## The Search for the Green

Hello again Congratulations are extended to those of you fortunate to receive monies from the UPEI Awards Competition (February 17th was the deadline date for those awards.) If you won one of them, then consider sending a thank you note to the selection committee involved % of the Registrar's Office.

Students considering graduate school need apply for scholarships and bursaries by obtaining forms from the files at the Department of Students Services, or through direct contact with the university involved.

Also, before I list the upcoming undergraduate awards I would like to congratulate the candidates of the recent Student Union election. I want to commend out athletes involved with the latest competitions as well. Dedication from both these groups of students is certainly appreciated by the student body. Well done!

The following awards are available:

- 1) Bachelor of Education Scholarship Available for Islanders : Mount Saint Vincent University.
- 2) Embassy of Italy
- 3) Orville Erikson Memorial Scholarship Fund
- 4) Harvey Moore Wildlife Fund Scholarship
- 5) Natural Sciences and Engineering Research Council of Canada (NSERC)
- 6) Petro Canada for Native Students
- 7) Physiotherapy Bursary
- 8) The Protestant Children's Fund
- 9) The Soil and Water Conservation Society Scholarships in Conservation

You can get more information on these, as well as other awards at Student Services.

Have a good week, and of course, remember that the search for the green begins with you.
