WEAK AND... PUNY CHILDREN

Become Strong and Healthy by using Dr. A. W. Chase's Nerve Food.

Children are frequently left weak and sickly as an after result of measles, scarlet fever, etc., and in this state are easy prey to nervous disorders, rickets, spinal disease, or consumption, diseases which do not affect robust, healthy children.

The blood is weak and watery and the nerves improperly nourished. Feed the blood and nerves with Dr. A. W. Chase's Nerve Food, and the pale, pinched faces will soon become rosy and plump, and tiredness and weakness will give way to strength and animation.

Mr. E. W. Day, 62 Chase Avenue, Toronto, writes: "My eldest daughter, aged eight, became very much run down. Her fretful, nervous, sleepless condition greatly alarmed her parents. She was taken from school, and in spite of the best nursing, the thin, weakened, bloodless face grew painfully worse. Fortunately we used Dr. Chase's Nerve Food. An improvement became apparent in a few days, it continued, and in a few weeks she returned to school built up anew, and greatly to our joy fully restored to health."

Dr. A. W. Chase's Nerve Food, 50c. a box, at all dealers, or Edmondson, Bates & Co., Toronto.

Willie—I say, auntie, what did Uncle Bob marry you for?
Aunt—why, for love, of course.
Willie—Love will make a man do almost anything, won't it, auntie?

Threw Away His Crutches.

Milburn's Heart and Nerve Pills rapidly restoring Mr. J. G. Mills, a well-known Mechanical Engineer, the use of limbs considered Hopelessly Paralyzed.

MR. JAMES G. MILLS.

The following letter from Mr. James G. Mills, the well and widely known mechanical engineer, speaks for itself, and requires no comment.

This letter was written about a month ago. Since then Mr. Mills has accepted a position with a Mining Co., and is at present in charge of a gang of men sinking a shaft on Corwin Island, Lake of the Woods, an occupation that requires a good deal of physical strength to attend the "roughing it" incidental to a miner's life.

Messrs. T. MILBURN & Co. GENTLEMEN,—In the summer of 1881 I was living in Chicago, pursuing my occupation of mechanical engineer, when I succumbed to a sunstroke which left my nerves in an extremely shaky condition.

I never seemed to altogether recover from that, and during the winter of 1884-5, when I was living at Furnace Falls, Ont., superintending the building of a blast furnace there, I fell a victim to that terrible disease, Cerebro-Spinal Meningitis, which left me in a very weakened condition and completely shattered my nervous system.

The least thing seemed to set me trembling all over, and when I walked on the street, I took dizzy spells at times, everything seemed swimming round, and I could hardly keep my feet.

In 1888 I went to Buffalo, and there acted as superintendent of a large establishment for the manufacture of machinery. During this time I was being treated by and of the best specialists on nervous disorders in that city. I seemed to improve considerably under his treatment, but on New Year's day, 1896 I was seized with a stroke of paralysis, which effected my left arm and leg and rendered them completely powerless. I was taken to the general hospital and remained there for nearly three months, at the end of which time I left as I was deriving little or no benefit from the treatment they gave me.

All this time I was unable to move around without the aid of crutches, and the effected arm and leg hung almost lifeless at my side. The circulation in them was so poor that they felt cold and dead and were almost devoid of sensation.

In October, 1897, I left Buffalo and went to Chelmsford, Ont., for the purpose of looking after a mine, and I can assure you it was only with the utmost difficulty I was able to get around on crutches and attend to my duties.

It was while here I heard of the great success of Milburn's Heart and Nerve Pills in curing paralysis, and other ser-

ious diseases of the nervous system, and thought I could not do better than give them a trial. After using them faithfully for about three months, I found myself wonderfully improved, so much so indeed, that I was able to discard my crutches and use only a cane.

I have continued the use of these pills since, as I know that paralysis is practically incurable with other remedies, and I cannot expect Milburn's Heart and Nerve Pills to work miracle and make a perfect cure even in a few months.

I am getting along splendidly though. I do not have to use a cane now when going about the house, and only carry one with me when walking on the street, but I do not have to depend on it very much to help me. I eat well, sleep well, and feel well. The blood circulates freely in the parts which were once so cold and lifeless, and I can use my left arm and leg now pretty nearly as well as the right, and feel confident that before long they will be perfectly restored. I feel that but for Milburn's Heart and Nerve Pills I would now either be dead or dragging out a miserable existence, helpless and hopeless, and I give them all the credit for giving me back the use of my limbs again.

What I have to say about my case can readily be confirmed by Mr. George Irwin, Postmaster, Chelmsford, Ont., Mr. P. O'Donnell, Algoma House, Chelmsford; Mr. Waits, Copper Cliff, Ont.; Mr. John Dobie, President of the Dobie Foundry and Machine Co., Niagara Falls, Ont.; Mr. John Choyer, Manager Queen City Rubber Co., Buffalo, N.Y.; Mr. Robt. Tata, 279 Queen St. W., Toronto; Mr. Henry Hamilton, Manager of the St. Lawrence Foundry Co., Toronto, and hundreds of others who know me well. If any one desires any more particulars about my case, let them write to me and I shall only be too glad to give them any information they want.

(signed) JAMES G. MILLS, Mechanical Engineer, 634 Ossington Ave. Toronto, Ont.

Not only do Milburn's Heart and Nerve Pills cure severe cases of nerve disorders like the above, but they are also a positive cure for such diseases as palpitation and irregular beating of the heart, sinking and smothering sensation, dizzy and faint spells, Sleeplessness, Nervousness, Tobacco Heart, St. Vitus' Dance, Hysteria, Anemia, Weakness, Debility, Female Complaints, and general run-down condition of the system. Sold by all druggists, or sent by mail on receipt of price, 50c. a box, or \$1.25. T. MILBURN & Co., Toronto, Ont.
