

Another War Coming On Bronchitis!

The campaign last year against Bronchitis was so successful that the public is fully determined to renew hostilities against this formidable foe this winter.

PRACTICAL EDUCATION

A story is told of a professor, who while travelling over some such roads as have been in evidence for some time past in this province, had his horse boxed in a snow-bank in the struggle that ensued one of the shafts was broken and the professor was helpless.

RESTORE THE LANDMARKS

We trust that in the not distant future some at least of the pomp and circumstance observed in the opening of the Legislature will be revived. The annual assembling of our law makers should mean more than the mere assembling of a body of excusing and accusing politicians.

VAIN REPETITIONS

It is a well known fact that if a falsehood is persistently repeated it gradually assumes the appearance of truth. This applies to the principle upon which the government and its organs are working.

BUILDING PROSPECTS

According to figures compiled by MacLean Building Reports Limited of Toronto there is a revival in the building business in Canada. During February contracts amounting to \$17,641,000 were awarded.

DAILY SELECTIONS

Tell me, ye winged winds, That round my pathway roar Do ye not know some spot Where mortals weep no more? Some lone and pleasant dell, Some valley in the west, Where free from toil and pain, The weary soul may rest?

EDITORIAL NOTES

The river and harbor ice is now declared unsafe to travel but it required the sacrifice of a horse to demonstrate it.

CURRENT COMMENT

The hide-tanning which we administered to the Patriot last Thursday was evidently more than an ordinary warming up judging by its excitable mix up in that evening's issue.

"Lies," too, is another of its oft repeated and fancy expressions. And here also it has not reached that degree of education or civilization to be able to distinguish between falsehood and truth.

Again, when we quoted from the columns of the Patriot of April 7th, 1920, Premier Bell's statement that "over \$600,000 HAD BEEN EXPENDED BY THE PUBLIC WORKS DEPARTMENT FROM JANUARY 1st TO SEPTEMBER 30th, 1919," did we originate an untruth?

And so on we might continue this catalogue of truths, cited from our columns, which from time to time have been driven home with the most tolling force against this aggregation, and to which the Patriot can make no answer except by parading itself to public ridicule with guilty child-like declarations that they are all "lies," and its exhaustion of the vocabulary of ruffianism, or nicknames and slang phrases, to increase the contempt of its readers.

Tell me, my soul, where thou art, Oh, tell me, Hope and Faith, In these no resting-places, From sorrow, sin and death, Is there no happy spot, Where mortals may be blest, Where grief may find a balm, And weariness a rest?

And then, serene mood, That, with such lovely face, Doest look upon the earth; Adieu, in night's embrace, Tell me, in all thy rounds, If thou hast seen some spot, Where mortal man, May find a happier lot? Behold a cloud the moon withdrew, In woe, And a voice sweet but sad, responded, "No."

Tell me, my soul, where thou art, Oh, tell me, Hope and Faith, In these no resting-places, From sorrow, sin and death, Is there no happy spot, Where mortals may be blest, Where grief may find a balm, And weariness a rest?

The thousands of people, who have read their Manifesto and let them answer as to the truth of this. Was it a "LIE" when we declared with regard to the Public Accounts Minority Report, that, "THEY SUPPRESSED THESE FACTS AND LIKE CORNERED CULPRITS, BY BRUTE FORCE, BURIED THE STRAIGHT EVIDENCES OF THEIR GUILT."

The House is now in session, the Government have all the accounts, books, papers and documents at their disposal, and a doubled or tripled up horde of officials at their command, and every opportunity to verify the charges which they have so flippantly flouted before the people.

GRAY DORT CARS AND GRAY DORT SERVICE

When buying a car there are two vital points to consider. FIRST the buying expense and SECOND the running expense and service. In the GRAY DORT CAR you get a medium priced car—but a car which has all the essentials of comfort and appearance.

You're not paying for a lot of stuff you don't need. You are not paying a large amount of duty and expense. The GRAY DORT is MADE in CANADA, by CANADIAN WORKMEN and with CANADIAN MONEY.

Then as to the COST of use and UPKEEP. The average cost per Gray Dort Car on Prince Edward Island last season was less than \$10.00 for replacement parts—this included accidents. A larger number of GRAY DORT CARS were in constant use on which not one cent was required for repairs.

We can give the owners' names. THIS IS WHAT COUNTS—WE GIVE A PERFECT SERVICE. ALL PARTS KEPT ON HAND IN CASE OF NEED—BUT SELDOM NEEDED. The GRAY DORT CAR very seldom requires the service of a mechanic—when it does we are always ready.

Not ONE GRAY DORT CAR was tied up 24 hours last season for want of PARTS or SERVICE. It will be the same this year. IS THIS THE KIND OF CAR YOU WANT? LET US SHOW YOU.
