LAUNCH DRIVE TO ERADICATE TUBERCULOSIS

It is Being Directed by the National Research Council of Canada

PLAN TO COVER WHOLE FIELD

Dr. J. H. Grisdale Says Value of Campaign Cannot be Estimated on Money Basis.

OTTAWA, Nov. 18.—After six months spent in preparation, the national campaign to eradicate all forms of tuberculosis in Canada has been launched.

This campaign is being directed by the National Research Council of Canada. It will not increase so much the scientific work now being done along this line—although certain new policies will be inaugurated—but it will coordinate the anti-tuberculous forces of the country which will receive a leadership which hitherto has been lacking.

The announcement that the National Council of Research was going to undertake this work was made last spring. During the summer months data was collected on all branches of tuberculosis research, and in October a meeting of the most prominent scientists now engaged in the war against tuberculosis was held in Ottawa.

This meeting was attended by those who are doing research work in human, bovine and avian (poultry) tuberculosis.

At this meeting a report was drawn up which sets forth 13 headings, the whole field of tuberculosis research. This report was sent to the committee of the National Council—a smaller body—and here the various items were tabulated in order of importance.

From there the report was sent to the National Council, and an estimate of the amount of money which would be required to carry out the whole programme, it was decided that the council would have enough money out of the vote passed at the last session of Parliament to go in practically with all of them.

Accordingly the council decided to start in at once, and \$20,000 has been made available which, it is thought, is enough to carry the work through until next year.

The value of the campaign now underway, it is pointed out by Dr. J. H. Grisdale, Deputy Minister of Agriculture, cannot be estimated on a money basis.

The council by providing a clearing-house for ideas; by laying out a complete programme, and by co-ordinating all the work now being done in Canada in such a way as to prevent duplication—is doing something which has never been done before.

It is estimated that most of this work can be well advanced in five years. Some of it may be concluded. Millions of dollars are being spent by institutions and private individuals. As a matter of fact the Federal Government has been spending huge sums annually.

KING GIVES ASSURANCE THAT HOUSE WILL MEET DEC. 10TH

Premier Has Also Decided Not to Bring on Bye-Election to Secure Seat For Himself Until a Later Date.—Conservatives are Displaying Much Activity.

(Special to the Guardian) OTTAWA, Ont., Nov. 18.—Until late last night, the possibility of the House of Commons meeting on Dec. 10, as indicated by the Prime Minister had been given a set back when it was learned that the election returns from the Yukon and other far flung constituencies might be considerably delayed and it was generally believed that the strenuous efforts to have parliament assemble in Dec. would fail.

Colonel Biggar, chief electoral officer had been in telegraphic communication with the Yukon and stated that the Yukon was now in the grip of winter. Two months were required in 1921 before the Yukon writ was returned. Other writs from Northern Saskatchewan, British Columbia and Alberta were expected to be delayed by adverse climate conditions.

However, from the Prime Minister's office a statement was issued last night to the effect that parliament would meet on Dec. 10, unless in the interval it should appear that under the law it will not be possible to have all constituencies represented. It is now however practically certain that all the writs will be returned by that date and as Premier King states himself, it is obviously desirable and in every way in the public interest that the question of party majority be settled in order to enable the

Sickness Of Liberal M. P. May Reduce King Representation

(Canadian Press) QUEBEC, Nov. 18.—After an illness developed in the recent election campaign, Jean Francois Pouliot, elected to represent Temiscouata County, is declared to be out of danger. It was a surprise to his friends to learn that the member for Temiscouata had been so seriously ill that hope for a time was not entertained for his recovery.

M. Pouliot was elected in a federal by-election last year.

According to information M. Pouliot will be unable to attend the opening of Parliament, thus reducing the Liberal representation in the House by one.

League Of Nations To Reform Calendar

(Canadian Press) GENEVA, Nov. 18.—An appeal for help in reforming the calendar has been dispatched throughout the world by the League of Nations which especially craves assistance in the delicate task of establishing a fixed date for Easter.

All governments are requested to forward the view of their educational departments and the opinions of educators generally will be welcomed by the league.

ISLAND FOXMEN HEAD PRIZE LIST

(Canadian Press) TORONTO, Nov. 18.—In the fox show of the Royal Winter Fair yesterday Prince Edward Island took all first prizes except one which went to Manitoba. The prize winners were as follows: Adult Female—1. Harry England, Coleman, P. E. I.; 2. F. W. Peters, Summerside, P. E. I.; 3. P. G. Clark, Summerside, P. E. I.; 4. George Callbeck, Summerside, P. E. I.

Black or Extra Dark Young Male of 1925—1. Rayner International Fur Company, Summerside, P. E. I.; 2. All Star Ranch, Summerside, P. E. I.; 3. Black or Extra Dark Young Female—1. John A. Lea, Summerside, P. E. I.; 2. Pure Canadian S. B. Fox Company, Summerside, P. E. I.; 3. Dark Silver Young Male—1. G. E. Brown, Kensington, P. E. I.; 2. B. W. B. McArthur, Kensington, P. E. I.; 3. W. B. McArthur, Kensington, P. E. I.; 4. Dark Silver Young Female—1. All Star Ranch, Summerside, P. E. I.; 2. W. B. Callaghan, St. Louis, P. E. I.

WOUNDS RECEIVED BY ERNEST AND HARRY GRIDLEY, TWIN BROTHERS, ON THE WESTERN FRONT IN THE WORLD WAR LEFT EACH OTHER MUTILATED. They were wounded on the morning of October 30, but one year apart. Records show that each was operated nineteen times for war injuries.

The brothers were reunited at a convention of the Canadian Amputations' Association here. Ernest lives in Winnipeg and Harry in Toronto.

SEES ENGLAND ON UP GRADE AGAIN

Sir Robert Horne, Back From America Optimistic on Conditions.

LONDON, Nov. 17.—England has turned the corner and is on the way back to prosperity, according to Sir Robert Horne, who returned recently from America.

"I shall be very guarded in what I say, lest I be called to account for too confident predictions," he said. "But while our great industries are still suffering severely and have not much prospect of revived activity, the subsidiary industries are improving."

As for the threatened coal crisis Sir Robert said the country should take up the challenge thrown down by "Emperor" Cook, the coal miners' leader, when he declared England would be brought to her knees by a general strike. "I hope that in every community organizations will be formed to defend the community," said Sir Robert. "I decline to have my life ruled by Mr. Cook. Mr. Cook threatens us with revolution. There will be no revolution in this country. The British people are not of that breed."

Optimism as to the British industrial outlook also was expressed today by J. H. Thomas, Labor leader, addressing a large meeting of railway men at Leicester.

"All the best business, commercial and financial brains are unanimous in the view that we have touched bottom and are now on the upgrade."

He said, "I am not one of those who believe this old country needs to put the shutters up. I do not believe Britain is done. I believe we are still capable of weathering the storm."

LONDON, Nov. 17.—"I have just come back from Canada," declared Sir Robert Horne, speaking in Scotland, "and I cannot imagine that any man here would rather have a precarious existence dependent upon charity than go to the great Dominion and gain a free existence for himself by the sweat of his brow."

The foregoing sentiments were broadcasted over Great Britain last night by Ralph D. Blumfeld, chairman and editor of the Daily Express, who added his personal suggestion that as Sir Robert Horne was now free of government office, he might devote his administrative and organizing ability to overseeing a scheme under which desirable people could emigrate to Canada with good chances of success.

Sunk In Collision

(Canadian Press) CINCINNATI, Nov. 18.—Eight passengers and the crew of thirty men were removed safely from the Ohio River steamer, Greenwood, when she sank at the wharf here last night, after being rammed by the steamer Chris Greene.

CLOSING SESSION YESTERDAY OF WINNIPEG CONFERENCE

Canada Board of Trade, Recreation of Maritime Aspirations, The Moulding of National Sentiment Towards Development of Canada, And Creation of a Non-political Immigration and Colonization Advisory Board, Endorsed in Resolutions Formula.

(Canadian Press) WINNIPEG, Nov. 18.—The moulding of a national sentiment towards the development of the Dominion, the creation of a spirit of imperial unity and national economy, and an aggressive assault upon the fundamental problems facing Canada today, were urged by leading men of the industrial life of the Dominion at today's session of the first Dominion-wide Economic Conference. Action which will follow will place in concrete form the results of the three deliberations of the Conference, which was participated in by industrial leaders from every section of Canada. The importance of the Conference was emphasized in its closing hours by A. M. Belding, St. John, N. B., who said:

"You are truly the second Father of Confederation, a confederation of mutual understanding and good will. I trust we have builded better than we know."

Drops Four Miles From Sky, Lands Safely

(Canadian Press) HIGH RIVER, Alta., Nov. 18.—While hundreds watched breathlessly from the streets of High River on Saturday, Flight Lieutenant Carter made a parachute jump from a height of 20,000 feet off a forest patrol service plane and miraculously escaped death or serious injury when he landed within 100 feet of the ice covered Big Lake, 11 miles east of High River.

Pulling the release cord, as soon as he was clear of the Machine, Lt. Carter dropped from a point nearly four miles up from where the towering Rockies looked like an arctic icefield, and was carried several miles east by the cliff breeze that was blowing to the edge of the lake in 17 minutes, where he made a normal landing, striking the earth gently with his feet. This daredevil feat is exceeded only by the world record of Captain Arthur Stevens, of the United States air service, who jumped 26,000 feet. It is believed to be the highest jump ever made outside of the United States.

U. S. Loans Italy \$100,000,000

(Canadian Press) NEW YORK, Nov. 18.—A loan of \$100,000,000 to the Italian Government, insuring financial support for the restoration of the gold standard has been arranged through a group of Americans headed by J. P. Morgan & Company.

Child Smothered By Burglars

(Canadian Press) CHICAGO, Nov. 18.—While its mother and nurse sat in an adjoining room listening to the radio, burglars smothered to death the month old infant of Mr. and Mrs. John Allen in a fashionable north side hotel when the room in which the baby had been left to sleep was ransacked.

Melita Slayer Is Adjudged Insane

(Canadian Press) WINCHESTER, Eng., Nov. 18.—Thomas Towers, former first officer of Canadian Pacific Liner Melita, was adjudged guilty of murder but insane, and ordered to be detained "during the King's Pleasure." At the conclusion of his trial for the murder of Captain A. H. Clews of the Melita at Antwerp on October 21, Captain Clews was a nephew of the late Henry Clews, Wall Street banker.

Discover Comet

WILLIAMS Bay, Wis., Nov. 18.—A new comet of between the eighth and ninth magnitude appearing in the constellation, the Hunting Dog, was discovered at 5 a. m. today, Dr. Edwin B. Frost, Director of the Yerkes Observatory of the University of Chicago, announced. It was discovered by Professor George Van Biesbroeck of the Observatory staff.

THREE MILLION DOLLAR FIRE

(Canadian Press) NEW ORLEANS, La., Nov. 18.—A fire breaking out suddenly on the Mississippi River docks this morning was pronounced under control after causing a property loss estimated by the police and fire department officials at more than \$3,000,000.

LIBERAL-CONSERVATIVE CLUB ORGANIZED IN THIS CITY

Permanent Conservative Organization For Charlottetown And Royalty Outcome of Well Attended Meeting in Committee Rooms Last Night.

As the outcome of a meeting of Conservatives held a week ago and adjourned till last night to hear reports of a special committee appointed to formulate a system of organization, the Liberal-Conservative Club, with a purpose of disseminating the principles of good government—federal and provincial—within the district and to give assistance, as far as possible, to the outside country.

It was explained that the club was to be of a permanent nature and auxiliary to the general system of organization already existing. While the nominating committee were considering the question of an official staff, Mr. W. F. O'Connor, K. C., delivered an able address, having for his theme, the principles and benefits of systematic organization.

The speaker recommended that the club be a united force aiding some of the many details which they can handle with effect. Mr. O'Connor instanced some cases within his own experience where the co-operation of the men and leaders on a fifty-fifty basis had worked out most excellent results. In one case the club had extended a special interest in their case, even to the extent of seeing that none would suffer under want during the time intervening between elections when no actual contests were on. This spirit of friendly association and regard for each others interests produced the result in turn of bringing this district into the party line.

The whole tenor of Mr. O'Connor's address emphasized thoroughness, every phase of which he illustrated by incident and described with a most convincing clearness. Many important features of detail in organization were dealt with in his mastery way, and by one who understood what he was speaking about. He was listened to with the keenest interest and his address was thoroughly enjoyed by all present.

The meeting which was very well attended, adjourned to meet at the call of the chairman, when the Club's committee rooms, in the Offer building on Queen Street are fitted up.

L. Of N. Suggests Economic Locarno

(Special to the Guardian) LONDON, Nov. 18.—Definite steps have now been made towards an economic Locarno, the chief purpose of which is to secure freer trade throughout the world. The economic committee of the League of Nations has just sent to all governments for their comments, definite proposals for an international conference to be convened as soon as possible. The conference will deal particularly with import and export prohibitions and restrictive trade, but tariffs will also come under discussion. The league's economic committee will meet again in January to consider replies from the various governments and if possible to arrange the convening of an international conference.

Add 41,000 To Ranks Of W. C. T. U. In Year

(Special to the Guardian) DETROIT, Nov. 18.—More than 41,000 women joined the ranks of the Women's Christian Temperance Union during the last year, Mrs. Frances P. Parks, of Illinois, announced at the fifty-first annual convention of the national organization.

"The work of the W. C. T. U. is just beginning," Mrs. Parks declared. "With the achievement of the first great objective—the outlawing of the legalized liquor traffic in the United States and the securing of the added prestige of the ballot—our program of service has been greatly extended."

Mrs. Parks paid tribute to the youth of the land, and asked that more young people be enrolled "as defenders of the eighteenth amendment."

Traverse Sweatman, K. C., former president of the Winnipeg Board of Trade, declared that Canada's destiny depended upon the measure of eagerness and determination with which the people of the Dominion applied themselves to the tasks, which when solved would take the country out of its present difficulties.

He advocated the appointment

ONE LIFE LOST WHEN LINER BURNS

Remaining Passengers and Crew Had Narrow Escape \$3,000,000 LOSS

Ship Now Lies Inside Delaware Breakwater.

(Canadian Press) LEWIS, Del., Nov. 18.—All the passengers and crew of the burned Clyde Liner, Lenape, except twenty who are aboard the coastguard cutter, Kickapoo, have been landed here. Those aboard the Kickapoo also are expected to be brought ashore shortly. The ill fated Lenape is still burning and it is feared she will be a total loss. Many of the passengers had a narrow escape with their lives when the flames swept the vessel anew just as safety apparently was assured.

LATER. CAPE MAY, N. J., Nov. 18.—The radio compass station here early today reported the receipt of a despatch from the cutter, Kickapoo, which figured in the rescue of the passengers and crew from the burned steamship, Lenape. The message said they were transferred to Cape May and the passengers sent to their destination by train.

NEW YORK, Nov. 18.—Following the safe removal of all her passengers, the Lenape was scuttled inside the Delaware breakwater the Clyde Line announced today. Officials here estimated the damage to the cargo and vessel at three million dollars.

One person lost his life in the burning of the Lenape. Late this morning a fisherman picked up a body of Lewis which was later identified as that of Robt. Leverton. His coat bore a label indicating that it had been made in Holyoke, Mass.

English Labor Men Intend To Boycott Mussolini

(Special to the Guardian) LONDON, Nov. 18.—If Benito Mussolini, the Fascist Premier of Italy, comes to England to sign on December 1, the Locarno Pact, it is possible that he may be compelled to motor from the port at which he lands to London.

It is thought that in view of the report that the Labor leaders and Labor members of Parliament intend to boycott Mussolini, no locomotive engineer will agree to drive a train on which he is a passenger.

Announcements, Coming Events, Meetings, Etc

*Rummage Sale in Y. M. C. A. Friday morning at 10 o'clock. 6137-19-21
