THE PRESBYTERY OF P.E. ISLAND

Rev. Mr Simpson's Resignation Accepted—The New Metrical Version.

In Charlottetown, and within Zion Church there, on Tuesday October 17th 1905, which place and date the Presbytery of Prince Edward Island met pursuant to adjournment and was constituted, Mr. E. Smith moderator, pro tempore, with whom were present Messrs Millar, Simpson, Fullerton, E. McDonald, Sedgwick, Sutherland and Craise, ministers, and Messrs T. C. James and A. Currie elders.

Presbytery considered the resignation of Mr. F. C. Simpson of the pastoral charge of Souris and Bay Fortune. The following commissioners from the congregation were present: Messrs A. Currie, J. C. Underlay and W. R. Webster, and read resolutions from both sections expressing regret at Mr. Simpson's action, and the desire that he may yet see his way to remain among them.

Mr. Simpson was then heard and adhered to his resignation.

On motion Presbytery agreed to accept the resignation, the same to take effect on and after 29th October inst. Sympathy with the congregation was expressed, and a committee appointed, consisting of Messrs Millar and Craise to draw up a suitable minute in connection with Mr. Simpson's departure. The clerk was instructed to grant the usual Presbyterial certificate to Mr. Simpson.

Mr. J. W. McKenzie, Midgell, was appointed interim moderator of Souris and Bay Fortune and to declare the charge vacant as soon as possible after the 29th inst.

It was moved, seconded and carried that Mr. M. N. McLeod, Dundas, and Mr. A. Stewart, Wood Island, be requested to give one or more services at Strathallan at an early date.

Copies of the Psalms in Metre, prepared by the joint committee of American and Canadian Churches, were laid before Presbytery, Messrs Fullerton, Sedgwick and Millar, were appointed a committee to examine the work and report at the quarterly meeting in March 1906.

Presbytery then adjourned to meet in St. James' Hall, Charlottetown, on Tuesday, November 7th, at 11 o'clock, a.m., of which public intimation was made and this order closed with the benediction.

A. CRAISE,
Pres. Clerk.

A CHICAGO MYSTERY.

CHICAGO, Oct. 15.—The body of an unidentified man, with a rope tied about the neck, was found in the lake at the foot of Twelfth street yesterday. Detectives have begun an investigation of the manner of death. Apparently the body had been in the water for several days. The body was that of a man about 30 or 35 years old, five feet ten inches in height, and of a heavy build. The police believe the man was a laborer.

20 per cent Reduction off Invictus Shoes

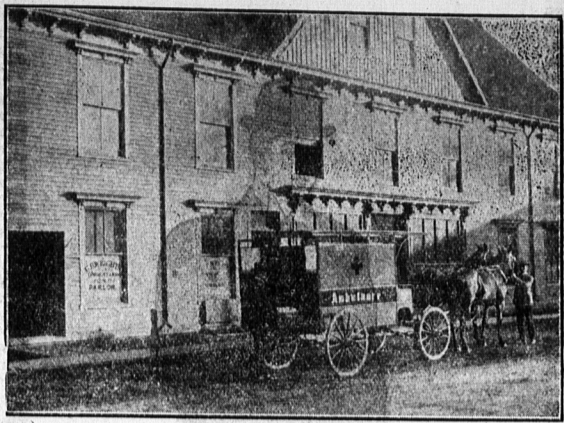

to make room for Slaters. No use to pay full price, when you can get them as follows:

\$3.50 shoe now	\$2.80
\$4.00 shoe now	\$3.20
\$5.00 shoe now	\$4.00

This is a great bargain. See our counter.

Goff Bros.

Our ready-made department is overflowing with the beautiful gatherings of fine Fall garments. Wonderful variety. And what wonderful versatility in both fabric and designs. The display is a broad panorama of style, and yet these are more than show days. Choicest garments are being picked out rapidly; for hundreds of women are as ready to buy as we are to show. The whole style range is here, with every advanced idea that has come to light.—Jas. Paton & Co. 19 d ft.

THE NEW AMBULANCE.

The above illustration is of the first Ambulance in Charlottetown, the property of G. D. Wright, Funeral Director. It is provided with a chair for the patient which can be placed in a sitting, reclining or horizontal position. There is ample additional room inside for a doctor and nurse, and a Lee's ambulance emergency case, procured through Johnson & Johnson, Druggists, along with all other requisites completes the outfit. Rubber tires and platform springs give the best possible comfort to the sick or injured. After each trip the linen, bedding, etc., are thoroughly cleaned and the interior of the Ambulance fumigated, thus keeping it in a perfectly sanitary condition.

DEAD-FISH COVER GULF COAST BORDER

HOUSTON, Texas, Oct. 17.—Advices from the Gulf Coast indicate that the Beach for hundreds miles is strewn with dead fish which have been cast up by waves during the last two days.

It is believed that they are washed in from far out at sea and that their death was due to some marine disturbance which may have caused the huge wave which swept over the steamer Campania last Wednesday dealing death to a number of people.

SIR WM. MULOCK SAYS GOOD-BYE

OTTAWA, Oct. 17.—Sir William Mulock said good-bye to his late staff today. The House of Commons chamber was crowded this afternoon, fully 300 being present. Addresses were presented to him by the inside members of the post office department, railway mail clerks, messengers, and the labor department. The late minister made a feeling reply, and concluded by asking Mr. Aylesworth, who was present, to give both departments a half-holiday. Aylesworth, who got a great reputation, assented, and said he would join with the clerks in taking a half-holiday.

PREDICTS ANOTHER BOER UPRISING

SHARON, Pa., October 16.—General De Epke Rolf de Wall, of Pretoria, Transvaal, commander of the Middleburg Brigade of the Boer army in the recent war with England, left here last night, for New York on his way to Brussels to attend the meeting on November 27 of the Africander Bond, an organization composed of representative men of the Boer race, who will petition the Hague peace tribunal to induce England to give up captured Boer territory. Falling in this peaceful plan, General Wall says another great uprising of the Boers will soon take place in South Africa, it being the Boer dream to establish a republic there along the lines of the United States government.

General Wall said that it was due to the fact that floods carried away the army's ammunition which was buried along the banks of the river that Cronje was compelled to surrender his army.

THE FUNERAL OF SENATOR FULFORD

Prominent Persons Who Acted as Honorary Pall-Bearers.

BROCKVILLE, Oct. 18.—(Special)—The funeral of the late Senator Fulford took place here today.

The ceremony was a simple one. Those who acted as honorary pall-bearers were Sir Wilfrid Laurier; Senator Frost, Smith's Falls; W. Y. Soper, Ottawa; F. W. Thompson, Montreal; Judge Reynolds, Robert Bowie, G. P. Graham, M.L.A.; Sheriff Dana, John McGill and Jas H. Gilmour.

EDITOR'S MAIL.

THE AMBULANCE.

SIR—A few days ago I engaged Mr. Wright's ambulance to convey a patient from Pownal to Charlottetown, and the satisfactory manner in which it was accomplished induced me to bring to the notice of your readers the fact that in cases of sickness or accident, where the patient requires to be moved, this means of conveyance should be used as much as possible. We all know that patients being sent to the Hospital for operation often suffer such injury in transit that they reach their destination in a state of collapse.

Country physicians who practice within a reasonable distance of the city should bear this in mind and make use of the Ambulance whenever an opportunity presents itself. Mr. Wright has gone to considerable expense to furnish an Ambulance which is the equal of any used in larger cities, and his enterprise should certainly be appreciated by the citizens of Charlottetown.

G. F. DEWAR.
Hopeton, October 17th, 05.

A GREAT DROUGHT IN NOVA SCOTIA

HALIFAX, Oct. 18.—There is considerable anxiety throughout the Province regarding the lowness of water in the streams and lakes, because of the lack of rain. The drought seems to be almost unprecedented.

The fall of rain during July and August was below the normal. During September the rainfall in Halifax decreased over an inch below the normal, there being only 2.8 inches. Since October has set in there has been only one-eighth of an inch of rain. The driest September Halifax has had since 1879 was 4.5 of an inch in 1878, the driest October was 3.4 of an inch in 1897, and the driest November was 1.15 of an inch in 1882. The average rain fall for over thirty years was 56.3-10 inches. This year it is said it will fall away below that average.

Because of this fact every effort is being made to husband the resources of the lakes, and no water is to be used that is not absolutely necessary.

The drought is general over the Province, and there is a water famine in many places.

GIRL ELOPES IN SAILOR'S SUIT

PAWTUCKET, R. I., Oct. 14.—Cutting her hair and dressed in her brother's sailor suit, Mary A. Boudreau, 15 years old, stole out of her home and eloped, according to her parents.

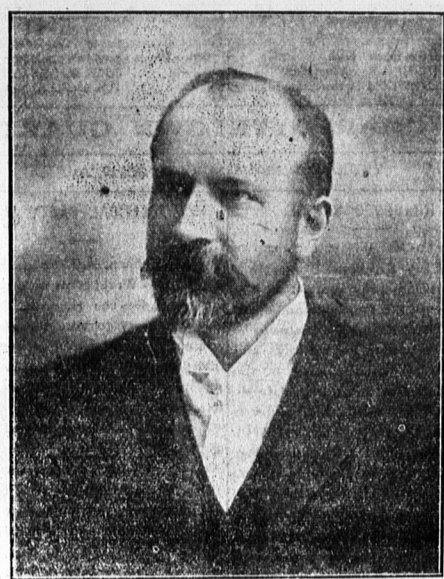

The Pawtucket police were notified of the girl's disappearance, and on commencing with the Providence police, were told two sailors, one answering Mary's description, had just been released from the Third station, where they sought shelter late last night.

Her parents, Mr. and Mrs. Frederick Boudreau, learned from Mary's chum, that Mary said she intended to elope with Sailor Jack Brady, of Bristol, "the nicest boy she ever met."

Mary's father found the back door open at a late hour last night, but it was not until morning, when her fresh-cut hair was found in a bowl and all her apparel on her bed, that he realized the reason.

WEATHER TODAY.

TORONTO, Oct. 19.—(Special).—Southerly and southwesterly winds, cloudy and mild with scattered showers.

G. D. WRIGHT

Funeral Director and Owner of the First Ambulance in Charlottetown

IRVING'S BODY WAS CREMATED

LONDON, Oct. 18.—At an early hour this morning the body of Sir Henry Irving was removed in great secrecy to a crematorium, the name of which is not given, where it was cremated. The secrecy surrounding the event was due to desire of the family to avoid publicity. Tomorrow night the ashes will be taken to Westminster Abbey.

GERMANY ACCEPTS BRITAIN'S DENIAL

BERLIN, Oct. 17.—The North German Gazette prints at the head of its columns an important semi-official paragraph regarding the Paris Matin's revelations.

It exonerates the French Government fully of any connection with the so-called revelations and accepts frankly the British Government's denial of an offered alliance. The article continues: "We can state that the British Government spontaneously sent here a communication of similar contents and it was received on the German side with the same loyalty with which it was given. An incident between Germany and Great Britain has not been created by the assertions of the Matin. Moreover, Great Britain's communication was marked confidential, and, according to the London Government it cannot be made public."

THE GERMAN NAVAL PROGRAM

Berlin, October 16.—The disclosures in France of alleged British offers of alliance against Germany are so thoroughly believed here that the powerful Naval League, with its 600,000 members and all the apparatus of agitation, is already moving for a new naval programme that shall further increase Germany's defensive resources against Great Britain. Popular distrust of Great Britain has naturally swollen to great proportions and the semi-official denials in London can scarcely overcome the convictions now formed that Germany had a narrow escape from a war which although she might have been victorious on land would have resulted in her being crushed at sea and damaged along the coast with the consequent destruction of her overseas commerce. The events of the last four months have silenced the opponents of a naval increase except the Socialists and Radicals. While time and money beyond Germany's resources would be necessary to equal Great Britain's present navy, not to speak of her future buildings, yet the feeling is that Germany must for defensive reasons build as many more ships as the country's finances will bear.

CHICAGO MARKETS.

CHICAGO, October 18.—(Special)—Dec. Corn (new) 44½ May Corn 44½ Wheat 87½ " Wheat 87½ Pork \$12.60 " Pork \$12.47

TO INVESTIGATE THE DISASTER

NEW YORK, Oct. 16.—Announcement that the Campania disaster, on which five steerage passengers of this Cunard liner were washed overboard last Wednesday, will be investigated by the U. S. customs department was made today by Nevada N. Strachan, collector of customs for the port of New York. This will be confined to ascertaining whether the terms of the law which require steamship companies to provide certain safeguards for steerage passengers were carried out.

CONSUMPTIVES TREATED FREE

MONCTON, Oct. 16.—Dr Drummond of Edinburgh Scotland, is here for the purpose of demonstrating his method of treating consumptive patients. He is just from Newfoundland, where he claims to have treated nearly three hundred patients, only losing one. He goes to P. E. Island today to consult with physicians, and on his return here will treat any patients free. He says he and others have purchased the Inch Arran property at Dalhousie for the purpose of establishing a sanatorium for consumptives.

S. SCHOOL CONVENTION

The morning session of the second day's Convention of the P. E. I., S. S. Association was opened with Thomas Moyle leading the devotional service. The report of the Home Dept. was read by the Supt. Thomas Moyle. This report was discussed by Rev. Mr. Wightman, Mr. Pearce and Rev. Mr. Stebbings. Rev. Mr. Bates then gave a good address on "The Value of the S.S. to the Community."

The question of the engagement of a successor to Rev. A. D. Archibald was then discussed. A number of speakers voiced the sentiments of many that the burden of such a small Province as this supporting a Field Secretary was very great. The people of Nova Scotia number 400,000 and they supported only one Field Sec., whereas N. B. and P. E. I. with about the same population together supported two. It was suggested that N. B. and P. E. I. amalgamate. The question of sending a delegation to Moncton where the N. B. Association is now in session was left to the Executive Committee.

The report of the Primary Dept. prepared by Mrs. A. E. Morrison was in her absence read by the Secretary. Miss E. V. Fish read an excellent and very popular paper on the "Primary Class of the Country School."

This was followed by Mrs. A. D. Archibald with a paper giving a number of "Echoes from the Toronto Convention." It contained an excellent review of the work done there. Session adjourned till the afternoon.

The afternoon session opened with a half-hour's devotional service after which the report of the Teachers' Training

DOMINION STEEL ANNUAL MEETING

Some Lively Discussion but Few Changes in the Directorate

BROCKVILLE, Oct. 18.—(Special)—The annual meeting of the Dominion Iron and Steel Co. held today was marked by some interesting announcements.

The most important were those dealing with the resignation of Frederick Nichols as Vice-President of the Company and the earnings of the Company for four months since the end of the fiscal year.

Mr. Plummer said Nichols had given tremendous time to the Company's affairs. Three years ago when he joined the Sydney Company it was on the verge of bankruptcy while now everything was running satisfactorily.

He said the earnings of the Company totaled \$75,000 a month while the interest charges had been \$30,000 a month.

This left between \$45,000 and \$17,000 a month to be applied to the sinking fund, or such other purposes as the directors decide.

The Rail Mill will soon be turning out 800 to 1,000 tons a day.

The old board of directors was re-elected except that Col. Pellett, Toronto replaces Nichols, Senator Forget of Montreal becoming Vice President.

MARCONI NOW HUNTING MOOSE

MONCTON, Oct. 18.—(Special)—Signor Marconi, of wireless fame, is hunting moose in the Canadian woods about thirty miles from Moncton.

Department was read. This was followed by addresses on "Teacher Training the duty of every Church" by Revs. A. D. McDonald and F. A. Wightman. A paper was then read on "Trained Teachers" by Donald Cameron after which W. C. Pearce followed with an address on the principles of teaching. The session closed with the Benediction.

The evening session opened with a prayer and praise service after which the presentation of Teacher Training Diplomas took place. Those receiving diplomas are as follows:

Post graduate (Diploma)—(Alphabetically) Donald Cameron, Louise Durant, Annie Dymont, Walter Dymont, Mrs. G. A. Sellar.

Normal Diploma.—Emma Beattie, Harry Foley, Anderson McGilgan, Alvie Murchison, Arthur H. Pepper, B. R. Pepper, G. S. Pepper, Pierre Toumbis, Bertie Wigginton.

An address was then given by Rev. Mr. Dawson on Missions. This was followed by an address by Rev. Neil McLaughlin on "The Teaching that Touches and Tells." Mr. Pearce gave the closing address followed by prayer. The Convention closed with Benediction.

Stylish Stationery

A TIP—What you save on Stationery here will more than pay your postage. Now this is quite a consideration in these days of increasing correspondence.

Dainty Boxes of Dainty Paper for Dainty People
