GREEK SITUATION NOT SATISFACTORY

Greek Reservists Take Law Into Their Own Hands and Greek Authorities Offer no Assistance to Entente Marines.

(Canadian Press Despatch)

LONDON, Oct. 20—Extremely turbulent conditions in Athens on Wednesday night are reported in a despatch from Reuter's correspondent at the Greek capital sent that evening. Greek reservists have taken the law in their own hands, despite the presence of strong Entente detachments of marines who are giving virtually no assistance by the Greek authorities in maintaining order, the despatch declares.

"Tonight," the message reads, "it is evident that the reservists are out of hand. Despite the facts that strong cavalry forces are escorting the French and Greek marines and soldiers spread about everywhere the reservisits assembled in groups have taken the law into their own hands and the Greek forces for the maintenance of order do not dispose of them.

"The chief of the French police control has informed the editors of the anti-Venezelos press that beginning tomorrow, the French will exercise a newspaper censorship and that newspapers printing anti-Entente articles run the risk of suspension."

The foregoing, although bringing the news of developments in Athens only up to Wednesday night, is the latest report to be received on the situation there.

Hostile aeroplanes unsuccessfully attemped to bombard the Bridge of But in the neighborhood of Tomezz.

GENERAL VIEW OF WAR SITUATION

(Special to the Guardian.)

LONDON, Oct. 20.—In France, Galicia and the Dobrudja region of Roumania, the armies of the Central Powers have successfully taken the offensive against their opponents. They are also holding the Entente Allies in check in northern Macedonia and are continuing the fighting on the Transylvania Roumanian frontier. Crown Prince Rupprecht of Bavaria, assuming the initiative on the Somme front in France,has, according to the Berlin war office, recaptured from the British the greater part of the positions won from the Germans on October 18 between Eaucourt, Labbate, and Lebarque and between the Posieres Bappaume Road and Gaeudourt toward Beaucourt.

The Germans also have successfully withstood British attacks near Courcelette-Le-Sart and on the Posieres Baupaume road.

Paris reports only artillery activity on the Somme front but London chronicles the repulse with heavy casualties of a German attack in the Thiepval region.

On the Eastern front Teutonic forces have stormed Russian positions on the left bank of Narayuvka river southeast of Lemberg and held conquered ground against counter attacks. Fourteen officers, 2,050 men 11 machines guns were taken by Prince Leopold's troops in Volyhnia. Fighting continues with varying results both Austro-Germans and Russans claiming repulses of attacks on various sectors. To the north of Kiselin a stubborn battle is being waged with no decision having yet been reached. Field Marshal Von MacKenzen has again resumed his drive toward the Constancia Bucharest railroad in Dobrudja. While Berlin reports the fighting there as lively, Bucharest admits that the Roumanian left wing along the Black Sea coast has been thrown back.

Petrograd reports Teutonic attacks repelled with heavy losses and that the battle continues.

Roumanian armies are fighting hard to drive the troops of the Central Powers back through the frontier passes into Transylvania.

Bucharest reports an offensive in Oitua Valley, northeast of Kronstadt, the taking of Mount Surul, east of Rothenthrum Pass, and south of Hermannstadt.

Attacks in Briand, Define, Tretus, Uzul, and Alt Valleys were repulsed by Roumanians.

While Paris says the Serbians have captured the town of Valyeselo north of Brod in the region marked by the bend in the Cerna River in southern Serbia, Berlin declares the offensive there has come to a halt before the stand of the forces of the Central Powers.

Violent fighting continues on Mount Pasubic in the Trentino region with Rome and Vienna both claiming slight successes.

ROYAL GIFT FROM THE ROYAL FAMILY

Their Majesties the King and Queen, the Prince of Wales and the Queen Mother, Donate $37,500 to Red Cross and Order of St. John.

His Majesty the King has been pleased to send the following message to the Red Cross Society and the Order of St. John, through his honour Lieutenant Governor MacDonald.

TORONTO, Ont., Oct. 18, 1916.—The Work of Mercy jointly carried out by the British Red Cross Society and the order of St. John of Jerusalem has evoked among the people the deepest feeling of gratitude and pride. From what I have seen at home and at the front I fully appreciate the splendid work the society has accomplished. MARITIME NEWSPAPER MEN IN CONFERENCE

A conference of the Maritime Division of the Canadian Press Association was held at Truro on Thursday afternoon and evening. Mr. R. D. Coffin, Truro News presided at the afternoon meeting which was addressed by the President, Mr. J. G. Elliot, of Kingston Whig, and Mr. Roy Sayles, Chairman of the Weekly Section. Consideration of the paper situation was taken up, and it was pointed out that the mills were insisting upon a minimum increase to large consumers of from 60 to 85 per cent. on the pre-war prices. It was maintained that no newspaper could afford to pay $3 per 100 lbs for its white paper, and moreover that there was no necessity for such a price in Canada. Only 6 per cent. of the paper manufactured in Canada is consumed here, the rest being exported. There was a shortage in the domestic supply in the United States, and the Canadian manufacturers were finding a profitable market in their export business. It was held that the Canadian newspaper publishers should receive a measure of protection against American competition, and in order to bring this about it was advocated that the Government be asked to put an embargo on the exportation of paper and pulp.

Mr. Elliott reported that a joint committee of the newspaper publishers and mill owners had considered the matter, and that the mill owners had held out for a minimum of $3.00 per 100 lbs. at the mill for not less than a year's contract. The publishers committee considered this prohibitive and had requested the Government to investigate the matter and to place an embargo should the mill owners persist in their attitude.

A resolution was adopted endorsing the action of the Committee of the Press Association and a message to that effect was telegraphed to Toronto.

Mr. Sayles addressed the weekly section on the necessity of advancing the subscription rates to $1.50 per week and showed that it was absolutely impossible for a newspaper to make ends meet on a lower basis He stated that already over 200 weekly papers had advanced their rates, and that it had not affected the number of their subscribers to any appreciable extent.

A resolution pledging the members to support the $1.50 subscription policy was adopted.

At the evening Conference, Mr. Coffin again presided, and a nominating committee was appointed to select office bearers and executive, and they reported as follows:

President.—Mr. R. D. Coffin, Truro News.

Vice-Pres., N. B.—Mr. H. D. McKinnon, St. John Standard.

Vice-Pres., P. E. I.—Mr. J. R. Burnett, Charlottetown Guardian.

Vice-Pres., N. S.—Mr. D. F. McLean, Port Hood Greeting.

Secy.-Treasurer.—Mr. C. C. Avard, Sackville Tribune.

Executive—The above officers with Messrs. J. C. Keating, Moncton Times; W. H. Dennis, Halifax Herald; J. T. Hawke, Moncton Transcript; J. P. Maloney, Woodstock Press; E. W. McCready, St. John Telegraph; H. B. Onslow, Campbellton Graphic, and Mrs. Fielding, Windsor Tribune.

Mr. Coffin asked that he be excused from accepting office as he was under medical orders not to read or do any kind of work necessitating strain on the eyes. He suggested Mr. J. D. Macdonald, Pictou Advocate in his place. This was agreed to.

Mr. Burnett proposed that his place as Vice-President should be taken by Mr. R. L. Cotton, former president who had now gone to the front to serve the colours. He thought it would be a grateful act on their part and one that would be appreciated were they to elect Mr. Cotton who had taken such an active part in the work of the Association prior to the outbreak of the war. Mr. Hawke seconded this and it was agreed to.

It was pointed out that the Vice-President of the Canadian Association for the Maritime Provinces had been elected by the Association at their annual meeting, and that he ought more properly to be nominated by the local division. Mr. Hawke proposed that Mr. Macdonald, then President, should be the Vice-President and representative on the executite for next year.

Mr. Burnett seconded this and it was unanimously agreed to.

President Elliott and Chairman Sayles delivered inspiring and practical addresses on the newspaper calling.

A great deal of ordinary business was then transacted, and it was agreed that the next annual meeting should be held at Moncton and include a visit to Prince Edward Island by the Car Ferry. It was also decided to extend an intitation to the Canadian Press Association, to hold a meeting in the Maritime Provinces.

The proceedings terminated with votes of thanks to President Elliot and Chairman Sayles for their visit and the excellent addresses they had delivered.
