## SICILIAN AR FIELDS BOMBED HEAVILY

## 7,000 Shipyard Workers Strike In Quebec Area

### Gov't To Take Over Number Of Shipyards

**U.S. Subs Sink 12 Jap Ships**  
WASHINGTON, June 14 (AP)—United States submarines in the Pacific have sunk 12 Japanese ships, including one destroyer, probably sunk another and damaged three, the navy announced today. Pursuant to policy, the navy gave no details on the actions which brought the number of Japanese ships sunk, probably sunk or damaged by submarine action to 256.

### Canada's Lone Ferry Bomber Pilot To Wed

HALIFAX, June 14 (CP)—Blonde and trim, pretty enough for a matrimonially inclined man who has set his eye that way—and a man has set his eye that way—Gloria (Sally) Large, Canada's lone female ferry bomber pilot, is back in Canada and going the way of all lone females. She announced Gloria, a Charlottetown girl who is back in Canada for the first time in nearly a year, while visiting here. A member of the Atlantic Air Transport Auxiliary, she has been waging war against Hitler by piloting egg-dropping bombers from factory to field, and battered Spitfires from field to factory. There are other women who wear the blue uniform of the A.T.A., she says, but she is the only Canadian among them. Called "Sally" by her friends, Gloria is the daughter of a Charlottetown business man. She volunteered for A.T.A. in Montreal and they took her on her record. Her record consisted of two years commercial flying in Los Angeles, Hamilton and Toronto, in that order. It was in Toronto where the 19-year-old woman pilot first met her fiancé, Cpl. Kirk. But it took an air raid in the South of England and the same air-raid shelter for them to discover they were both in England. And, well—now they are going to be married.

### R.C.A.F. Awards

OTTAWA, June 14 (CP)—The R.C.A.F. today announced the award of 21 Distinguished Flying Crosses and Five Distinguished Flying Medals to officers and airmen of the force serving overseas. The awards were given to next-of-kin, including Flying Cross Distinguished Flying Cross PO J. K. Bell, (father) J. Bell, 188 Kensington St. New Glasgow, N.S. Distinguished Flying Medal Sgt. J. R. Burke, (father) E. F. Burke, 128 Arthur St. Truro, N.S. Sgt. J. N. Rivard, (father) W. Rivard, La Tuque, Que.

- Hear Breadbasket Variety Concert with Todd's Orchestra, Wednesday, Thursday, June 17th. Proceeds Greek Relief, 6-15-31.

### City Council Votes \$1,400 For A.R.P.

At the monthly meeting of the City Council last night a resolution was passed authorizing an expenditure up to \$1,400 by the City for the year 1943 for A.R.P. purposes, on the basis set out in the following minutes of the treasury board of the Province, as received in a communication from the deputy provincial secretary-treasurer. The Treasury Board having under consideration the immediate necessity for additional water and medical supplies in the Charlottetown area for A.R.P. purposes authorized an expenditure not exceeding fourteen hundred dollars (\$1,400) for the year 1943, being 50 per cent of the total expenditure to be made by the City of Charlottetown for said purposes. The remaining 75 per cent of the gross expenditure to be paid on the basis of 50 per cent Dominion government and 25 per cent City of Charlottetown.

### Invasion This Week?

LONDON, June 14 (CP)—A military commentator on the Paris radio, in a broadcast tonight recorded by Reuters News Agency, said "it is likely that Allied invasion will begin this week."

### Mussolini Ordered Surrender

PANTELLERIA, June 11 (Delayed)—(AP)—Mussolini personally ordered the surrender of Pantelleria in response to a report from the island that Allied bombers had been dropping bombs there. The island was endurable, it was disclosed tonight at the signing of the armistice. Brig. Gen. Achille Maffei, stocky, swarthy Fascist leader of the Italian troops here, said that Admiral Gino Pavesi, Governor and Commander of Pantelleria, sent a message to Mussolini Thursday night to tell him there was no hope of holding out longer. Maffei reported that he was saying to the bombing as day Thursday "was the worst we had; we had no food or water for three days. The Admiral, he said, told Mussolini that the situation was "not endurable and Mussolini replied this (Friday) morning, saying in effect, "all right, surrender for the sake of the civilian population."

### Coldwell Is Critical Of Aluminum Co. Profits

By FRANK FLAHERTY (Canadian Press Staff Writer)  
OTTAWA, June 14 (CP)—M. J. Coldwell, C.P. Leader, said today in the House of Commons that profits "unparalleled in history" are being "exact" from the United Nations by the Aluminum Company of Canada and its associated companies. He said that in his view the agreement by which the company had agreed to grant accelerated depreciation for taxation purposes on the Canadian Company's plant extensions was "not in the best interests of Canada," Munnitions Minister Howe, replying to Mr. Coldwell after the dinner recess, said while fighting a battle against the Axis, not a battle against trusts and combines or one industry against another industry. Whether or not Aluminum Limited the Parent Company of Aluminum Co. of Canada, was a combine, this did not appear to be the time to take up the war against combines, Mr. Howe said. After speaking of the connections between the Canadian Company, the Aluminum Company of America, Aluminum Ltd. and companies in other countries Mr. Coldwell said the prices being charged by the governments of the United Nations now are substantially

### War Situation Last Night

By Glenn Babb, Associated Press War Analyst  
Japan's parliament meets today amid increasing indications that the war lords are alarmed by the inability of the Empire's war industry to meet their demands upon it. The announcements broadcast from Tokyo concerning the session are not enlightening but nearly all stress the idea that something must be done to increase the output of planes, ships and guns. It is only to be a three-day special session to approve a strictly limited legislative program designed as Tokyo radio says, to produce "a drastic increase of the fighting strength." Premier Tojo has given notice that he will stand for no nonsense. He is to be the only speaker; the usual reports by the Foreign Minister, Finance Minister and others are to be dispensed with. There will be no interpellations; the Premier wants no embarrassing questions raised about the course of the war. He will give his own account of it and that must be accepted. It will be interesting to see what Tojo will tell his compatriots about the war, his recent utterances have been much less boastful than those of a year ago. Obviously the Tojo regime is making a tremendous effort to gear the war machine for an effort surpassing anything that has gone before. Whether this will be offensive or defensive remains to be seen. Despite some manifest weaknesses the Japanese armed forces still have tremendous striking power. The temptation to have another try at knocking China out of the war must still be strong. The flower of the Japanese army remains in Manchuria along Russia's far eastern border. It must be assumed that Hitler is exerting all possible pressure to convince Tojo and company that they must help him finish off Russia this summer, that unless the Axis powers hang together on this matter they must be crushed. But it is doubtful whether the Japanese will listen to this argument. There can be no doubt, however, that the Japanese Generals and Admirals are face to face with the realization that the hope they held when they challenged the United States—that the great American industrial potential could never be fully mobilized for war—has proved a false one.

### Germans Blocked In Donets River Attempt

LONDON, June 14 (CP)—An unsuccessful and costly German attempt to cross the Donets River in the south and a bloody local skirmish in the north of the central Russian line were reported tonight in the Russian midnight communiqué. The Germans, armed with tommy guns attempted to cross to the west bank of the river in the Lisichansk area, where the German line gulf east across the river. Several hundred German soldiers were reported to have been killed and many more reported to have been wounded. The Russian air force continued its active and vigorous operations in the Donets region, said the communiqué. Several trains were also reported hit by Soviet attackers. In the Civil sector northwest of Minsk the Soviet troops engaged in operations which the communiqué said were of "local importance." Three German artillery and two mortar batteries were reported destroyed and over 100 Germans were reported to have been killed. The German planes were reported brought down by ground fire and two German airmen captured. The Russian air force continued its active and vigorous operations in the Donets region, said the communiqué. Several trains were also reported hit by Soviet attackers.

### London Has Two Air Raids

LONDON, June 15 (Tuesday) (CP)—Heavy explosives were dropped on London suburbs early today by enemy planes which touched off the capital's air raid sirens twice within an hour. Thunderous gunfire followed both alarms and searchlights spotted at least one fast raider over the city's outskirts. The all clear sounded shortly after each alert. The explosives fell during the first alarm but there were no immediate reports of damage or casualties.

### Redistribution Is Postponed

OTTAWA, June 14 (CP)—For the first time since Confederation, the redistribution of parliamentary constituencies, required by the British North America Act after each decennial census—is to be postponed. Prime Minister Mackenzie King announced today in the House of Commons. In order to avoid controversy, and in consideration of the facts

### Retention Of Second Train Service Urged

Urgent recommendations stressing the need of retaining the double passenger train service to and from the province have been made by the Provincial Government and the Charlottetown Board of Trade. The Board of Trade representatives conferred yesterday with Premier Jones and the matter was further discussed by phone with Mr. R. H. Macpherson, manager of the Maritime Transportation Commission, and with the federal representatives at Ottawa. Mr. B. Graham Rogers, supervisor of the Travel Bureau went to Moncton by plane yesterday, armed with fuller representations. He was interviewed last night by Premier Jones and every effort is being made to retain the double service for the summer. Wartime traffic requirements are given as the reason for the proposed change but provincial spokesmen point out that the double service is not a luxury but a necessity, and that through freight trains are being run on the passenger trains if necessary. Notification was also received that the pullman service was being cut off at Campbellton. This would be in accord with general railway policy in other regions to meet pressing military transportation requirements. No further word has been received from the traffic controller, but it is understood the Island representations are being given consideration.

### Lt. Governor Makes Appeal For Greek War Relief

The following appeal to help the people of this Province to help the Greek Relief Fund has been made by His Honour Lieutenant Governor LePage. A most urgent appeal comes to the citizens of Canada to help to save the starving people of Greece, who have so valiantly fought on the side of the Allied Nations in our common cause for freedom of the world, only to be subdued and left to starve by a cruel and unscrupulous enemy. Thousands of men, women and children of this noble Greek race have already died of hunger. We in this land of plenty have a duty and an opportunity to help save many thousands of precious lives by giving our money to provide food and medicine. We can feel confident that the International Red Cross Society who have undertaken the job of distributing and distributing this very Fund will see to it that every dollar we give will go directly to help the distressed people of Greece. I heartily endorse this very worthy Relief Fund and I am confident that every citizen, Church and every organization in this Province will do their utmost and do it at once, by sending their contributions to Mr. A. Belcher, Manager, Bank of Montreal, Charlottetown, as no canvassers will call upon you. Remembering the words of Jesus, "In as much as we have done it unto the least of these, we have done it unto me."

### 23rd National C.W.L. Convention

HAMILTON, Ont., June 14 (CP)—Great distances in the west of Canada and travel restrictions have hindered the 23rd annual convention of the Catholic Women's League of Canada, Mrs. Irene Hawkes of Edmonton said today in a report to the convention. The convention, which was held in the area there were 11 dioceses, with 162 sub-divisions and 4,290 members. In central Canada, the 11 dioceses have 46 senior sub-divisions, seven junior sub-divisions and a total membership of 15,644. Mrs. A. V. Egan of eastern Canada, division there are 10 diocesan councils with 140 sub-divisions. Mrs. G. W. Marceau of Quebec City said. The financial report read by Miss Ann MacMaster of Vancouver, said the scholarship fund had been over \$100,000. The various provincial divisions had been made to the Sisters of Service. Donations were sent to the C. W. L. in England for purchase of mobile chapels and to the Polish and British relief funds, mothers of Malta and Queen's Canadian fund. Almost \$600 was given to the Navy League of Canada casket fund.

### Aerial Drive Is Continued

LONDON, June 14 (CP)—The allied air offensive against Germany went on unchecked overnight, with R.A.F. attacks on the Rhine-land and on Axis shipping off the Netherlands coast. Reconnaissance photographs showed today that heavy damage was wrought by American bombers in their violent raid Sunday on the German port of Bremen. These photographs disclosed at least a dozen hits on and around the Atlas Works, one of the port's largest shipyards. The companion American raid on Kiel ran into such fierce fighter opposition that effective action could not be made of the cameras. The R.A.F. for its part attacked an enemy convoy off the Netherlands coast, aside from its assaults in the Rhineland, sinking two ships and damaging four others.

### Fourth Italian Island Is Taken

LONDON, June 14 (CP)—The capture of Lampedusa, tiny island of the Aegean group, was reported today by the British. It was the fourth of the Mediterranean strongholds captured by Allied air and naval might during the week end. A Reuters News Agency dispatch from North Africa reported the capture of the newest prize saying that the British had taken the island. The details of the capture were described as unimpressive.

### Bracken Sees Coal, Steel, Fish At First Hand

By JOHN LEBLANC  
Canadian Press Staff Writer  
Operations of three mines in Nova Scotia and the coal, steel and fish markets at the first hand today by Progressive Conservative leader John Bracken as he returned to the province after a tour that was carried out in every section of the province. The new leader, visiting Nova Scotia for the first time since he became head of the party, saw coal being hoisted at Princess Colliery in Sydney Mines, talked to fishermen and fish processors in North Sydney and then came to this city to make a trip through the great steel plant of the Dominion Steel and Coal Corporation. At Sydney Mines, where he held the first after an overnight trip from Prince N.S., he gave the first speech he has ever delivered in Nova Scotia. To a luncheon audience, he laid down these points for Canada's "world of tomorrow": 1. More thought must be given to the condition of the work force. 2. The level of social security must be raised. 3. Every young man entering manhood must be assured of the chance of earning his own living with fair pay and fair conditions. 4. Assurance of fair treatment must be given to all workers, which risks capital and provides employment. Standards of increased industries must be raised. Canada must play her part in international affairs. Mr. Bracken said the "world of yesterday" would not be enough for the future. He said the world of tomorrow must be a world of peace and progress. He said that the world of tomorrow must be a world of peace and progress. He said that the world of tomorrow must be a world of peace and progress.

### 1700 NO LONGER WIDOWS

LONDON, June 14 (CP)—More than 1700 widows of the Second World War were today notified that they were no longer widows. The notification was made by the War Reliefs Administration in London. The notification was made by the War Reliefs Administration in London. The notification was made by the War Reliefs Administration in London.

### Meeting Of C.N.F.B.A. Opens

The twenty-third annual meeting of the Canadian National Silver Fox Breeders Assn. opened yesterday afternoon at the head office in Summerside with a good attendance. The general meeting of all the members of the association will be held this morning at 10 A.M. It is about thirteen years since the meeting of the directors has been held in Summerside. Yesterday afternoon an executive meeting of the directors was held at 2 P.M. Among the directors who arrived up to yesterday were vice president, W. H. C. Rutherford, from Alliston, Ont.; J. E. McCauley, Ontario; Sven Klumbers, Manitoba; H. M. Dorathy, Quebec; F. H. Copp, New Brunswick; George McLeod, New Brunswick; Ken Taylor, Nova Scotia. Many prominent members of the association have arrived for the meeting including: R. G. T. Hitchman, director, Canadian National Livestock Record; O. P. A. P. MacVannell of the Dept. of Agriculture, Ottawa; C. B. Lang, editor of Fur of Canada; Winnipeg; G. H. Donovan of the Donovan Publications, Toronto; H. M. Seidon, Detroit, Mich. The address of welcome to the visiting delegates was delivered by Hon. J. Walter Jones Premier and Minister of Agriculture. On behalf of the Town of Summerside Mayor W. J. Lidstone extended a welcome to the visiting delegates. This evening at 8 o'clock the meeting is open to all fur breeders. Speakers at the meeting will be W. R. Shaw, Deputy Minister of Agriculture; P. E. L. Dr. E. Rendle, Bowser of Toronto; also Dr. C. K. Gunn, Superintendent of the Experimental Ranch.—B

High tide this morning at 6:50 and tonight 8:49. Sun sets this evening at 8:40 and rises tomorrow morning at 6:40.
