

MANY DON'T KNOW HEART AFFECTED.

More People than Aware of It Have Heart Disease.

If examinations were made of every one, people would be surprised at the number of persons walking about suffering from heart disease.

This startling statement was made by a doctor at a recent inquest. "I should not like to say that heart disease is as common as this would imply," said the expert.

"But undoubtedly heart weakness, not disease, is more prevalent nowadays. I should think that the stress of living, the wear and rush of modern business life, have a lot to do with heart trouble."

There is no doubt but that this is correct, and we would strongly advise any one suffering in any way from heart trouble to take a course of Milburn's Heart and Nerve Pills.
