

DERBYSHIRE MINERS RETURN TO WORK

200,000 Yorkshire Miners are Still on Strike, Their Leader Declaring the Next Move is the Employers.

(Special to The Guardian.) LONDON, July 28.—All the miners in Derbyshire who went on strike last week returned to work today as a result of the settlement of the mining dispute reached between the miners' federation and the Government. In Yorkshire, however, 200,000 miners are still on strike.

French Elections To be Held Oct. 26

(Special to The Guardian.) PARIS, July 28.—The Echo De Paris today declared it has accurate information that the Parliamentary elections have been arranged to be held on October 26. The probable date which has previously been mentioned was October 12. The newspapers admit that the reports that President Poincaré intends to ask for re-election are denied.

Arms and Ankles Were Vaccinated

(Special to The Guardian.) NEW YORK, July 28.—More than 5,000 recent passengers on the steamer Mobile were suffering from sore arms or ankles today. A Filipino mess boy developed smallpox on the way from Brest. Every one aboard was vaccinated. The sore ankles were due to the fact that several war brides objected to scars on their arms.

American Bomber Digs Nose Into Mother Earth

LAKE PLACID, N. C., July 26.—After having been lost in the air for nearly three hours, the army bombing plane which left Augusta, Maine, this morning for Cleveland on its round the rim of the country flight, landed at Upper Jay near here late today, burying its nose in the ground. The crew was badly shaken up, but no one was seriously injured. The machine will be forced to remain here for at least two weeks to make necessary repairs. In hitting the ground, one wheel, damaged in landing at Augusta, yesterday broke, swinging the machine completely around. Lieut. Smith the pilot, sprained one ankle badly.

Hunger and Unrest are Disorganizing the Bolshevik

WASHINGTON, July 27.—(Russian Telegraph Agency)—Hunger, unrest and disease have created an acute situation in Bolshevik territory, according to a wireless report by Leo Kamenoff, the Bolshevik commissary, made public here today by Colonel A. M. Nikolaieff, military attaché of the Russian Embassy. The Bolshevik wireless message was received from Omsk by cable. Kamenoff's message reads: "The dissatisfaction and irritation among the working men has reached the highest point. The plants in Moscow are on strike. The motto of the movement is 'down with Soviets.' Epidemics are spreading. There is no bread and no medications. The number of deserters is immense."

CAPTURE OF ILLICIT STILL AND WHISKY

Sensational Capture Effected in Suburbs of City by Police Detective Bradley and Inspector Dover.

The capture of an illicit still at a farm house in Royalty on Saturday evening by Police Sgt. Detective Bradley and Constable Dover was followed last evening by the triumphant arrival in Charlottetown of an auto truck load of whisky—some six or seven barrels in all. The capture was made about seven miles from the city in the North River section. Sgt. Bradley had been working on the case for some time and Saturday evening he quietly uncovered the find, news of which only began to seep through with the arrival of the big load of alcoholic goods to the city last evening. It is understood that the still was located in a field on the premises of the proprietor and was very adroitly concealed under a large pile of old bones, a barrel of material all ready for the still being found in close proximity to it. Loads of ice going frequently from the city to the locality was a feature which is said to have directed curiosity to the place and aroused wonder in some and suspicion among others—the others being only those who know enough about such obscure matters as to be capable of such suspicion. There is a heavy penalty attached to keeping an illicit still and further developments are looked for.

Must Settle With Marine Engineers

NEW YORK, July 27.—Despite settlement of the strike of the International Seamen's Union, ships will not sail from Atlantic or Gulf ports until demands of the Ocean Marine Engineers Union, not considered in the settlement, are granted, according to a statement last night by B. L. Todd, business manager of the union. The demand is that the pay of chief engineers shall be only \$25.00 less than that received by the masters of the ships. Another is that assistant engineers shall be given \$35.00 a month increase. Mr. Todd declares that shipping would be tied up until adjustment of the demands and said that a committee of the union would meet with representatives of the American Steamship Association Monday.

Will Accompany Visiting Editors

MONCTON, July 28.—At the request of the Dominion immigration department the three governments of the maritime provinces have each appointed one representative from the newspaper profession to accompany through Canada the National Editorial Association of the United States, which body convenes in Winnipeg. The government of New Brunswick appointed J. T. Hawke, of the Moncton Transcript and that of Prince Edward Island appointed W. L. Cotton of the Charlottetown Examiner. The action of Nova Scotia is unknown.

Premier Clemenceau Warmly Acclaimed

(Special to The Guardian.) PARIS, July 28.—Premier Clemenceau spent Sunday touring the devastated region of the Somme and everywhere received a most enthusiastic reception. At Amiens the crowd broke the lines and swept the Premier along to the City Hall where the Mayor enumerated the wants of the citizens. M. Clemenceau replied "you ask me what are you going to do for us." I reply everything for there could be no greater injustice than if France should herself miserably toward those who have defended her.

ASKS FOR GRANT TO FIGHT FLU

WASHINGTON, July 26.—Congress should immediately appropriate \$1,500,000 for fighting influenza, recurrences of which medical authorities say, are probable. Representative Ross of Ohio, was to tell the House today. "I feel and Senator Harding of Ohio have introduced measures embodying the recommendations made today. "The last epidemic caused 500,000 deaths and a total economic loss of nearly \$4,000,000,000 according to figures compiled by the American Medical Association." "The all important thing now is to find a cure and this will require expensive search and I propose that the money shall be expended under the direction of the public health service. "There is a general belief in the medical world that the second and third years will show frightful after-effects, unless specific remedies can be found. But the appalling loss of 500,000 lives, five times our loss in the war, with assurance that the plague will appear again, is enough to arouse us to immediate action. It is generally believed that success will follow the efforts of the medical world in its fight against the epidemic just as in the cases of yellow fever, typhus, diphtheria and other ailments."

DOUBLE THE PRIZE NEW YORK AIR RACE

TORONTO, July 28.—Double the original amount of the prize to be given for the Hotel Commodore international airplane race from Toronto to New York, during the Canadian National Exhibition here, Toronto, from August 26 to August 31, instead of \$5,000, has been offered. This announcement was made today, following a conference at the offices of the Canadian National Exhibition between representatives of the American Flying Club and Captain James P. Beatty, of the Aero Club of Canada. Representatives of John M. Bowman, president of the Commodore, a former resident of Toronto, who arrived here today from New York, came especially to make the announcement. Following the conference, Capt. Beatty said that he was negotiating for a special mail day, when mail from Toronto will be carried to Buffalo, Syracuse, Albany and New York city for the first time. The \$10,000 will be split up into a number of prizes, the first prize being \$3,000, the second, \$2,000, and the third, \$1,000. "Our railroads are cluttered with the freight movement at present," said Mr. Bowman, "and we need an agent for the expedition of mails and passengers. The aeroplane as a mail-carrying agent has already demonstrated its worth. It is only a matter of time when we will see passengers and freight going through the air as a commercial proposition. That America is behind other countries in air accomplishment, he who runs may read in the Hotel Commodore international air race many of the greatest heroes of the world will participate, among them the big ace of Canada and America. The contest will be under the auspices of the American Flying Club and the Aero Club of Canada."

CHAUTAQUA OPENS IN CHARLOTTETOWN

The Big Tent Crowded on Opening Day. Delightful Concerts by Zimmer-Carter Co. and Fine Addresses Given.

Chautauqua has again pitched its big tent in Charlottetown, and a big week's programme along lines educational and entertaining is in store for the people of this city. The work of preparing the large expanse of canvas started yesterday morning and was completed in good time for the first show which opened at 3 o'clock. This tent and equipment came here from Danvers, Mass. The tent is located on the same site as last year's on the east side of the Prince of Wales College, the entrance facing on Gordon Street. Good arrangements for the making of tickets and the seating of the audience are carried out. Comfortable chairs are provided, the tent being capable of seating at least 2,000 persons. A well equipped stage is provided with footlights and all requirements for the carrying out of the various portions of the program. The first session yesterday afternoon opened with an address by the Chautauqua Superintendent, Mr. W. Russell Green. Mr. Green has been a Chautauquan since 1912. He has served in all capacities from driving stakes to giving lectures and knows the work from the ground up. Mr. Green gave a decidedly interesting talk, showing the development of the Chautauqua movement since it was started in 1878, a little town on Lake Chautauqua near Buffalo; how that in the United States alone there are now 5,000 towns where Chautauqua is patronized. There are now several circuits in Canada, one in Australia and next summer there will be one in England. It is the intention Mr. Green said to have one in every English speaking country in the world. The Chautauqua has a free and open platform, and is absolutely nonsectarian. The company which is now playing in Charlottetown comprises about 75 persons in all. The tent crew is made up totally of college boys and girls. Mr. Green's address was followed by a delightful musical concert by the Zimmer-Carter Company. The concert consisted around the harp selections exquisitely rendered by the Zimmer sisters. Miss Carter varies the programme with readings and song stories. The various numbers on the programme were given with pleasing effect and received by the audience with enthusiasm. The evening portion of the day's series began at 8 o'clock with a concert by the Zimmer-Carter Company followed by an inspiring address "Just You" or "How you may live for 100 years," given by Dr. Carolyn E. Geisel. This talented lady physician is one of the chief lecturers on the Chautauqua programme and those who were so fortunate as to hear her address last evening will verify all the complimentary statements that have been made respecting her. Mr. Green's address was followed by a talk to middle aged men upon whose shoulders she declared, the burden of reconstruction and maintaining the peace directly rested. The solution of the latter problems depended not upon the extent of our wealth, nor broad acres, but upon the man power of the English-speaking world. The United States and Canada last year buried 102,000 men between the ages of 21 and 49 who should never have died but who should be living and well today, the speaker said. These died solely of preventable diseases, which have been stopped at the outset of their growth. No flag of any country could stand to lose such men of mature years and experience. Dr. Geisel continued, and it is for the sake of the flag that you love that I plead with you—take care of your all important self. Dr. Geisel's stirring and highly instructive address was followed with the keenest interest and hearty applause. The programme this afternoon begins at 2.30 with a lecture by the Chautauqua superintendent followed by a piano recital by a brilliant artist, Gabriel L. Hines. In the evening at 8 o'clock the programme opens with a concert by the Zimella-Beneff Company, including soprano, baritone, violinist and pianist.

AUSTRIA PROTESTS THE PEACE TERMS

Claims the Country will be Bankrupt Within a Few Weeks Unless Financial Terms are Modified.

(Special to The Guardian.) VIENNA, July 28.—The financial clauses of the peace terms offered Austria by the Allies are being strongly protested both by the newspapers

Race Riots in Chicago

CHICAGO, ILL., July 27.—A series of riots in the negro district today resulted in the drowning of one negro, the reported drowning of a white man, the probable injury of another negro, the wounding of a policeman and injury to a score of whites and blacks by bullets or missiles. Police tonight said they had the situation well in hand. The trouble started at the Twenty-ninth street beach, where whites and blacks are segregated and soon spread to State street, the main thoroughfare in the heart of the negro district, which extends about five miles. Shooting started near the beach. There was also some shooting in the vicinity of State street. During the fighting, rocks, bricks and other missiles were hurled, both at the beach and at various points along Twenty-ninth street and along State street. White men were frequently attacked and beaten on State street, the police said. At the beach where missiles were flying, a negro on a raft was reported to have been struck with a rock and hurled into the Lake. Later the body of a negro was taken from the water. A white man, a swimmer, also was reported hit and drowned.

Extensive Sales Of Ontario Timber

(Special to The Guardian.) TORONTO, July 28.—A very profitable sale of Red and white pine timber in the districts of Algoma, Sudbury and Nipissing has just been conducted by the Department of Lands, Forests and Mines. The sale was made in ten townships of these three districts and the Government received many tenders which were opened on July 16.

Eight Premiers At Convention

OTTAWA, July 26.—Defeat of the Conservative Government in Prince Edward Island is expected to result in eight out of the nine provincial premiers attending the National Liberal Convention in Ottawa on August 5, 6 and 7. Credentials to attend the convention had already been extended to John H. Bell, as leader of the Liberal Opposition in Prince Edward Island. Mr. Bell, it is expected, will now be called upon to form a government for the island and will attend the convention as one of the provincial premiers. Ontario is at present the only province in the Dominion with a Conservative administration. The selection of a chairman for the convention is arousing considerable discussion. It is probable that joint chairmen—one French and one English—will be chosen. The names of Sir Lomer Gouin, Prime Minister of Quebec, and Premier Murray, of Nova Scotia, are suggested in this connection. But nothing will be determined officially till the National Commission meets towards the end of the month. D. D. McKenzie, leader of the Opposition in the House of Commons, has arrived in Ottawa. He will remain till after the convention.

QUARANTINE BAN BETWEEN N. B. AND U. S. LIFTED.

ST. JOHN, N.B., July 28.—The quarantine ban against New Brunswick and travellers returning from New Brunswick going into the United States, without first requiring a certificate of successful vaccination within twelve months, has been lifted, according to word received today from Washington by Dr. William Roberts, Minister of Health for this province. The removing of the regulation was decided upon following a scheme submitted to the Washington authorities by Hon. Dr. Roberts whereby all passengers or travellers coming into New Brunswick from Nova Scotia or the United States from Nova Scotia must show a certificate of successful vaccination. An order from the Bureau of Health to this effect was published in the Telegraph today.
