—WEDDING BELLS.—A very interesting wedding took place at St. Anthony's Parish, Summerside, when Rev. J. A. Gaudet united in the Holy Bonds of Matrimony Mr. Mark Bernard to Miss Adele Arsenault, daughter of Mr. and Mrs. Cletus Arsenault. They were attended by Mr. Archie Bernard, brother of the groom and Miss Emily Arsenault, cousin of the bride. The bride looked charming dressed in white satin trimmed with fur and pearls and wore a veil and wreath of lily blossoms and carried a bouquet of sweet peas. The wedding march was beautifully played by Miss Jean Martin, cousin of the bride. After Mass the wedded couple drove up to the bride's parents where they spent the day in dancing and singing and enjoying instrumental music which was played by Arthur Peter on the violin and accompanied by Onille Martin on the organ. Mr. and Mrs. Bernard left the following day for their future home in Borden taking with them many useful presents being given with good wishes for a long and happy wedded life from their friends in Duval. The groom mentioned above is the son of Mr. and Mrs. Felix Bernard formerly of Egmont Bay but now residing at Borden having moved there some few years ago. Mr. Earl Simmons, Alfred Arsenault, Alfred Gennet and his brother Willie motored from Summerside to spend the day with the happy couple.

—LECTURE AT KENSINGTON.—On Thursday evening, October 1st, the Rev. Dr. Genge, pastor of the Presbyterian Church Kensington, delivered a lecture in the Temperance Hall. The subject being "The quartette of Life's Forces." Mr. Thomas L. Ramsay acted as chairman. The lecture opened with instrumental music with Mrs. George Ramsay at the organ. A solo by Miss Olive Daiziel. After which the lecturer was introduced to the audience. It was the first time the people of Kensington had the pleasure of listening to the Rev. Dr. Genge. A well filled house awaited him. The Rev. Dr. Genge, a devoted and efficient pastor, thoroughly appreciated helping the Temperance cause. The audience expressed their appreciation by a hearty vote of thanks moved by J. E. Profit and seconded by Mr. Alexander Hiltz. A silver collection was taken in aid of the Kensington Division S. O. T. which brought the meeting to a close with the singing of the National Anthem.

—ELECT OFFICERS.—Shamrock Division No. 130 S. O. T. Kensington, held a very pleasant meeting in their hall on October 1st. A goodly number of the members were present and a very profitable evening was spent as has been the case in preceding meetings. Two new members were added to the ranks. The members believe that there ought to be no discharge from the ranks of Temperance and elected the following officers for the quarter:—W. P. Darrell, P. K. Ketta, W. A. John Hynes, R. S. Archibald, Ramsey, A. R. S. Miss May Walker Treas.—Thomas Somers, F. S.—J. E. Ingles, Chap.—Mrs. Thelma Byron, Com.—Mrs. Martha Somers, A. C.—George Hiltz, I. S. Mabon Bronn, O. S.—Isaac Walker, P. W. P.—Thomas L. Ramsay.

J. A. MacDONALD

A BIRTHDAY SURPRISE
The many friends of Miss Edith Pigott, of Mt. Stewart, gave her a surprise party on Saturday evening, October 3, the occasion being her twentieth birthday. Miss Pigott is one of the most highly respected and popular young ladies of this vicinity, and those who came from the various sections of the environs of Mt. Stewart to her birthday party brought with them their hearty good-will and many wishes for a multitude of returns of the good things for which all are hoping. She has been organist of the church during the past year, since the resignation of Miss Cora Douglas, another of our popular young ladies, who resigned to enter business college, and has discharged her duties with splendid fidelity and to the complete satisfaction of all the people. During the evening the Rev. B. H. Penwarden, in

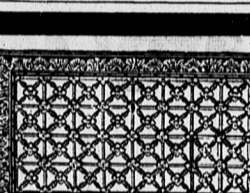

MISERABLE AND ALWAYS IN PAIN
Lydia E. Pinkham's Vegetable Compound a Dependable Help for Mothers
Port Greville, Nova Scotia.—"I took your medicine for a terrible pain in my side and for weakness and headaches. I seemed to float all over, too, and my feet and hands were the worst. I am the mother of four children and I am nursing my baby—the first one of four I could nurse. I took Lydia E. Pinkham's Vegetable Compound before the baby's birth, so you can see how much it helped me. I cannot praise it too highly for what it has done for me. I took all kinds of medicine, but the Vegetable Compound is the only one that has helped me for any length of time. I recommend it to any one with troubles like mine and you may see my letter for a testimonial."—Mrs. ROBERT McCULLAY, Port Greville, Nova Scotia.
Before and after childbirth—the mother will find Lydia E. Pinkham's Vegetable Compound a blessing.
Many, many letters are received giving the same sort of experience as is given in this letter. Not only is the mother benefited, but these good results pass on to the child.
No harmful drugs are used in the preparation of this medicine—just roots and herbs—and it can be taken in safety by the nursing mother.
98 out of every 100 women reported benefit from its use in a recent canvass among women users of this medicine. G

Now, the record tells us that you have lived just one score of years. To most of us that seems a very short time, indeed. But let me point out that you are making a fine beginning of life. You seem to be living on a high plane of moral endeavor. Who here tonight can bear abundant witness to that fact. I have known you but a short time—the time I have been your pastor—and I want to bear personal witness to the fact that you are proving yourself a very faithful worker in Christ's church. Since you have occupied the position which you now hold as organist of the church, you have never been delinquent in your duty. When your minister has asked you to render any service he has had no reason to complain. In fact, you have been a willingness to serve the highest interests of the congregation. As your pastor feels, so is it with those who know you in the service of our common Lord. As a mark of our appreciation we are going to ask you to accept this token. And as we give it on this twentieth birthday of yours we

000,000 gallons of ice cream. We kept this down with 1,800,000,000 pounds of butter, and we piled on top of that 4,000,000 pounds of cheese. We were still hungry and there was room left in the American stomach for 1,800,000,000 pounds of condensed and evaporated milk. We also had to make room for 150,000,000 pounds of milk that went into the manufacture of milk chocolate.

Phone 590

We are the greatest cotton producing country in the world, we are the best wheat growing country in the world. The potato crop and yield is enormous. The combined value of the three crops just mentioned doesn't exceed the value of the dairy products in the United States.

In the City of Boston during 1923 we paid out for milk and cream \$188,380,000. We used 190,375,257 pounds of cream, and 165,313,232 pounds of milk. During 1923, there steamed into our city freight yards 21,990 milk cars which stretched out in one unbroken line would reach a distance of about 150 miles, or a little longer than the total length of your Island.

You can readily imagine the great consumption of eggs, butter, and milk in a city the size of Boston, when I will mention one place alone that serves about 40,000 people daily. Thompsons Spa on Washington Street is able to take care of that many people. All their eggs, butter and milk are the very best. Their service, is of a high order and everything is clean and quiet and moves like clock work.

I mentioned this one place in Boston for the purpose of showing you that there must be in the City of Montreal a great number of first class hotels, restaurants and dining rooms that require great quantities of high grade eggs and butter. Do your farmers ever look for a slice of this desirable trade? O course they don't. A great many of them would rather talk politics by the hour behind the old cow shed. They would rather argue about the age and merits of the wonderful Abalash who was the grand and noble sire of Split the Wind that left an unbroken record of farcy, heaves and scratches. I want to be fair with the dear old cows on P. E. I. I think there are some that give about 730 pounds of milk in a full grown year of 365 days. At that rate it would take "Google eyed Bossie" forty two and one half years to equal the record of "Miss May Echo."

I will now give you the figures of one retail grocery concern in the city of Boston for their last yearly sales of milk, cream and eggs that came direct to their stores from farmers. 7,000,000 quarts of milk, 1,300,000 jars of cream, 1,250,000 dozen fresh eggs. I think I am safe in saying there was very little, or perhaps none, of these farm products passed through the grasping hands of wholesalers or commission merchants. Any farmer reading this letter can readily see there are opportunities along the cow path, and possibilities in the poultry yard and hog pen.

We are today living in the specializing age. We can gradually march onward towards the goal of success if we will only keep in true step with progression and avoid in every way those worn out methods that only mean retrogression and failure.

Our early ancestors are in many cases our guiding spirits with old spooky notions. We are still taking orders and commands from our Great Grand Fathers. There has been too much dry rot, dead timber and useless branches in our ancestral trees. We need to do a little pruning in order to remove the old habits and customs that have kept us fastened and shackled too long to the house of Doubt, Fear and Brag.

I am, Sir, etc.
JOHN D. McINTYRE,
Boston.

Live Stock Market

(Canadian Press)
MONTREAL, Oct. 12.—Dominion live stock report.—Cattle receipts 1,814. The cattle market was somewhat slow in starting but indications were that prices would be about the same as last week. There were only a few loads of good cattle and the bulk of these were picked out for export at from \$6.75 to \$7.25 for steers weighing 1,100 pounds and over. A few lots of fair butcher steers were sold to local buyers at from \$5.25 to \$6.00 and mixed lots of light steers fair butchers and medium cows were sold together for \$4.00 and \$4.40. There was a heavy offering of cutter cows and these sold from \$2.75 to \$3.00 with a few of the poorer ones at \$2.50. Heavier ones brought \$2.75, heavier ones \$3.25 and better quality bulls \$3.50 and \$4.00.

*GOATS FOR GEORGETOWN

Sir—I would like to ask the Mayor and Councilmen of Georgetown if there isn't a law to prevent cattle, geese, etc., from running at large on the streets of the town, and if so why is that law not enforced? Why, all through the past summer have citizens and visitors alike been forced to wade through filth deposited by all such prowling creatures on streets and sidewalks alike? I would also like to ask why do the people tolerate such negligence on the part of those in authority? Another thing that calls for censure is the abominable and dirty practice of throwing waste matter on the streets. One evening last year I happened to be taking a stroll up town and when passing the Town Hall I was surprised to see a pile of waste paper, cardboard, etc., at the east end of the Hall, almost out upon the sidewalk. Upon inquiry I was told that the "Women's Institute" had been having a "jamboree" the night before, and the pile of debris at the door was the "remains" of the feast. To say that I was astonished and amazed is to put it mildly. "Women's Institute" forsooth, one would have thought it was composed of tidy women, but if so would they allow the debris of their feast to be put out in the center of the town, to be blown all over the place by the four winds of Heaven. For the rest of the year the drains on either side were filled with bits of dirty paper which had lodged there. This summer it has again been the same, even to the present day. Every time there is a jollification in the hall there is a fresh pile of rubbish and it is to say the least most untidy and disgraceful. I would suggest that if all such rubbish can not be burned, a few Billy and Nanny goats be procured to eat it up. Perhaps they also (before the next influx of tourists) might be useful in trimming off the very luxuriant growth of weeds, which likely as in the past summer, will adorn the sidewalks and vacant spaces of the town, and which together with the above mentioned outrageous indifference has made the really beauti-
