MALPEQUE AND BALTIC W. M. S. The Auxiliary of the W. M. S. of the United Church of Malpeque and Baltic held its February meeting at the home of Mrs. Preston Green, The President, Mrs. Green presided. The Worship Service was taken from the Missionary Monthly, this was led by Mrs. Danan MacGowan, assisted by members with scripture reading and prayers. The study book was in charge of Mrs. Edith Dunlop, Chapter VI of India at the Thelma Hall was full of interest. Following the reading of the Missionary Report on the Presbyterian was given by Mrs. Crowds and Mrs. W. H. Baines. The nice painting was displayed to the members present. Twelve members answered to roll call. Two visitors were welcomed by the president. Seventeen calls were made on the sick and shut-ins. Since the meeting the Lord's Day of Prayer will be held in the Memorial Room February 21st, at 2:30 o'clock. A special meeting to be held at the Missionary meeting followed with silent prayer for our medical missionaries in India followed by the benediction.

WINTER BUTTERFLY REGINA —(CP)— Spring is on the wing as far as Mrs. E.J. Callow is concerned. When she opened her kitchen door with the temperature hovering at 20 below zero and a 23-mile an hour wind whistling down the street, a yellow cabbage butterfly whisked into the room.

Notice The annual meeting of the Dunk River Dairying Co. will be held in Central Bedoune Hall on Tuesday, Feb. 11, at 2:30 p.m.

S'side Council Names Standing Committees

CAPITOL SUMMERSIDE TODAY (Monday) and TUESDAY

THE LATEST AND GREATEST "ROAD" SHOW OF ALL! BING CROSBY BOB HOPE DOROTHY LAMOUR

Produced by PAUL JONES Directed by HAL WALKER

Also COLLEGE QUEEN and MAN'S BEST FRIENDS Shows 7:15 - 9:15 Matinee Tuesday 3:30

The regular monthly meeting of the Summerside Town Council was held last evening with His Worship, Mayor J. F. Arnett presiding and all the members of the Council present.

The Mayor announced the standing committees for the year which were confirmed on motion. They are as follows: Finance, Councilors Smallman, Gorrill, Wedge; streets, Coun. Wedge, Smallman and Schurman; police and abattoir, Coun. Driscoll, Wedge and Morrison; electric light, Coun. Morrison, Gorrill, Smallman; property and fire, Coun. Gorrill, Driscoll and Morrison; assessment, schools and parks, Coun. Schurman, Gorrill and Driscoll.

At the opening of the meeting Mayor Arnett congratulated the recently elected Councilors and asked for their hearty cooperation.

Request Electric Services The Clerk read a letter signed by 27 residents of Lower Bedoune, Central Bedoune and Fernwood, requesting the Town to supply electric energy to those districts. Councilor Morrison explained that the matter was not available to do this work and he moved that the matter be left over until such time as it is available. The motion was seconded by Councilor Gorrill and carried.

A letter was read from the Board of School Trustees stating that truancy was becoming more difficult to control and asking that a trustee officer be appointed.

Councilor Wedge explained that it had been decided to have Sgt. Schurman of the police force do this work until a permanent appointment is made. On motion of Councilor Morrison, Mr. T.E. Hickey, C.A., was appointed trustee officer for the year at a fee of \$500.

At the request of the School Board a motion was passed, having been moved by Councilor Smallman, seconded by Councilor Morrison, that the Legislature be asked to amend the School Act to permit the Town to spend up to \$20,000.00 a year on the school.

Councilor Morrison reported that ten years ago the Council was spending only \$10,000.00 on the school. The Mayor explained that new rooms had been added and teachers' salaries increased.

To Purchase Equipment Reporting for the street committee, Councilor Wedge said he had just been appointed to this committee he had not much to report. There was considerable work to be done this year and he thought the first job would be the widening of Duke Street which would start as soon as possible. He moved that the purchase of two 3-ton trucks and one snow plow attachment from the City of Charlottetown be approved. The motion was seconded by Councilor Schurman and carried.

A motion was passed, being moved by Councilor Wedge and seconded by Councilor Schurman, that the C.N.R. be permitted to construct a siding across King St. to the M.P. Schurman Co. Ltd. property.

Councilor Morrison reporting for the electric light committee said that the load at the plant at the present time is just about half its capacity.

The annual report of the Fire Department was received and filed on motion of Councilor Gorrill, seconded by Councilor Driscoll, but was not read.

Councilor Schurman suggested that the assessors this year call at every house and have the number of the residence placed opposite the name in each case so that in future there will not be the talk about the voters' lists that there was this year.

Councilor Wedge stated there is a great demand for water and sewerage from certain parts of the Town and he felt that the Council should cooperate with the Water and Sewerage Commission in extending these lines. Pipe is now available and he hopes that some would be laid this summer as it is important from a health standpoint. A petition had been received from "Good Time Charlie" in a certain area in 1946 but the work was never done.

Mayor Arnett said that the Council had no jurisdiction in the matter and it was up to the Water and Sewerage Commission but he felt the Council would cooperate in any way possible.

Sharp Drop In Grain Shipments

(By The Canadian Press) WINNIPEG, Feb. 10—A freight car shortage, storm conditions and earlier disposal of surplus grain supplies all contributed towards curtailed wheat shipments from Canada to the United Kingdom, Canadian Wheat Board officials here said tonight.

Most noticeable factor in the reduced shipments was the weather, officials said. Although storm conditions hampered traffic, this delay could only be considered temporary and did not contribute to the over-all reduction to any extent.

Although no figures were released, officials termed the effect of freight car shortage "considerable" in holding up shipments from western Canada to the eastern seaboard.

Another comparison of the drop indicated in the figures for the week of Jan. 25-31, 1946 and the week of Jan. 24-30 of this year. During the former period 4,811,600 bushels went in overseas shipments compared to 3,064,950 bushels during the latter.

While the Wheat Board refused to go into details concerning reduced shipments, they said that the demand for wheat by Britain and other overseas countries could be expected to drop if unemployment played a part in the economy of the European lands.
