

A delicious Summer recipe

Here is a new and very economical dish to serve for lunch or supper. Fill a pie-dish or mould with pieces of cold cooked meat. Add two hard-boiled eggs sliced and, if liked, some sliced red peppers and a little parsley. Dissolve about a dessertspoonful of powdered gelatine in hot Bovril and pour over. When set, turn out on crisp hearts of lettuce, and serve.

WHEN GOING WEST

As an aftermath to the Diamond Jubilee Celebration a trip across the continent would be a fitting conclusion to a glorious celebration, to see the old world beauties of Quebec the sylvan loveliness of Ontario, the vast prairie sketches of the West, the majestic snow clad peaks of the Rockies and the sun bathed, wave-lapped shores of the Pacific. To travel across the continent is at once an object lesson and an inspiration, an object lesson of the magnitude and richness of our heritage and an inspiration to become more worthy of our citizenship. No one who has taken the trip across comes back without a better understanding of our country and a nobler ideal to make Canada great among the nations of the world.

In these days of modern travel the trip can be made at a minimum expense and with an ease that proves a marvel to those who have tried it. The Canadian National Railways operate a through all-steel train "The Continental Limited," which leaves Montreal, daily at 10:45 p. m. for Vancouver and Victoria touching enroute, Ottawa, Winnipeg, Saskatoon and Edmonton.

Jasper National Park, Canada's largest playground, is also passed through all the transcontinental tickets carrying with them the privilege to stop over at Jasper, in the heart of Jasper National Park, where is located Jasper Park Lodge, the local famed mountain resort, owned and operated by the Canadian National Railways. The Continental Limited makes the trip across the continent in remarkably fast time, so that where time is a factor, it provides fast service.

Trinity United Church Choir Picnic

On Wednesday afternoon the members of Trinity United Church Choir and friends enjoyed a very pleasant afternoon at Brackley Beach, arranged for by the Music Committee of Trinity Church. After a very enjoyable drive by motor to this favorite Sea Shore resort, all enjoyed a delightful dip in the waters of the Gulf. Numerous games were then indulged in until all had reached their appetites for the fullest extent. Dinner was served about 6.30 p. m. at the Cliff Hotel. This left nothing to be desired and the proprietress of the "Cliff" must have felt flattered by the way the good things disappeared from the bountifully laden table. After dinner a sing-song was usually given by all. A hearty vote of thanks moved by Rev. Hammond Johnson and seconded by George J. Tweedy was tendered the Music Committee for arranging so enjoyable an outing. Baseball and other sports were taken part in by those who could perform after dinner, until the shades of night came down upon a tired but happy group of songsters.

The Music Committee and the Choir members are very grateful to those who so kindly put their cars at their disposal for this outing.

WHEAT POOLS' MEMBERS ARE TO GET \$27,000,000

WINNIPEG, July 28.—The farmers of Western Canada who are members of the Prairie Wheat Pools will receive a total of \$27,000,000 during the present week. E. B. Ramsay, Secretary of the Central Selling Agency of the Western Pools, today announced an interim payment on wheat, amounting to 20 cents a bushel on durum, 15 cents per bushel on the higher grades, and 10 cents per bushel on some of the lower grades. Of the total, Saskatchewan farmers will receive \$17,825,000; Alberta \$6,500,000, and Manitoba, \$2,697,000. No payment is being made at this time on coarse grains, but a final payment will be announced soon, Mr. Ramsay said. Mr. Ramsay also announced the following as the initial prices for the new crop (1927) on basis Fort William: Number 1 durum and Northern wheat, \$1. per bushel; No. 2 C. W. Oats, 34 cents per bushel; No. 3 C. W. barley 50 cents per bushel; No. 1 N. W. flax, \$1.50 per bushel; No. 2 C. W. rye, 70 cents per bushel.

PRINCE EDWARD ISLAND AS A TOURIST RESORT

Some interesting and delightful locations described for Guardian Readers.

RUSTICO III.—CAPE TURNER.
By Harold Messervy.

While we are considering fisheries, I am told that excellent trout may be caught in the run. They begin to enter the Bay about August first, on the way from the sea to their spawning grounds up the streams. Then is the time to station yourself, with your fishing tackle on the sand bar over on the Robinson's Island side, when the tide is at its lowest and is just beginning to rise. Here the channel comes close to the bar and the slope of the shore is very steep, so that the water deepens rapidly. Of course, you'll wear waders, but you don't need a boat. Use a fly with plenty of red in it; Blockhouse or Parmachene Belle, or something of the kind will fill the bill. The trout enter on the rising tide, and if you do your fishing at this time, you are almost sure of a good catch. I cannot speak from actual experience of the fishing here, but I have spoken with experienced anglers who have never failed to come home with some fine large trout in their creels.

If you are interested in flowers, take a walk along the road leading from the harbor. Before you have gone far, you will notice on the left of the roadway a rough, almost thistle-like plant, bearing small blue flowers which look a good deal like forget-me-nots. And it is very natural that it should be so, for they are closely related, both belonging to the Boraginaceae. This spiny plant is Stick-seed (Echinopspermum Lappula). It is not mentioned in the Island flora, compiled by the late Prof. MacSwain, so one may infer that it is rare, or, at any rate, very local in its distribution.

You will see by looking at the map, if, indeed, you haven't already observed them, that the bay has two entrances—one opposite Oyster Bed Bridge, the other here at Rustico. So the Indians gave it the very appropriate name of "abooctoetun," the meaning of which is "having two outlets."

Central Church Has Successful Picnic

The Central (Christian) Church held its annual picnic on Mr. J. A. Messervy's grounds, Langley Beach. The Church is deeply indebted to Mr. Messervy for the use of his beautiful grounds. About 150 turned out to bask in the sunshine; to revel in the beauties of nature on land and sea; to swim in waters that were delightfully warm and refreshing; to enjoy, to the full, all that a bounteous Providence provided for kids, boys and kiddies and older folks.

The occasion was heightened in its enjoyment by the presence of Dr. Stant Lewis of St. Louis, Mo., and his charming wife, who has already won the affection of the good people of the Central Christian Church.

After refreshments—and there were all that keen appetites could wish, and abundance of them—the sport programme began, and everybody let loose in the fun and frolic of amateur stunts in athletics.

The following is a list of the contests on the Olympic field, and the name of those who carried home the laurels:
Boys and girls from 10 to 13—1. Oscar Diamond 2 David McNeill 3 Lois Ford and Nellie Munn.
100 yards—1 Harold Harper 2 Robert McNeill 3 Edward Platts.
All between 16—20—Belle McNeill 2 Emily Platts 3 Florence Platts.
Women's Race—1 Mrs. Platts and Kennedy 2 Mrs. Ford 3 Mrs. Lewis.
Running high jump—1 Edward Platts 2 Robert McNeill 3 Dewar McNeill.
Running Long Jump—1 Harold Harper 2 Everard Platts 3 Robert McNeill.
Men's Race—1 Frank Stewart 2 Mr. Herman 3 John Stewart.
Women's Race (40 and over)—1 Mrs. Platts, 2 Mrs. Kennedy.
In spite of a short heat wave, that for awhile prevailed, the picnic was one of the best, and all went home saying—"Come again."

Children under 7—William Kennedy 3 Ira Stewart 3 Lloyd Grant.
Children under 10—Dewar McNeill 2 Ralph Stewart, 3 Donald McKinnon.

CROP PROSPECTS ARE GOOD

WINNIPEG, July 28.—A survey of Western Canada indicates that wheat is practically all headed out in a great many districts, while in other areas it is from 50 to 75 per cent, headed. Other grains are coming on rapidly. Rye is turning color in some places and nearly ready for harvesting. Flax is in flower and hay is being gathered in.
HAMILTON, Ont., July 28.—Peter Ramsay, Alberton, P. E. I., has been awarded a parchment certificate for a rescue from drowning by the Royal Canadian Mounted Police.

warmth and pleasantness. In the fields to the landward side of our road along the cliffs, we can hear the busy hum of the moving machines, as the hay falls in serried ranks before their vibrating knives. Each is drawn by two stalwart horses—such horses as one seldom sees except in this Province. Strong in they are, of sturdy Clydesdale stock, but well groomed and clean. To lovers of horseflesh it is pleasant to think that their place on the farm can never be entirely filled by the noisy tractors.
Presently our road turns away from the fields into a tangle of raspberry bushes. It swings off, too, from the cliffs on our right, and the
