened." It would also have a most important bearing on the situation in Persia and the Caucasus.

P. E. ISLAND DOES ITS BIT IN THE LAUNCHING OF THE SECOND CANADA VICTORY LOAN

The Victory Loan Campaign opened with a bang in Charlottetown yesterday. Promptly with the stroke of 9 a. m. by the town clock the fire bell clanged forth, church bells joined in the chorus and all the whistles in the town from the biggest factory street to the smallest and most squeaky auto horn tooted forth a long wild note of good-will for the success of the Victory Loan, and joy for the Victory which it is sure to usher in. Summerside also celebrated and a big auto parade was a feature of the demonstration. They also had the bells and whistles. Flags were flying to the breeze in both towns and there is a feeling of optimism afloat which means no good to the Kaiser and his hordes. "There is Victory in the air. You can feel it everywhere," and the Victory Loan successfully carried through is going to have a big say in the spelling of that great and glorious word Victory which is to bring about the peace which the civilized world has been long and anxiously waiting for.

HOME FROM OVERSEAS

Two more Charlottetown men who have been serving overseas arrived home last night—Gunner Frank Conroy and Pte Thomas Riggs. They were welcomed upon their arrival by Colonel Leigh and a large number of friends. Gunner Conroy who is a son of Mrs. (Dr.) Conroy of this city has been nearly four years service. He left here with the 2nd Heavy Battery in December, 1914, and sailed for England in June, 1915. He has seen a great deal of fighting since going to France and has had some exciting experiences. He has another brother in France.

LAMENTED DEATH OF FRED. D'ORNELLAS

The Guardian received the sad news last night from Ottawa that Mr. Fred D'Ornellas, a former valued member of the Guardian news staff, had died on October 18th while en route to Siberia. The late Mr. D'Ornellas was a native of Georgetown, British Guiana, and came to this Province in September 1913. He was employed by the Guardian as reporter and stenographer a position which he filled most creditably and efficiently and subsequently was appointed Court stenographer. While here he made many warm friends who will learn of his death with sincere sorrow. In 1915 he accepted a position in the Civil Service at Ottawa and shortly afterwards volunteered for military service but permission was refused by his chief of account of the confidential duties he discharged in the Department. In 1917 he again volunteered and on this occasion leave was granted and he went to Petawawa for training. When volunteers were called to go to Siberia he offered his services and after special examination considered himself one of the fortunate ones to be accepted. He sailed with the first detachment for that distant war zone. Intimation was received by his mother who resides in Ottawa that he had died as above

ROUSING LAUNCHING FOR VICTORY LOAN

Sir Robert Borden Given Magnificent Reception in Toronto on Launching the Victory Loan. City will Subscribe Over Million Dollars.

(Special to the Guardian) TORONTO, Oct. 28.—The city of Toronto will buy one million dollars worth of Victory Bonds, announces Mayor Church. Sir Robert Borden arrived in the city on Saturday night and was met by a large crowd at the Union Station and escorted by a procession through the city.

The Lt. Governor Sir John Hendrie whose guest Sir Robert was during his stay in the city. Sir Edmund Walker, Sir Edmund Osler, Mayor Church and many prominent citizens met the Premier at the station and a special address of welcome was read to him. He was then escorted by a guard of honor from the garrison regiment and two bands as well as many citizens through the central part of the city. Toronto's enthusiasm for the Victory Loan Campaign was proclaimed in a handsome manner yesterday afternoon when thousands of citizens thronged Queen's Park to take part in the big demonstration and Thanksgiving service which preceded the launching of the big eighty-million dollar drive and when a small fraction of the number heard the message and the appeals of the most representative of the Dominion's men. While it is quite impossible to give an accurate estimate of the number of people who by their mere presence declared their sympathy for the Victory Loan and all that it stands for the crowd has been variously placed at anywhere from fifteen to sixty thousand. Sir Robert Borden who spoke from the central stand to the north end of the park was given a rousing welcome by a great gathering of enthusiasts. In opening he referred to the fact that it was to Toronto, the first city of the Premier Province of the Dominion which had done so much for the cause of freedom and justice, that he had come to make an appeal to the people of the whole Dominion. The end is not yet but the end may not be far distant. Even while I speak to you on this solemn Sabbath day our gallant soldiers are pressing on in their stern duty and in the final and supreme effort through which alone victory can be grasped.
