

INTERNATIONAL HARVESTER SYMBOL of PROGRESS on the FARM!

HERE IT IS!

THE 40 B.H.P. INTERNATIONAL B-414

4 PLOW IH BRITISH-BUILT DIESEL!
 Sit on it! Try it! Count features! Add up the advantages! Everything about the B-414 says "It's you!" Two pto speeds... 10 ground speeds... Touch hydraulics for control unlimited... Stressless comfort, convenience, economy AND BIG OUTPUT! For the full story, come try the famous B-275's big brother.

NEW from INTERNATIONAL HARVESTER...

A full line of tough, tractor-matched LOADERS!

Now you can team International® tractor durability and operating economy with IH-built front-end loaders of advanced, low-cost design. Main frame and lift arms are of all-welded, box-type construction for maximum durability. Hydraulic cylinders are IH-built to heavy-duty standards, with super-tough Teflon piston rings and seals for reduced leakage and longer life. Hydraulic lines of high-strength, seamless alloy steel tubing reduce downtime due to hose failure. See how you can save money when buying, cut maintenance costs to a new low with an International loader. See us for details!

Buckets are extra tough and heavily reinforced to resist bending and ripping.

TOTALLY NEW following five year's research and testing

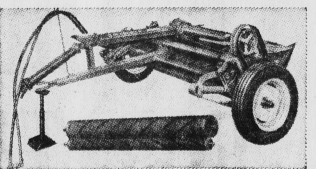

REVOLUTIONARY McCORMICK NO. 10 DRILL

New 4-IN-1 Design

1. Biggest seed hopper on the market.
2. Exclusive new hinged-bottom fertilizer hopper - cleaned in minutes.
3. Exclusive seeder that handles broom and simple seeds accurately.
4. Standard grass seeder for hand or broadcast seeding.

This drill out-dates all others. Raises seeding efficiency to where it belongs. You'll see the difference when the crop comes up! Exclusive wide-throat feed cups and sintered-metal fluted rolls never rust - neoprene delivery tubes can't corrode. Don't buy any drill 'til you've seen the all-new No. 10. Makes every competitive drill a back number!

TRY THE HAY CONDITIONER with exclusive RUBBER ROLLS

McCORMICK No. 2A

- Big capacity conditions swath up to 7 feet wide
- On-the-go hydraulic control
- Spiral-groove rolls lift hay gently
- Shock-absorbing rubber rolls reduce vibration
- Strong, tubular frame, simple direct drive

Exclusive self-cleaning McCormick rubber rolls are the answer! They crush stems gently, completely, uniformly. Work right behind the mower if you wish. No danger of leaf damage, no separate pick-up needed. Stems of your hay crop cure as fast as the leaves - curing time is cut in half. Come in - find out how the new McCormick hay conditioner can save more, better quality hay.

NOW SIX NEW MANURE SPREADERS

to match your farm, herd, and tractor power

New 103 (shown above) with exclusive IH Bear Claw single beater that tears, shreds, and widenspreads... throws low, wide finely-shredded blanket. New V-belt drive delivers PTO power smoothly, quietly. Low sides and no-arch design speed loading. Ruggedly-built to take 100-bu loads, the 103 has all-steel sides, tough wood floor, extra-long-life apron chain... yet it's priced low!

Plus 5 other PTO and ground drive models from 75 to 150 bu, with paddles or apron widespread... all built for fast, efficient big-load spreading in all conditions. Wood bottom and steel-flared wood sides are Penta-treated for long life. New apron chains stand up under repeated heavy loads. Built low with no upper arch for easy loading. Choose the one that's sized right and priced right for you.
