King Cannot Get Majority

(Continued from Page 1)

tide him over the elections. Yet he has appealed to the West to elect four Liberals so he may give them portfolios; among them that of Immigration, which he has only just conferred upon Hon. Mr. Gordon of Peterborough.

"From the point of view of the ethics of public life, the Chronicle-Telegraph desires to register a firm protest against this collective bribery of the electorate, which would be bad enough in a private Member but is absolutely indefensible in a Prime Minister."

But even with this bribing of the western electorate it is patent that he cannot be returned with an independent majority. If he should be placed in a position through the result of the polling where he would have to attempt to carry on the government he would be entirely dependent on the support of the Progressive group. The experience of the last four years, during which, he admits himself, he was unable to tackle the problems pressing for solution, would be repeated and magnified. His utmost hope is of coming back with the largest group, a smaller group than he had in the last House of Commons.

If the country is to have a self-reliant and independent Government during the next four or five years, the one thing it must do is turn the King Government out of office. The best King can possibly do is to provide it with a more dependent and powerless administration than that of the last four years.

THE MARKETS

(Canadian Press)

MONTREAL, Oct. 15.—The local grain market was fairly active today and closed strong with a net gain of 1 3-4 cents to 2 1-4 cents per bushel. There was no important change in the market for coarse grains but prices were firm with a moderate amount of business passing in car lots. A fair volume of business continues to be done in spring wheat flour and the market was moderately active with a steady undertone. There was no change in the market for winter wheat flour. A steady feeling prevailed in the market for millfeed under a fair demand for supplies. The demand for standard grades of rolled oats was steady. The movement for baled hay continues firm. There was a steady demand from both local and outside buyers.

Beans were quoted at $2.90 to $2.50 per bushel. A good business continues to be done in eggs for local consumption and the market was quite active with a firm undertone. An easy feeling prevailed in the butter market owing to very little demand. The cheese market was stronger with prices slightly higher.

OTTAWA, Ont., Oct. 15.—(Eggs) —There are no changes reported from Canadian egg markets. American storage holdings show this years figures to be approximately 1,000,000 cases in excess of October 1 last year. Expectations were the that the excess would be a million and a half cases and as a result the market has shown strength.

Ontario dealers are paying country points extras 43—45, firsts 38—40, seconds 30—35. Montreal no change in the egg market. There is a good demand for fresh extras but other grades are sluggish, Winnipeg, Manitoba and Sasskatchewan egg markets are quiet but steady. Winnipeg dealers are asking 38 1-2 for storage firsts and 31 for seconds F. O. B. Winnipeg. There is no trading as eastern buyers are not interested at this price. Calgary egg market is unchanged. Jobbing extras $12.30, firsts $11.90, seconds $9.80. Edmonton jobbing extras 44, firsts 39. Poultry market is unchanged. Vancouver jobbing fresh extras 60, firsts 58, seconds and pullets 53. Halifax jobbing fresh extras 52, firsts 45, seconds 35, storage extras 45.

Invite Parliamentarians To Meet The Maritimes

(Canadian Press)

MONTREAL, Oct. 15.—Invitation to delegates of the inter-parliamentary union to visit the Maritime provinces as guests of the Canadian National Railways was extended by telegram to the parliamentarians last night by Sir Henry Thornton, K. B. E., President and Chairman of the Canadian National Railways.

Caillaux Has Great Fight

(Continued from Page 1)

the consolidation loan, which was to have absorbed the great weight of defense bonds and brought relief to the Treasury, has produced some thing less than six billion francs. Finally the failure to reach a settlement on the American debt, and consequently the English debt has for the moment at least, prevented any great re-establishment of confidence.

Despite this apparent failure of his plans Caillaux faced the Chamber of finance commission today with as great an air of confidence as ever. In the disinclination of the country to seek cash in defence bonds he saw a sign that public confidence in national credit is unaffected. He spoke with assurance of plans for meeting the future and discussed in detail measures he proposed to take for the completion of reconstruction and for securing bigger returns with less friction from such taxes as those on commercial turnover, de luxe sales and earned income. On one thing Caillaux insisted with force. There must be no dividing up of budget as was done until last year Everything, including reconstruction and pensions must be paid for out of income and not by borrowing, and the unity of the budget thus scrupulously maintained.

What was said in the commission about the situation of the treasury is being kept carefully secret, though no one seeks to disguise the fact that the situation is very serious. It is there that lies the weak point of the whole Caillaux scheme. If the gold conversion loan had succeeded as it was at first hoped, this situation would have been very difficult. But the drain of the Moroccan war, comparative failure of the loan and, finally, uneasiness caused by failure to reach a settlement at Washington and the effect that failure has had on exchange, has produced a situation for which there is no sound remedy easily available.

Harness Racing At Topsham Track

TOPSHAM, Me., Oct. 15.—Billy Keys, the St. Stephen reinsman, had a big day today, surprising the talent by taking two races in fiercely driven heats, mixing it with Maine's most famous pilots. He was in a field of nine with Anxiety in the 2.16 class, and after trailing in the first heat outraced the bunch in the next three. He also had a tough lot to contend with in the trotting class with every starter a clean-up campaigner, but Ella Watts showed her heels to the lot. Jack Grattan, of Dr. Bragdon's Springvale, Me., stable, repeated his win of yesterday and John Willard got another second money with Earl North, owned by W. F. Jeffries, of Washburn, Me.

The Big Event.

The big event of the closing day, Thursday, will be the $1,000 free-for-all, when John R. Braden will start with Auto Pace, Bingenwood Jr., Peter Kennedy, Eva Dewey, Banner M. and Dan Hedgewood.

Shortage Can Never Be Traced

(Continued from Page 1)

30, 1925,—the closing date of the fiscal years mentioned—but, due to the condition of the records and accounts, the auditors make no attempt at this stage to give an approximate estimate of the deficit on current account as at the end of the fiscal year just closed. So far, it is apparent, they have been working largely to the end of striking a balance as at the end of the fiscal year 1924.

It will be recalled that in the statement given out a few days ago by the new Government, the deficit on current account as at September 30, 1924, was estimated at about $1,400,000, instead of the comparatively trivial item of $7,000 odd, stated by the Public Accounts of the late Gov. to be the deficit on current account at that date. Hon. G. S. Harrington, who was then acting Premier and Provincial Secretary-Treasurer, stated at the time that this figure of $1,400,000 would likely be swelled as a result of further investigation. On this point the interim report of the auditors issued yesterday says:

"The Public Accounts for the fiscal year 1924 suggest that the Government had a deficit of $7,364,61 on operations in that year. This figure appears to be incorrect and unreliable, inasmuch as,—

"(a)— Liabilities of the Province have been omitted, and revenues have been anticipated, as may be instanced where the Government discounted the notes of taxpayers and included in the receipts the proceeds therefrom.

"(b) Current assets in many cases have been over-valued."

At Least $1,806,098.85!

The report goes on to state, dealing with the question of current assets and liabilities:

"Liabilities belonging to prior years are still coming to light, which have not been reflected on previous balance sheets. It would appear as if the total liabilities to be added to the debt at September 30, 1924, will be AT LEAST $1,806,098.85."

This means, that since the Government's statement of two weeks ago, over $400,000 in additional current liabilities, chargable to the fiscal year 1924 have been disclosed, the amount now standing at more than $1,800,000, as against the deficit for that period of $7,000 odd shown by the late Government. And it is known that this is not a final figure for the period mentioned. It would not be surprising if the amount reached two millions in deficit as at the end of the fiscal year 1924 before the investigations of the special auditors are completed.

What the deficit on current account will be found to be as at the end of the fiscal year 1925 (just closed,) must remain still a matter of conjecture. That it will be found to exceed considerably the $2,000,000 preliminary estimate of two weeks ago, there can be no doubt.

This would, of course ,take up the actual deficit as at September 30, 1924; and on this point, as said, the special auditors do not venture an approximation.

Due to the chaotic condition of the accounts and records of the Province, and the tremendous task involved, the balance sheets promised by the auditors will not likely be available for several weeks, possibly not before two months time.

Cape Breton Treasurer Resigns

(Canadian Press)

HALIFAX, N. S., Oct. 15.—Hon. D. A. Cameron former Provincial Secretary of Nova Scotia this afternoon resigned as treasurer of Cape Breton County. The county Council immediately accepted his resignation and appointed to the vacancy Frank Rowe, a young lawyer in Mr. Cameron's law office.

This action followed a two day consideration en camera of the Price Waterhouse report of county finances which reported the treasury books in a "chaotic condition."
