Modern Vapor Remedy for Colds
More and More in Demand

Family after Family is Adopting Popular Ointment
which, when Rubbed over Throat and Chest
Released Medicated Vapors that are Inhaled
Directly into the Air Passages. Relieves Croup
and Cold Troubles without Dosing.

Colds are caused by bacteria which usually
attack the mucous membrane or lining of the air
passages. It has long been recognized that the best
way to treat colds is to apply the medication
directly to the air passages—to stimulate the
mucous membrane to throw off cold germs.
Internal medication does not reach the air
passages directly; only vapors which are inhaled
can do that. Until the discovery of Vicks there
was no convenient and economical method of
furnishing these medicated vapors.

Old Remedies in New Form.
Vicks is the discovery of a chemist who found
a new way to combine in ointment form the best
known remedies for colds—Menthol, Camphor,
Oils of Eucalyptus, Thyme, Turpentine, etc.—so
that when applied to the throat and chest the
body heat releases the ingredients in the form
of vapors.
These vapors, inhaled with every breath all
night long, carry the medication directly to the
air passages and lungs.
At the same time Vicks is absorbed through
and stimulates the skin like a poultice or plaster,
taking out the soreness and tightness in the
chest.

Worries In The Home
It is These That Cause Many a
Breakdown in Health
Almost every woman at the
head of a home meets daily with
little worries in her household af-
fairs. They may be too small to
notice an hour afterwards, but it
is the same little worries that
break down the health of so many
women. Their effect may be not-
iced in nervous headaches, fickle ap-
petites, indigestion, pains in the
side or back, and a sallow com-
plexion. To those afflicted in this
way Dr. Williams' Pink Pills, by
improving and purifying the blood
bring speedy relief. Among thou-
sands of weak women who have test-
ed and proved the merits of this
medicine is Mrs. Gustave Hutt,
Bruxelles, Man., who says: "It is
with profound thanks that I write
to tell you what Dr. Williams' Pink
Pills have done for me. Before I
began taking these pills I was
weak, and my blood thin and I
looked like a skeleton. I was trou-
bled with headaches and indiges-
tion, did not sleep well, and was
terribly constipated. I decided to
try Dr. Williams' Pink Pills and I
soon found that they were just
what I needed. Under their use my
appetite returned, my food digest-
ed properly and I slept better at
night, and gained in flesh as well
as strength. The result is that now
I am a perfectly healthy woman,
and there is no doubt that it is due
to the use of Dr. Williams' Pink
Pills, a supply of which I now al-
ways keep in the house, and I
would advise other women to do
the same."

You can get these pills through
any dealer in medicine, or by mail
at 50 cents a box from The Dr.
Williams' Medicine Co., Brockville,
Ont.
