"My clothes used to be yellow - now they are snowy white"

"I always had trouble with my clothes--they used to come out so yellow. Then a friend told me about Rinso. I found it makes a wonderful soap solution. This removed every bit of dirt and then it all rinsed out completely. There was nothing left to yellow the clothes--as there was no soap to stick--it was all dissolved. "I am now delighted with my wash--my clothes are always snowy white."

Just shake some Rinso into a suds-pail, add hot water, and you'll get the wonderful spongy solution that is the only soap you need for your set tubs, your boiler, your washing machine. Rinso soaks dirt out.
