CENTRAL GUARDIAN

REMOVING GRAVEL—Workmen were engaged Friday in removing the gravel from all the walks in Queen Square.

SAD NEWS—Mr. and Mrs. Wilbert Dockendorf, North River, received a sad telegram Saturday, Sept. 12th, that their son Bernard died suddenly in Gravelburg, Sask. Full particulars will be given later.

POLICE COURT—At the Police Court Saturday morning, a vagrant was given 10 days; a case of unlawful possession of liquor was adjourned until this morning. In a case of breaking and entering with the intention of stealing, the offender was given 6 months.

JEWISH CELEBRATION—Friday at sunset, Hebrews the world over commenced the celebration of the Jewish New Year and those of the faith in this city joined in the observance. The New Year is of two days' duration and from then on Hebrews enter upon the ten days of repentance which are concluded by the Day of Atonement.

CARS DAMAGED—Shortly before 11 o'clock Saturday evening an automobile traveling north on Great George street was struck by another car, which was crossing the pavement in the block between Fitzroy and Euston streets. Both cars were slightly damaged.

PERSONALS

Mr. Duncan MacDonald, Summerside, left on Saturday morning for Toronto to attend the convention of the Trackmen's Union to be held in that city.

Mrs. J. A. MacKenzie, left Saturday morning for Windsor, Ontario, called there on account of the illness of her daughter-in-law, Mrs. Ian D. MacKenzie.

Mr. and Mrs. John Anderson have returned home from a month's trip to Saskatoon. They drove by motor car from Montreal, accompanied by Mr. Fred Roper, of Sherwood.

Mrs. W. W. Down has returned from an enjoyable three weeks vacation spent with friends in Montreal.

Sec. 3.—Basket new butter, in fancy prints or rolls, not less than 5 lbs.: 1, John Knight, Georgetown; 2, Sarah McPhee, Georgetown; 3, Mrs. D. P. McKinnon, Burnt Point. (To Be Continued)

Albany And Vicinity

The regular monthly meeting of the Carleton Women's Institute was held at the home of Mrs. Harry Muttart on Thursday afternoon. Reports of different committees were given and the appointment of new committees were as follows: Sick Committee, Mrs. Nathan Bell and Miss Beta Muttart; School Committee, Mrs. Harry Muttart and Mrs. Fred Bell; Programme Committee, Mrs. John Delghan and Mrs. Boyd Lowther; Refreshment Committee, Miss Mary Muttart, Mrs. W. E. Bell and Mrs. Thos Bell. Roll call for next meeting to be answered by Mother's Maiden Name. Mrs. Fred Bell gave an interesting report from the Convention held in Charlottetown on July 10th and 11th. Two very interesting readings were given by Mrs. Montague Campbell and Mrs. Nathan Bell. Collection amounted to \$1.00. A vote of thanks was tendered Mrs. Fred Bell for the splendid report he had given and the meeting adjourned by singing the National Anthem. A very dainty lunch was then served. Next meeting to be held at the home of Mrs. Nathan Bell.

Miss Rena Howatt has returned after spending a few days pleasantly with relatives in Albany—A.

Will "Shoot" The Aurora Borealis

(Canadian Press)

MONTREAL, Sept. 11.—"Aurora Borealis" will need to be on her best behaviour the next few weeks because they are going to make her a movie star. Equipped with a camera possessing an ultra high speed lens and with films capable of catching all the colors of the spectrum, three explorers and scientists from the United States left Montreal tonight by Canadian National Railways for Winnipeg and Churchill, and at Churchill they are going to persuade "Aurora" to dance for them.

"Churchill is the ideal location at this period of the year," said Capt. Flavel M. Williams, who is in charge of the expedition, "because it is on a direct line between the auroral pole at Fort Conger and the magnetic pole, and in the path of the maximum light frequency of auroral waves." Another purpose is to discover if the auroral phenomenon is connected with static electricity and terrestrial magnetism.

Captain Williams says that he deduced the theory that static electricity and terrestrial magnetism were closely associated, when he eliminated static electricity from gasoline trucks by providing an outlet for it in the form of a chain attached to the chassis and dragging on the pavement. The saving of human lives and millions of dollars by preventing explosions, due to the accumulation of static electricity in moving metallic bodies like gasoline trucks, may seem a far cry from the aurora borealis, but one thing leads to another in science.

Must Pay More For Their Beer

(Canadian Press)

LONDON, Sept. 11.—Customers in public houses will have to pay more for their beer, for the brewers society decided today that the increased duty on beer announced by Rt. Hon. Philip Snowden, must be passed on to the consumer, beginning Monday. Some places anticipated the increase today and their customers switched from their old brand to cheaper.

Primary Duty Of A Magistrate

(Canadian Press)

TORONTO, Sept. 11.—The primary duty of a Magistrate should be the administration of justice and he should in no sense be a money making machine, was the declaration of Joseph Sedgewick, solicitor to the Department of the Attorney-General, in addressing the Ontario Magistrate Association at the City Hall today. "Your high office does not compel profits," Mr. Sedgewick added. "In some small places there is constant pressure brought on the Magistrate so that costs will be secured. You should set your face against it. You should not desire to make your revenue equal your expenditures." The Association unanimously voted to ask legislation abolishing the fee system in Ontario, and to place Magistrates on a salary basis. The resolution was moved by S. A. Jones, of Brantford.

New Treasurer

SAINT JOHN, N. B., Sept. 11.—The appointment of Fred V. Thompson as secretary-treasurer for Gyro District 6, comprising the Maritime Provinces and Newfoundland, was announced yesterday by Paul B. Cross, newly elected Gyro lieutenant-governor.

Germans Drink Less Beer Since War

BERLIN, Sept. 12.—Germans are drinking less beer.

From April 1, 1930, to the end of March this year the quantity of beer drunk amounted to 1,067,000,000 gallons, a decrease of 16.5 per cent on the previous year.

Ever since the war, however, Germans seem to have been trying to live down their reputation as a nation of beer drinkers. In 1913-14 they drank 1,468,840,000 gallons—or 389,840 gallons more than last year. The reason for this lack of enthusiasm on the part of the thirsty does not seem to be the quality of the beverage, but it may be because of the increased taxation that has been imposed by the Government on the glass that cheers.

has made some necessary improvements to the exterior of his residence which now completed presents a decidedly improved appearance.—P.

No Detectives Wanted For Mahatma Gandhi

SS. RAJPUTANIA, Sept. 12.—Mahatma Gandhi would rather not have detectives watching over him day and night when he gets to London for the round table conference.

"If anybody—Communist, anarchist, or revolutionist—wants my poor life, he can have it," he said today. "It's all I have to give for the cause of Indian independence. God is my only protector."

His colleagues wirelessly British officials that the Mahatma preferred to cover the last leg of the journey from the English coast as an ordinary traveller by train rather than by automobile, as the Government is planning.

Drink (to waiter)—"Waiter, about half an hour ago I ordered a drink. Now, did you bring it, did I drink it, or didn't I order it?"

Eight Arrests In Montreal Over Strike

(Canadian Press)

MONTREAL, Que., Sept. 11.—Gaspard Bertrand, President of the Canadian Electrical Union of Linemen and Helpers, members of which employed by the Montreal Heat, Light and Power, Consolidated, went on strike some time ago, was taken into custody today on a warrant of charging conspiracy. The charge was in connection with widespread damage caused by dynamiting power line towers and otherwise interrupting electrical services. This makes a total of eight arrests on similar charges.

The men went on strike because the company refused to recognize their Union. While the strike was in progress, and after other men had been taken on to fill the vacancies, the destruction of company property started. Although the strike was declared off some two weeks ago, many of the strikers have not as yet been taken back by the Company as their positions had been filled.

Kaiser Has No More Trees To Cut

BERLIN, Sept. 12.—The ex-Kaiser is forced to rely on his neighbors at Doorn, Holland, where he lives in exile, to "give" him work. For years Wilhelm II has indulged his hobby of wood-chopping and now he has completely cleared his own extensive grounds of fallen and dead wood, says the Doorn correspondent of the Berlin newspaper "Tempo".

At 6 o'clock every morning the ex-Kaiser rises and takes a brisk morning stroll before morning service, which is held in the chapel at 8 o'clock. Breakfast is at nine o'clock.

PETERS ROAD AND VICINITY

Mrs. John G. Jenkins of Greek River has taken an extended trip to the United States where she will visit the different members of her family located there, and incidentally she will have the pleasure of renewing acquaintance with numerous relatives and friends in the different centres of the New England States. In New York she will be the guest of her daughter, Mrs. Robert Adams and Mr. Adams, and at Watertown, Mass., the guest of her sons Mr. Harry Jenkins and Mr. J. L. Jenkins and their respective families. Her sister, Mrs. Hector A. McLean of Hyde Park, Mass., who had been visiting her relatives and friends in P. E. I. and was returning to her home in the U. S. accompanied Mrs. Jenkins.

Mrs. Sidell (nee Miss Hattie Jenkins) formerly of Point Pleasant, P. E. I. and now residing in the U. S. motored from her home there, and is now visiting relatives and friends in this vicinity.

LOUISIANA TIGERS PLAN TO GIVE ARMY BATTLE

(United Press)

BATON ROUGE, La., Sept. 11.—The heaviest and hardest football schedule in years is carded for the Louisiana State University Tigers this fall, while prospects show that the University will be represented by one of the strongest teams in its history.

Interest here is being concentrated on the game with Army cadets at West Point, Nov. 7. Governor Huey P. Long, has announced that more than 1,000 university cadets and three bands will accompany the Tigers to New York. Plans and preparations are being made for five special trains to carry Tiger followers.

HOW DON WAS TRICKED INTO BEING DISQUALIFIED

Here is how Kaye Don was admittedly led on by Gar Wood, the "Silver Fox," to beat the gun and be disqualified in Labor Day Harmsworth trophy race at Detroit. TOP—At five-minute gun Don brings his Miss England II from LEFT of judges' stand (as seen in sketch) to the position as shown at right. Geo. Wood's Miss America follows suit, taking up position some distance in rear of Don's craft. Gar Wood, as the path marked shows, instead of coming up from starting point drives down from his boathouse in Miss America IX. Suddenly he shoots off at a tangent behind pleasure craft, making for starting point. Don, knowing that Wood had never made a technical error before, and fearing that his own time was out, sped in his wake, but boats beating the gun by approximately nine seconds. Geo. Wood then brought up in rear and crossed the starting line on time with Miss America VIII. As both Wood and Don were disqualified he had no competitors.
