Let Us Prove To You

Our carpets are made by the best Carpet Manufacturing Companies in the world.

We buy our oilcloths from the best known makers, which means quality every time.

THAT when you buy your carpets and oilcloths from us, you buy them 10 to 25 per cent cheaper than you can get them anywhere else. Carpets and oilcloths do not make a house but they go a mighty long way towards showing what kind of people live in it. If you are somebody your house will appear the part.

Note This and Act at Once

No More Backache. Take the backache out of housecleaning, use linoleum for floors, linoleums are made for parlors as well as kitchens. IT IS CLEAN, sanitary durable an economical. Compare our prices with others, then buy here. Read This and Convinced. The other day a customer came in our carpet department wanting oilcloths. Our clerk showed him different qualities and patterns. He picked out one of many grades and asked the price, he wasn't satisfied and decided to try somewhere else. HE CAME BACK. The other firms in town quoted him for the same goods 50c per yd more than our price and when they found out they were liable to lose the customer they quoted him the equal of 25 p. c. less, still being 25 p. c. higher than us. Carpets and Squares. You people who are buying elsewhere are paying too much for your house furnishings. We can tell you hundreds of cases where people have found out we are selling carpets and squares 10 to 25 p. c. less than our competitors. It is a big statement but we back it up.

Customers that have been Convinced

WE have had customers from beyond Summerside that have paid their fare on the train, bought from our carpet department and gone home after looking around, having saved money by buying from us. If we don't sell cheaper than others How Did They Do It?

Table with 3 columns: Inlaid Linoleums, Carpet Squares, Oilcloths. Lists prices for various materials like Granite, Gaspe, Tapestry, Brussels, Velvets, Ax Min-ster, Wiltons.

Prowse Bros. Ltd.

Advertisement for 'Highly Pleased' White Bronze Monument. Text: 'This is the answer given by all those who have purchased a "White Bronze" Monument when asked how they like it. This is the age of improvements and the time is near when all those grown stone monuments will be replaced with something more durable. All can plainly see by visiting the cemetery the decayed condition of stone grave markers. Thousands have already purchased "WHITE BRONZE" monuments do not content to trust their family records to any perishable material. All the inscriptions on "WHITE BRONZE" are in raised letters and do not require paint to keep them legible. "WHITE BRONZE" is a pure metal same as gold or silver. Write for designs and information or call at my office and see some nice samples of monuments. JOHN DICKIESON Summerside'
