Artificial Teeth on Metal Plates. A dentist who knows his business, and one that has any regard for his patients will always advise them to have a metal plate. PROF. MELVILLE B. BUCKLEY, Instructor Boston Dental College, Boston Mass. In view of the vast amount of injury done to the mouths of wearers of rubber or vulcanite plates, by the retention of undue heat, owing to the non-conductibility of rubber, and as aluminum is now so cheaply produced, and making as it does a rigid, light, clean, unobjectionable plate there seems to reason why any person should wear a rubber or vulcanite plate. Not only this, but better results in fit and adhesion are obtained in difficult cases, than in the use of rubber. L. P. E. and L. D. S. Chicago Dental School. The above quotations are from hundreds of eminent dentists whose close observation in many years experience in plate work has learned them the many advantages of metal over rubber. Many persons who are compelled to wear artificial teeth on a plate find that the ordinary plate causes heating of the mouth, bad taste, shrinkage of the gums, etc., finally causing the plate to get loose, sometimes sore lips, sore mouths and sore throats, and caused directly from the wearing of an ordinary plate. We recommend a metal plate either of Gold, Platinum, Aluminum. It is a conductor of heat and cold, it is non-irritating, and is thinner, lighter, and stronger than any other plate. We have testimonials from persons for whom we have made metal plates—not one would wear an ordinary plate again. You can have your impression taken, and a metal plate made same day, fully guaranteed because we make them ourselves, and know all about the material used. Call and see specimens of our work. Every piece of work done by us must give entire satisfaction to the patient, else we will not allow it to leave our office. See our artificial teeth without plates. The Great Eastern Tea

The Presbyterian congregation of East St. Peter's has completed arrangements for "A Great Eastern Tea" at Head of St. Peter's Bay, on Monday, 21st inst. As this is likely to be the last outing for the season, the committee guarantees to spare no time or expense in making the day an enjoyable one for all.

We have secured, at a large expense, great attractions, among them being Martini's Celebrated Steam Gallery and Merry-go-round, and caliope playing a number of modern airs, all combined making the greatest and most innocent amusement of the present age for all classes of people.

There will also be a first class band in attendance. Should the day prove unprofitable, tea will take place on Wednesday following. A special train will leave Charlottetown at 7.15 standard, arriving at St. Peter's at 9.20. Fare from Ch'town and return 75c and a corresponding low rate from all intermediate stations. A special train will also leave Souris at 10.50 standard, arriving at St. Peter's 11.40. Return fare 45c. The invitation is for all to spend a few hours at the Bay, which is, beyond a doubt without a rival as a place of attraction, in the Lower Provinces. D. A. LAWSON, Secretary. Road from 10th to 19th—2wkly.
