Bristol and Vicinity

Friends here of Rev. George McCormack will learn with interest that he is now serving with the Canadian troops in Italy. Father McCormack was parish priest at St. Andrew's for several years before being transferred to St. Dunstan's Basilica staff at Charlottetown. Later he joined the chaplain service with the Canadian Army.

Mr. Lloyd S. Cox, lobster packer has informed the writer that all his fishing boats will land lobsters at the new pier at Red Head this spring instead of at the old breastwork at St. Peter's Harbor. A new cook house and new sleeping quarters have been erected at the new site and the distance from here to the packing plant at Morell Village will be only about one mile. Government tractors late last fall cleared away a large clay bank and the new landing place will be very clean. Boats will also ride at anchor here over night and during week-ends. Packing will be carried on in the new plant at the village all summer and when the lobsters are done packing of other fish will go on, giving employment to quite a number right at their own doors.

Attention has been called to the fact that the co-operative packing plant at St. Peter's Harbor will carry on at the same stand this spring and summer. The fishermen and factory help will eat at a cookhouse at the shore and many will reside nearby all summer.

Another in the series of institute card parties was held at the home of Mrs. William MacDonald last week when a large crowd attended.

The Bristol study club met at the home of Mr. P. R. Sinnott on Tuesday night with a small attendance owing to the condition of the roads. The special speaker was Mr. W. A. O'Brien who answered some questions which had been held over for some time.

Congratulations are extended to Mr. and Mrs. John J. Perry on the arrival of a new baby boy last week.

Congratulations are also extended to Mr. and Mrs. Eugene Sinnott, Sinnott Road on the arrival of a new baby last week.

Rev. Phalen McKenna, P.P., was a business visitor to the City last week.

Dr. R.J. MacDonald, St. Peter's Bay, was called to this vicinity in the early hours of a morning last week to usher a new baby into the world. There is nothing new about that, but the point is Dr. MacDonald is now eighty-six and says that he is going day and night and was in bed only two hours when he was called here. Hale and hearty, the grand old doctor looks no more than fifty, and is as smart as most men less than fifty. He has brought hundreds of babies into the world in his more than half-century as a doctor. He can be called the daddy of all doctors and this column salutes this grand veteran of the medical world who never fails no matter the hour or the weather. It can be truly said that neither snow nor rain nor cold nor heat nor gloom of night stays Dr. MacDonald from the completion of his calls. Long may he serve is the wish of this entire district.

Friends of Mr. John T. O'Brien will be pleased to learn that he is making a satisfactory recovery from an infection on his lip and hopes to be out again very shortly.

Baker Bros., who have been fishing in Hillsborough River near the City have returned home as the season for smelts has closed. They report a very good season with good returns from the New York markets.

Pte. Willie Daveaux has returned to his training centre on the mainland after spending his leave with his wife and family here.

Mr. John Roach said recently that the spring of 1944 will be his fiftieth year as a factory hand in the lobster factory with Lloyd Cox. Starting in 1894 with the late Mr. R.N. Cox he has been employed continuously since and claims to be the oldest factory hand around the shore.

Mr. Cyrus Lapierre and Mr. J.J. Perry were in the city last week on fishing business.

Mr. Edgar Hawbolt has returned from Halifax after visiting his brother, Ira, who is in hospital there following his return from the battle fields. Mr. Hawbolt reports that his brother is well on the road to better health and that he will be coming to this Province soon.

Mrs. William MacDonald has received a letter from her son, Pte. Pius MacDonald who is in the fighting in Italy. The letter was mailed on December 28th and only reached here on February 14th.

In loving memory of Mrs. Chester Smith, who departed this life on February 22nd, 1943.
One year has passed since that sad day,
When one we loved was called away,
God took her home it was his will,
But in our hearts she liveth still.

But our hearts just ache with sadness
And our eyes shed many a tear,
God alone knows how we miss her,
At the dawn of another year.

WAITING

These are the things you loved—
Cool green fields, cows stamping in the byre;
The snowy woods and cosy warmth of home;
Your dog beside the fire.

Sunny brooks and pastures of red clover,
Scent of blossoming orchards in the rain,
The friendly neighs of horses in their stalls,
The fields of golden grain.

These are the things you fight for
Homelike, simple things that know not hate,
But only blessed calm and peace and loveliness.—
For your return they wait.
