

**Mens' Cork Sole Boots at \$1.47**

We have placed a case of men's Cork Sole Boots in our window—we wish to clear them out quick. They are a good looking strong boot and well made, but a little too wide in toe for some customers.—This week we sell them at

**\$1.47**

If that don't sell them we know nothing about shoes—Why! The leather is worth that alone.

**DON'T MISS THEM.**—The Montreal Weekly Star and the WEEKLY EXAMINER both papers from now until the end of the year for 20 cents.

**TURNIPS FOR BOSTON.**—Turnips are being sent forward from St. Andrew's, N.B., to Boston in large quantities. The farmers are only getting 35 cents a bushel for them.

**FREAK OF NATURE.**—A freak of nature has been sent to us by Elliot Murchie, of Carleton county. It is in the form of an apple in one side of which a cranberry has found lodgment and grown.—St. Stephen Courier.

**ENCOURAGING ENTERPRISE.**—It is said that the Belleville, Ont., City Council will submit a by-law granting \$25,000 and a free site to the Belleville Brussels and Wilton Carpet Company, with provision for \$5000 more for each additional 100 hands employed up to 300.

**AN OLD COIN.**—The Herald was shown yesterday an old coin which was found deep in the ground by Mr. W. McInnis, of South Bar, while digging. It is wonderfully well preserved, and can easily be distinguished as a Spanish piece of money which bears the date of 1768.—N. Sydney Herald.

**VERY OLD MAN.**—Middle River boasts of having the oldest person in the Island of Cape Breton, if not in the whole province. Mr. Angus Campbell was born in the year 1795—which makes him of the venerable age of 103 years. Thus he has seen two centuries, and if he lives two years longer he will have seen three centuries. Quite an exceptional case.—Baddeck Telephone.

**THE WEEKLY STAR.**—We have already had evidence of the popularity of our offer the Montreal Family Herald and Weekly Star together with THE WEEKLY EXAMINER, both papers from now until the end of the year for only twenty cents. Subscribers should apply at once as the offer will be withdrawn after the 10th of October. The papers will be sent to any address in Canada or the United States for the same price. A splendid chance to send them to friends abroad.

**WARREN GUY DISTANCED.**—The distancing of the favorite Warren Guy in the 2.12 trot was one of the sensational features at the racing at the Granite State Park, Dover, N. H., last week. On the strength of his easy victory at Readville when Billy O'Neil drove him, Warren Guy was a strong favorite. Lydiard was up behind him, and a bad break at the quarter put Warren Guy a distance out in the first heat and just as lost ground was being rapidly made up, another bad break put him out of the race.

**PORK PACKING INDUSTRY**

An Old Acquaintance Bobs Up at Guelph, Ont.

(Guelph Mercury, Sept. 27)

Mr. Geo. Lees, Chicago, an old Guelph man, who was in the pork business here some twenty years ago, was in the city today. He came from Prince Edward Island, where he has been overseeing the erection of a pork packing house, the largest and most complete in the Dominion. The main building is 250 feet long, 80 feet wide, and the machinery house 100 feet long and 56 feet wide. The capacity is 1,000 hogs a day.

Mr. Lees, hearing that there was a likelihood of a packing house being built here, stayed over on his way home, not only to learn something regarding the pork packing industries, but to renew old acquaintances. He was welcomed by Mayor Hewer, whom Mr. Lees knew when a child, and a whole lot of other friends.

With regard to the pork packing industry in Guelph, Mr. Lees says that it is necessary for Guelph and the farmers in the vicinity within a radius of forty miles to have a pork packing factory. "It is one of the most promising industries for the present and future," remarked Mr. Lees, "and ought to have every encouragement from the city and the farmers. I know," he continued, "that in Wellington you have the best country for raising hogs and cattle that there is in this Province. Your farmers know how to raise stock, and they have gained for themselves a name in this line, which we hear all over the States."

Mr. Lees came to Guelph in 1868, and left in 1879. Since then his business has been superintending the largest packing houses in the United States, and erecting plants for packing houses. He claims to be the oldest packer in the United States, and shipped in 1858 the first meat that was exported from New York to Liverpool, England. He is also the patentee of most of the machinery that is used in the United States.

In view of the herculean efforts which now appear to be necessary to draw attention to the millinery displays, we have been seriously thinking of calling for Sousa's or Dan Godfrey's band, but find that Miss Murphy and her staff are as popular as ever, and that they have all they can attend to. On some account our millinery goods were delayed, but will be here and ready for your inspection on Monday, when we will show the very latest millinery trimmings and ornaments. Miss Murphy, who has been absent visiting the millinery displays, has returned with the latest millinery ideas, and will please you as before. Don't forget; all our millinery goods will be ready on Monday—W A Weeks & Co.
